"I hereby certify that the foregoing is a correct copy of a By-law passed by the Council of the City of Vancouver on the 30th day of November 1999, and numbered 8125.

CITY CLERK"

**CITY OF VANCOUVER**

**SPECIAL COUNCIL MEETING MINUTES**

**FEBRUARY 24, 2000**

A Special Meeting of the Council of the City of Vancouver was held on Thursday, February 24, 2000, at 7:35 p.m., in Council Chambers, Third Floor, City Hall, for the purpose of holding a Public Hearing to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

**PRESENT:** Mayor Philip Owen  
 Councillor Fred Bass  
 Councillor Jennifer Clarke  
 Councillor Daniel Lee  
 Councillor Don Lee  
 Councillor Sandy McCormick  
 Councillor Sam Sullivan

**ABSENT:** Councillor Lynne Kennedy  
 Councillor Tim Louis  
 Councillor Gordon Price (Sick Leave)  
 Councillor George Puil (Civic Business)

**CITY CLERK'S OFFICE:** Tarja Tuominen, Meeting Coordinator

**COMMITTEE OF THE WHOLE**

MOVED by Cllr. Don Lee,  
 SECONDED by Cllr. Daniel Lee,

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

- CARRIED UNANIMOUSLY

**1. Text Amendments: District Schedules, Official Development Plans and**

**CD-1 By-laws - Floor Space Exclusions**

**[Barrett Commission]**

An application by the Director of Current Planning was considered as follows:

Summary: The proposed text amendments would provide floor space exclusions to provide construction incentives to control building envelope leaks.

The Director of Current Planning recommended approval.

**Staff Comments**

Jacqui Forbes-Roberts, General Manager of Community Services, provided a brief introduction to the report, noting the proposed text amendments would affect new construction and repairs and restoration of existing buildings. Ms. Forbes-Roberts also requested an amendment to the proposed draft by-law to amend By-law 3575 to add RS1 to Section 4.7.3, (d).

Doug Watts, Building Envelope Specialist, with the aid of a slide presentation, described the specifics of the technical and different design issues of the proposed amendments, and explained what steps other municipalities have taken to address the recommendations arising from the Barrett Commission.

**Summary of Correspondence**

Council was advised the following correspondence was received since the date the application was referred to Public Hearing:

one letter in support of 'Option A'.

**Speakers**

Mayor Owen called for speakers for and against the application.

The following spoke in support of 'Option A':

John Fowler, Canadian Precast/Prestressed Concrete Institute  
Bill McEwen, Masonry Institute of British Columbia (brief filed)  
Peter Reese

The foregoing speakers supported 'Option A' based on one or more of the following points:

application of the current FSR calculations has prevented a wide-spread use of precast concrete exterior walls; there have been very few problems with the use of pre-cast concrete, which has proven to be a versatile and durable material;

thicker exterior walls are better walls, because they can include an airspace cavity behind the cladding which provides a "rainscreen" system, more efficient insulation, thicker, more durable cladding materials; current FSR calculations discourage the foregoing;

the proposed changes in FSR definitions will immediately encourage better wall design;

brick and stone-faced walls should be encouraged.

The following generally supported 'Option A' but felt the proposed text amendments should be referred back to staff for further study and discussion with the industry:

John O'Donnell, AIBC  
Stuart Howard, Vancouver Planning Coalition

The following is a summary of the foregoing speakers' comments:

Option 'A' is supported in principle; however the text amendments also should address overhangs, balconies, elevated walkways, yard setbacks, and site coverage;  
staff should accept the electronic calculation of areas and the calculations of the Architect, given under seal;  
letters of assurance from a building envelope specialist are redundant at an early stage;  
the proposed text amendments should cover everything instead of the City issuing administrative bulletins to address further changes.

### **Staff Closing Comments**

Ralph Segal, Planner; Eric Fiss, Planner; and Doug Watts responded to the issues raised by the speakers: the proposed text amendments are the result of a fair bit of consultation with the industry; a building envelope specialist is required to be involved in the process earlier as technical details are to be submitted at the development permit stage; staff are taking a further look at other issues, such as recesses, balconies and walkways.

Ms. Forbes-Roberts advised Council may proceed with the proposed amendments to the floor space exclusions and request staff to come back with additional amendments. Staff and the industry would prefer the FSR exclusions not be delayed.

MOVED by Cllr. Don Lee,

A. THAT the application by the Director of Current Planning to amend various District Schedules, Official Development Plans and CD-1 By-laws to provide floor space exclusions to provide construction incentives to control building envelope leaks be approved.

FURTHER THAT the draft By-law 3575, section 4.7.3, be amended as follows:

(d) as clause (h) in the following district schedules:

*RS-1 and RS-1S RT-4, etc.*

*(Italics denote amendment)*

B. THAT staff report back on other aspects affecting leakage of buildings, such as overhangs, protection of upper balconies, recesses, etc.

- CARRIED UNANIMOUSLY

**RISE FROM COMMITTEE OF THE WHOLE**

MOVED by Cllr. Don Lee,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

**ADOPT REPORT OF COMMITTEE OF THE WHOLE**

MOVED by Cllr. Clarke,  
SECONDED BY Cllr. Don Lee,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

- CARRIED UNANIMOUSLY

The Special Council adjourned at 9:20 p.m.

## ADMINISTRATIVE REPORT

Date: March 13, 2000  
Author/Local: M.Cho/6496  
RTS No. 01347  
CC File No. 2605

Council: March 28, 2000

TO: Vancouver City Council  
FROM: Director of Current Planning  
SUBJECT: Form of Development: 2720 East 48th Avenue  
Owner of Development: Fair Haven United Church Homes

### RECOMMENDATION

***THAT the form of development for the CD-1 zoned site known as 2720 East 48th Avenue be approved generally as illustrated in the Development Application Number DE404733, prepared by DGBK Architects and stamped "Received, City Planning Department December 17, 1999", provided that the Director of Planning may impose conditions and approve design changes which would not adversely affect either the development character of this site or adjacent properties.***

### GENERAL MANAGER'S COMMENTS

***The General Manager of Community Services RECOMMENDS approval of the foregoing.***

### COUNCIL POLICY

***There is no applicable Council policy except that Council did approve in principle the form of development for this site when the rezoning was approved, following a Public Hearing.***

### PURPOSE

In accordance with *Charter* requirements, this report seeks Council's approval for the revised form of development for the above-noted CD-1 zoned site.

### SITE DESCRIPTION AND BACKGROUND

At a Public Hearing on February 1, 1960, City Council approved a rezoning of this site from RS-1 One-Family Dwelling District to CD-1 Comprehensive Development District. Council also approved in principle the form of development for these lands. CD-1 By-

law Number 3869 was enacted on August 16, 1960.

A further amendment (By-law Number 6455) was enacted on January 24, 1989 following a Public Hearing on June 16, 1988, amending the approved form of development