*5702-5798 Rupert Street*

*By-law No. 3712*

*(Being a By-law to Amend By-law 3575, being the Zoning and Development By-law)*

**Effective July 8, 1958**

*(Amended up to and including By-law No. 8169, dated March 14, 2000)*

1 *[Section 1 is not reprinted here. It contains a standard clause amending Schedule D (Zoning District Plan) to reflect this rezoning to CD-1.]*

2 *[Section 2 is not reprinted here. It contains a standard clause including the Mayor and City Clerk's signatures to pass the by-law and to certify the by-law number and date of enactment.]*

1 **Application**  
The provisions of this By-law apply to that area of land zoned CD-1 By-law No. 3712. [6677; 90 0612]

2 **Uses**  
The only uses permitted within the area shown included within the heavy black outline on Schedule D of By-law No. 3712, subject to the regulations herein and to such conditions as Council may by resolution prescribe, and the only uses for which development permits will be issued are:

- (a) multiple dwellings containing a maximum of 58 dwelling units all of which must be eligible for Government funding; and
- (b) accessory uses and buildings customarily ancillary to the above. [6677; 90 06 12]

3 **Floor Space Ratio**  
The floor space ratio, computed in accordance with the applicable provisions of the RM-4 and RM-4N Districts Schedule, shall not exceed 0.67. [6677; 90 06 12]

3.1 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000. [8169; 00 03 14]

4 **Height**  
The maximum building height measured above the base surface shall be the lesser of 9.0 m (29.53 ft.) or two storeys. [6677; 90 06 12]

5 **Setbacks**  
The minimum setback of the principal buildings from property boundaries shall be as follows:  
4.6 m (15.09 ft.) from the north and south property lines; and  
7.4 m (24.28 ft.) from the east and west property lines. [6677; 90 06 12]

6 **Site Coverage**  
The maximum site coverage for all buildings, measured in accordance with the RM-4 and RM-4N Districts Schedule, shall be 38 percent of the site area. [6677; 90 06 12]

7 **Off-street Parking And Loading**  
Off-street parking and loading shall be provided, developed and maintained in accordance with the applicable provisions of the Parking By-law, except that a minimum of 22 parking spaces shall be provided. [6677; 90 06 12]

**Note:** *Information included in square brackets [ ] identifies the by-law numbers and dates for the amendments to By-law No. 3712 or provides an explanatory note.*

8 **Acoustics**

All development permit applications shall require evidence in the form of a report prepared by a person trained in acoustics and current techniques of noise measurement demonstrating that the noise levels in those portions of the dwelling units listed below shall not exceed the noise level set opposite such portions. For the purposes of this section the noise level is the A-weighted 24-hour equivalent (Leq) sound level and will be defined simply as noise level in decibels.

3. E/s RUPERT STREET BETWEEN 41ST AND  
43RD AVENUES

Moved by Ald. Sprott,

THAT consideration be given to the application of Mr. A. D. Bell-Irving on behalf of the B. C. Corps of Commissionaires for the rezoning of Lots 1-18, Block 15, D.L. 50 situated on the east side of Rupert Street, between 41st and 43rd Avenues,

from: RS-1 One Family Dwelling District  
to: CD-1 Comprehensive Development District

subject to prior compliance by the owners to the following conditions:

That lots 1-18, Blk. 15, D.L. 50, first be consolidated into one parcel and so registered in the Land Registry Office, after dedications for the widening of Rupert Street and 43rd Avenue;

That the owners of the property first enter into an Agreement with the City satisfactory to the Corporation Counsel, guaranteeing that the dwellings will be completed, used, operated and maintained in accordance with the sketch plan submitted dated March 7, 1958, with the final detailed plans not to be materially different from the sketch plans submitted and to be approved first by the Technical Planning Board;

All other conditions of Council to be finalized prior to issuance of the Development Permit;

and on the understanding that the representative of the adjacent owners, in this instance being Mr. N. Brooks of 5781 Lancaster Street, delegated by the owners who were present at the Hearing this date, is afforded an opportunity by the Corporation Counsel to peruse the relative Agreement prior to its execution.

SPECIAL COUNCIL MEETING

A Special Meeting of the Council of the City of Vancouver was held on Thursday, February 15, 1990, in the Council Chamber, Third Floor, City Hall, at approximately 7:30 p.m., for the purpose of holding a Public Hearing to amend the Zoning & Development By-law.

PRESENT: Mayor Campbell  
Aldermen Baker, Bellamy, Davies,  
Owen, Price, Puil,  
Rankin, Taylor and  
Wilking

ABSENT: Alderman Eriksen

CLERK TO THE COUNCIL: D. Back

COMMITTEE OF THE WHOLE

MOVED by Ald. Owen,  
SECONDED by Ald. Wilking,

THAT this Council resolve itself into Committee of the Whole, Mayor Campbell in the Chair, to consider proposed amendments to the Zoning & Development By-law.

- CARRIED UNANIMOUSLY

1. Rezoning: Sunset Sub Areas 1 to 8

An application of the Director of Planning was considered as follows:

REZONING: LOCATION - Sunset Sub Areas 1 to 8

Present Zoning: RS-1 One-Family Dwelling District  
Proposed Zoning: RS-1S One-Family Dwelling District

- (i) If approved, Sunset Sub Areas 1 to 8 (as shown in the Manager's Report dated December 27, 1989) would be rezoned to RS-1S. The zoning would permit, subject to conditions, a two-unit multiple conversion dwelling or a two-family dwelling (permanent secondary suite) in addition to uses allowed in the RS-1 District.
- (ii) Any consequential amendments.

The Director of Planning recommended approval.

Mr. D. Thomsett, Planner, reviewed the application and advised that the residents in the affected areas are generally very supportive of the proposed rezoning. Approximately 44% of the households have secondary suites. The questions which were raised at the three public information meetings were of a technical nature or requiring clarification on the proposal. Of the 38% of the residents who responded to the survey, the majority supported Option B to rezone the area to RS-1S to permit one suite per house.

Cont'd

Rezoning: 000 to 300 Blocks West 10th Avenue (cont'd)

MOVED by Ald. Davies,  
THAT Council defer decision on this item until Tuesday, February 20, 1990.

- LOST

(Aldermen Baker, Bellamy, Owen, Price, Puil, Taylor,  
Wilking and the Mayor opposed)

MOVED by Ald. Bellamy,  
THAT the application of the Director of Planning be approved,  
together with the design guidelines.

- CARRIED UNANIMOUSLY

3. Text Amendment: 5740 Rupert Street

An application of Hamilton Doyle Architects was considered as follows:

TEXT AMENDMENT: LOCATION - 5740 Rupert Street (Lot A, Block 15, D.L. 50, Plan 9920)

Present Zoning: CD-1 Comprehensive Development District  
Proposed Zoning: CD-1 Amended

- (i) If approved, the amendment to CD-1 By-law No. 3712 would permit the use and development of the site generally as follows:
  - multiple dwellings containing a maximum of 58 dwelling units, all of which units shall be eligible for government funding;
  - accessory uses and buildings;
  - maximum floor space ratio of 0.67;
  - maximum height of 9.0 m (29.53 ft.) or two storeys;
  - acoustical provisions; and
  - provisions for off-street parking and loading.
- (ii) Any consequential amendments.

The Director of Planning recommended approval, subject to the following conditions proposed for adoption by resolution of Council:

- (a) That the proposed form of development be approved in principle, generally as prepared by Hamilton Doyle Architects and stamped "Received City Planning Department - December 6, 1989", provided that the Director of Planning may allow minor alterations to this form of development when approving the detailed scheme of development as outlined in resolution (b) below.
- (b) That, prior to the enactment of the amending CD-1 by-law, the detailed scheme of development in a development permit application be approved by the Director of Planning, having particular regard to the following items, as outlined in the City Manager's report dated January 5, 1990:
  - (i) provision of parking in two on-grade or underground locations, central to each complex, and provision of a convenient drop-off and loading area for seniors, requiring only one curb crossing; and
  - (ii) improvements in amenity and open spaces.

Cont'd

Text Amendment: 5740 Rupert Street (cont'd)

- (c) That, prior to enactment of the amending CD-1 by-law, the registered property owner shall, at no cost to the City:
  - (i) enter into an agreement, satisfactory to the City Engineer, to ensure provision of underground hydro services.

Ms. L. Hartley, Planner, reviewed the application and advised the proposed amendment to CD-1 By-law No. 3712 would permit construction of two 2-storey residential complexes, consisting of a 36-unit seniors complex and a 22-unit family complex. All units would be eligible for government funding. The Director of Planning supports the proposed use and density, while the Director of Social Planning has some concerns about the form of development, lack of open space and location of amenities. The City Engineer does not support the proposed porte-cochere, but would permit one curb crossing on Rupert Street if it facilitated passenger loading and access to a seniors parking area. The application is being recommended for approval subject to further design development at the development permit stage.

The Mayor called for speakers for and against the application, and the following delegations were heard:

Mr. D. Anderson, President, Coleopy Park Developments, advised the site was acquired in 1958, and the nine bungalows on the site are slowly deteriorating. Three years ago, a decision was made to redevelop the site, and all tenants were notified of this intention. The units are now all vacant and the tenants have found alternate accommodation. Many of these individuals wish to return to the new building when it is completed. Mr. Anderson advised that it is hoped the existing buildings can be demolished as soon as possible, and enquired regarding the demolition fee which would be applicable.

Mr. J. Sidhu, 5777 Rupert Street, spoke against the application as he felt the existing units are in good condition and do not warrant demolition at this time. The tenants did not willingly relocate, but were strongly encouraged to do so.

Mr. G. Hamilton, Hamilton Doyle Architects, stated the purpose of the project is to provide more housing units on the site. Mr. Hamilton requested Council to consider, in a motion to approve the project, inclusion of the following:

- that surface parking between the two buildings is satisfactory.
- that two curb crossings on Rupert Street be permitted between 41st and 43rd Avenues.
- that the amenity space proposed by the applicant is acceptable.

Ms. Hartley responded to some of the issues raised, and advised that while ample notice was provided to the tenants concerning the anticipated redevelopment of property, they were assured that nothing would happen for at least six months from the time of notification. Ms. Hartley noted that CMHC has made some concessions to allow all former tenants to return to the new units regardless of the normal entrance requirements. In regard to the existing bungalows, the Special Council Committee on Seniors had a meeting approximately eight months ago, reviewed the merit of retaining the existing units, and agreed this was not feasible. It is generally agreed there are problems with the upkeep of the existing structures, which are not in good repair, and it is desirable the units be replaced. The surface parking proposed by the applicant is satisfactory, and efforts will be made to achieve more open space. While the applicant has requested two curb crossings, only one is being recommended.

Cont'd

Text Amendment: 5740 Rupert Street (cont'd)

Mr. R. Scobie, Associate Director - Zoning Division, advised that while the City Engineer has recommended only one curb crossing be permitted and this has been made a condition of development, the Planning Department would not be opposed to some flexibility being provided in this regard.

MOVED by Ald. Wilking,

THAT the application of Hamilton Doyle Architects be approved, subject to the conditions as listed in this Minute of the Public Hearing, which are to be amended to permit two curb crossings.

- CARRIED UNANIMOUSLY

4. Text Amendment: Height Relaxations

An application of the Director of Planning was considered as follows:

TEXT AMENDMENT: Height Relaxations

- (i) If approved, the proposed amendments to Section 10 of the Zoning and Development By-law would allow for relaxation of building height restrictions, to allow decorative roofs on buildings over 30.48 m (100 ft.) in height.
- (ii) Any consequential amendments.

Mr. R. Scobie, Associate Director - Zoning Division, provided a brief review of the application.

The Mayor called for speakers for and against the application and no one appeared.

MOVED by Ald. Bellamy,

THAT the application of the Director of Planning be approved.

- CARRIED UNANIMOUSLY

RISE FROM COMMITTEE OF THE WHOLE

MOVED by Ald. Puil,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

ADOPT REPORT OF THE COMMITTEE OF THE WHOLE

MOVED by Ald. Bellamy,

SECONDED by Ald. Owen,

THAT the report of the Committee of the Whole be adopted and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

2. Balcony Enclosures and Acoustic Requirements

An application by the Director of Land Use and Development was considered as follows:

The proposed amendments to various zoning District Schedules, Official Development Plans and CD-1 Comprehensive Development District By-laws, would either:

- not allow any of the permitted residential floor area to be excluded from Floor Space Ratio (FSR) for enclosed balconies except in buildings existing prior to April 23, 1985 in which case the present regulations would apply;

MOVED by Cllr. Kennedy,

THAT the City continue to permit a maximum of eight percent of permitted residential floor area to be excluded from Floor Space Ratio (FSR) for balconies, but to permit no more than half of excluded floor area to be enclosed;

FURTHER THAT the requirement that thresholds be included in enclosed balconies be removed.

- CARRIED

(Councillors Chiavario, Kwan and Price opposed)

MOVED by Cllr. Kennedy,

THAT those District Schedules and CD-1 by-laws containing an acoustic regulation be amended, to delete the acoustic requirement for on-site open space (i.e., balconies, terraces, patios, etc.), generally as outlined in Appendix A of the Policy Report dated June 6, 1995.

- CARRIED

(Councillor Sullivan opposed)

MOVED by Cllr. Kennedy,

THAT the Balcony Enclosure Guidelines and Policies, amended as noted in Appendix B of the Policy Report dated June 6, 1995, to reflect more practical utilization by residents, be approved.

- CARRIED UNANIMOUSLY

MOVED by Cllr. Kennedy,

THAT Council advise the Planning Department that it supports "French Balconies" where appropriate and that language be incorporated in the balcony regulations and/or guidelines that would encourage their provision.

19. This By-law comes into force and takes effect on the date of its passing.

DONE AND PASSED in open Council this 11<sup>th</sup> day of  
January , 1996.

"(signed) Jennifer Clarke"  
Deputy Mayor

"(signed) Maria C. Kinsella"  
City Clerk

"I hereby certify that the foregoing is a correct copy of a By-law passed by the Council of the City of Vancouver on the 11th day of January 1996, and numbered 7515.

CITY CLERK"

Clause 1(a) and (b) (cont'd)

This development is also in keeping with Council's strategy of reducing traffic congestion by encouraging residential development in this area and reducing commuters. The application also provides for a substantial amount of bicycle parking within the new residential complex.

Staff Closing Comments

Staff offered no additional comments.

Council Decision

Prior to making a decision, several members of Council expressed the view that staff need to reconsider their approach when notifying residents about rezoning applications, as well as other City-related issues. Members of Council also referred to a previously requested report on waterfront tower height and Council expressed a desire to see this report as soon as possible.

MOVED by Cllr. Bellamy,

THAT this application be approved, subject to the conditions as set out in this minute of the Public Hearing.

- CARRIED UNANIMOUSLY

MOVED by Cllr. Price,

THAT the City Manager ensure that when the anticipated report from the Housing Centre on housing affordability comes back, it deals with the issues related to Triangle West and new neighbourhoods.

2. Balcony Enclosures and Acoustic Requirements

An application by the Director of Land Use and Development was considered as follows:

The proposed amendments to various zoning District Schedules, Official Development Plans and CD-1 Comprehensive Development District By-laws, would either:

- not allow any of the permitted residential floor area to be excluded from Floor Space Ratio (FSR) for enclosed balconies except in buildings existing prior to April 23, 1985 in which case the present regulations would apply; or

cont'd....

Clause No. 2 (cont'd)

- continue to permit a maximum of 8 percent of permitted residential floor area to be excluded form Floor Space Ratio (FSR) for balconies BUT to permit no more than half of excluded floor area to be enclosed; or
- permit no more than 8 percent of permitted residential floor area to be excluded from Floor Space Ratio (FSR) for enclosed balconies.

The proposed acoustic amendments would delete the acoustic requirement for balconies, terraces, patios, etc.

Amended Balcony Enclosure Guidelines and Policies are also proposed.

The Director of Land Use and Development recommended approval of this application.

Staff Opening Comments

Mr. Ralph Segal, Planner, provided background on this issue and introduced the options before Council this evening.

In 1964, in order to improve livability in higher density multiple dwelling developments, open balconies were excluded from FSR to a maximum of eight percent of residential floor area. In the early 1980s, the City received numerous requests from owners of units in existing buildings to enclose their balconies for reasons of poor insulation and acoustics, air drafts and other interior problems. In response, Council in 1985 adopted balcony enclosure guidelines by which enclosed balconies would continue to be excluded from FSR.

Subsequently, in response to the development industry's request for equity, Council permitted this exclusion to apply to new construction, subject to adherence to the guidelines. Since then, new buildings have, to an increasing degree, incorporated enclosed balconies as additional interior space displacing the private open space, the open balconies, for which the FSR exclusion had been originally provided.

Since enclosed balcony space has been successfully marketed at the full per square foot price of the rest of the dwelling unit, many developers have been more and more aggressive in seeking the full eight percent exclusion for enclosed balconies. This differs from a mix of open and enclosed balconies that were anticipated when the exclusion was first put in place.

cont'd....

Clause No. 2 (cont'd)

With the aid of photographs distributed to Council (on file in the City Clerk's Office), Mr. Segal explained that enclosure of most or all balconies bulks up buildings by filling in the volumes of open balconies and intends to create less residential, more office-like buildings. Exclusions from FSR are usually given to encourage developers to provide facilities that are considered important for livability but would likely not be provided without that incentive. In this case, bonuses are being permitted when they the negative affect of displacing the private open space for which the FSR exclusion was intended.

Recommendation A1 would eliminate the FSR exclusion for enclosed balconies except in the buildings existing prior to 1985, as per the original intent of the balcony enclosure provisions. Alternatively, should Council consider that enclosed balconies do have merit, A2 is offered which states that no more than half of the excluded balcony area may be enclosed. The third option, A3 is to simply allow outright the full eight percent exclusion to be enclosed.

This application also proposes an acoustic amendment. At present, acoustic requirements in many district schedules and CD-1 by-laws apply to standards in both rooms within the unit as well as exterior balconies and patios. As the current standard often requires balconies to be enclosed, even when this is not desired, the proposed amendment will delete this requirement. Mr. Segal also explained that amendments are proposed to the balcony enclosure guidelines which would delete provisions calling for easy conversion of enclosed balconies back to open balconies, as well as adding several additional clauses which will clarify the design intent in new construction.

Responding to a question from a member of Council, Mr. Segal advised of an error in the memorandum dated July 18, 1995 from the City Clerk, which referred this matter to Public Hearing. Recommendation A1 makes reference to excluding floor space ratio for enclosed balconies except in buildings existing prior to April 23, 1995. This should read April 23, 1985.

A member of Council enquired whether these guidelines would permit a style of balcony sometimes referred to a french balconies. Mr. Segal advised this style would not be permitted under the proposed guidelines.

Council members also enquired whether thresholds will still be required between the interior unit and the closed balconies. It was confirmed the proposed guidelines still contain this threshold requirement.

Clause No. 2 (cont'd)

Correspondence

All correspondence received prior to this matter being referred to Public Hearing was included as Appendix E in the Council report. One additional letter stressing the need for more open balconies in Vancouver and another favouring option A2, were also received.

Speakers

The Mayor called for speakers for and against the application, and the following addressed Council.

Mr. Hans Schmidt, representing the Society of Soundscape Preservation, expressed concern with the proposed deletion of acoustic requirements, on the grounds that if these requirements are deleted, the City is simply accommodating the noise which exists and not attempting to eliminate or reduce it. A greater emphasis should be directed towards elimination of the source of noise.

Mr. Dugal Purdie, on behalf of the Urban Development Institute (UDI), indicated his support for option A2 as it represents an appropriate compromise. The UDI is strongly opposed to A1 as this would affect proformas upon which construction was predicated upon. Mr. Purdie urged Council to support recommendation A2 with an amendment to exclude the applicability of the guidelines to enclosed space, as the Institute believes the total design of the building should be left with the architects and reviewed through the existing development permit process, without the addition of guidelines.

Mr. Stuart Howard, on behalf of the Architectural Institute of British Columbia (AIBC), lent his support to option A2, as it represents a compromise position. AIBC would ultimately prefer option 5 as stated in its May 30, 1995 brief to Council, but is willing to accept the compromise position. Mr. Howard suggested the Planning Department is naive in its support of option A1 because apartments are now significantly smaller in size and the continued requirement of an open balcony would result in a small, unusable space.

cont'd....

Clause No. 2 (cont'd)

MOVED by Cllr. Kennedy,

THAT the City continue to permit a maximum of eight percent of permitted residential floor area to be excluded from Floor Space Ratio (FSR) for balconies, but to permit no more than half of excluded floor area to be enclosed;

FURTHER THAT the requirement that thresholds be included in enclosed balconies be removed.

- CARRIED

(Councillors Chiavario, Kwan and Price opposed)

MOVED by Cllr. Kennedy,

THAT those District Schedules and CD-1 by-laws containing an acoustic regulation be amended, to delete the acoustic requirement for on-site open space (i.e., balconies, terraces, patios, etc.), generally as outlined in Appendix A of the Policy Report dated June 6, 1995.

- CARRIED

(Councillor Sullivan opposed)

MOVED by Cllr. Kennedy,

THAT the Balcony Enclosure Guidelines and Policies, amended as noted in Appendix B of the Policy Report dated June 6, 1995, to reflect more practical utilization by residents, be approved.

- CARRIED UNANIMOUSLY

MOVED by Cllr. Kennedy,

THAT Council advise the Planning Department that it supports "French Balconies" where appropriate and that language be incorporated in the balcony regulations and/or guidelines that would encourage their provision.

**SPECIAL COUNCIL MEETING MINUTES**

**FEBRUARY 24, 2000**

A Special Meeting of the Council of the City of Vancouver was held on Thursday, February 24, 2000, at 7:35 p.m., in Council Chambers, Third Floor, City Hall, for the purpose of holding a Public Hearing to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

**PRESENT:** Mayor Philip Owen  
 Councillor Fred Bass  
 Councillor Jennifer Clarke  
 Councillor Daniel Lee  
 Councillor Don Lee  
 Councillor Sandy McCormick  
 Councillor Sam Sullivan

**ABSENT:** Councillor Lynne Kennedy  
 Councillor Tim Louis  
 Councillor Gordon Price (Sick Leave)  
 Councillor George Puil (Civic Business)

**CITY CLERK'S OFFICE:** Tarja Tuominen, Meeting Coordinator

**COMMITTEE OF THE WHOLE**

MOVED by Cllr. Don Lee,  
 SECONDED by Cllr. Daniel Lee,

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

- CARRIED UNANIMOUSLY

**1. Text Amendments: District Schedules, Official Development Plans and**

**CD-1 By-laws - Floor Space Exclusions**

### [Barrett Commission]

An application by the Director of Current Planning was considered as follows:

Summary: The proposed text amendments would provide floor space exclusions to provide construction incentives to control building envelope leaks.

The Director of Current Planning recommended approval.

### Staff Comments

Jacqui Forbes-Roberts, General Manager of Community Services, provided a brief introduction to the report, noting the proposed text amendments would affect new construction and repairs and restoration of existing buildings. Ms. Forbes-Roberts also requested an amendment to the proposed draft by-law to amend By-law 3575 to add RS1 to Section 4.7.3, (d).

Doug Watts, Building Envelope Specialist, with the aid of a slide presentation, described the specifics of the technical and different design issues of the proposed amendments, and explained what steps other municipalities have taken to address the recommendations arising from the Barrett Commission.

### Summary of Correspondence

Council was advised the following correspondence was received since the date the application was referred to Public Hearing:

one letter in support of 'Option A'.

### Speakers

Mayor Owen called for speakers for and against the application.

The following spoke in support of 'Option A':

John Fowler, Canadian Precast/Prestressed Concrete Institute  
Bill McEwen, Masonry Institute of British Columbia (brief filed)  
Peter Reese

The foregoing speakers supported 'Option A' based on one or more of the following points:

application of the current FSR calculations has prevented a wide-spread use of precast concrete exterior walls; there have been very few problems with the use of pre-cast concrete, which has proven to be a versatile and durable material;

thicker exterior walls are better walls, because they can include an airspace cavity behind the cladding which provides a "rainscreen" system, more efficient insulation, thicker, more durable cladding materials; current FSR calculations discourage the foregoing;

the proposed changes in FSR definitions will immediately encourage better wall design;

brick and stone-faced walls should be encouraged.

The following generally supported 'Option A' but felt the proposed text amendments should be referred back to staff for further study and discussion with the industry:

John O'Donnell, AIBC  
Stuart Howard, Vancouver Planning Coalition

The following is a summary of the foregoing speakers' comments:

Option 'A' is supported in principle; however the text amendments also should address overhangs, balconies, elevated walkways, yard setbacks, and site coverage; staff should accept the electronic calculation of areas and the calculations of the Architect, given under seal; letters of assurance from a building envelope specialist are redundant at an early stage; the proposed text amendments should cover everything instead of the City issuing administrative bulletins to address further changes.

### **Staff Closing Comments**

Ralph Segal, Planner; Eric Fiss, Planner; and Doug Watts responded to the issues raised by the speakers: the proposed text amendments are the result of a fair bit of consultation with the industry; a building envelope specialist is required to be involved in the process earlier as technical details are to be submitted at the development permit stage; staff are taking a further look at other issues, such as recesses, balconies and walkways.

Ms. Forbes-Roberts advised Council may proceed with the proposed amendments to the floor space exclusions and request staff to come back with additional amendments. Staff and the industry would prefer the FSR exclusions not be delayed.

MOVED by Cllr. Don Lee,

A. THAT the application by the Director of Current Planning to amend various District Schedules, Official Development Plans and CD-1 By-laws to provide floor space exclusions to provide construction incentives to control building envelope leaks be approved.

FURTHER THAT the draft By-law 3575, section 4.7.3, be amended as follows:

(d) as clause (h) in the following district schedules:

*RS-1 and RS-1S RT-4, etc.*

*(Italics denote amendment)*

B. THAT staff report back on other aspects affecting leakage of buildings, such as overhangs, protection of upper balconies, recesses, etc.

- CARRIED UNANIMOUSLY

**RISE FROM COMMITTEE OF THE WHOLE**

MOVED by Cllr. Don Lee,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

**ADOPT REPORT OF COMMITTEE OF THE WHOLE**

MOVED by Cllr. Clarke,  
SECONDED BY Cllr. Don Lee,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

- CARRIED UNANIMOUSLY

The Special Council adjourned at 9:20 p.m.

being By-laws which amended the  
Zoning and Development By-law  
by rezoning areas to CD-1

THE COUNCIL OF THE CITY OF VANCOUVER, in open meeting  
assembled, enacts as follows:

1. By-law No. 3907 is amended in Section 2 by deleting the period from the end  
of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been  
recommended by a Building Envelope Professional as defined in the Building  
By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion  
of 152 mm thickness, except that this clause shall not apply to walls in  
existence prior to March 14, 2000."

2. By-law No. 4412 is amended in Section 2 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

3. By-law No. 5376 is amended in Section 2 by deleting the period from the end of subclause (iii) and substituting it with a semi-colon and by adding the following subclause:

"(iv) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this subclause shall not apply to walls in existence prior to March 14, 2000."

4. By-laws No. 4825 and 6325 are each amended in Section 3 by deleting the period from the end of subclause (ii) and substituting it with a semi-colon and by adding the following subclause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this subclause shall not apply to walls in existence prior to March 14, 2000."

5. By-law No. 5343 is amended in Section 3 by deleting the period from the end of clause (iii) and substituting it with a semi-colon and by adding the following clause:

"(iv) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000"

6. By-laws No. 4775, 4829, 5222, 5224, 5773 and 6039 are each amended in Section 3 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the

Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

7. By-laws No. 4085, 5411, and 5416 are each amended in Section 3 by deleting the period from the end of clause (c) and substituting it with a semi-colon and by adding the following clause:

"(d) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

8. By-law No. 5407 is amended in Section 3 by deleting the period from the end of clause (d) and substituting it with a semi-colon and by adding the following clause:

"(e) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

9. The By-laws listed below are each amended in Section 3 by adding the following section:

"3.1 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

11. By-law No. 6272 is amended in Section 3.1 by deleting the word "and" from the end of subclause (c)(i), by deleting the period from the end of subclause (c)(ii) and substituting it with a semi-colon and by adding the following subclause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

12. By-law No. 4580 is amended in Section 3.2 by deleting the period at the end of the section and substituting it with a semi-colon, by relettering the existing text as clause (a) and by adding the following clause:

"(b) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

13. By-law No. 6884 is amended in Section 3.1 by deleting the word "and" from the end of clause (a), by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

14. By-law No. 5683 is amended in Section 3.2 by deleting the period at the end of this section and substituting it with a semi-colon and by adding the following clause:

"(b) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor

space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

15. By-law No. 8088 is amended in Section 3.2 by adding the following clause:

"(d) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

16. By-law No. 6009 is amended in Section 3.2 by deleting the period at the end of subclause (e)(vii) and substituting it with a semi-colon and by adding the following clause:

"(f) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

17. By-law No. 4677 is amended in Section 3.2 by deleting the period at the end of clause (f) and substituting it with a semi-colon and by adding the following clause:

"(g) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."
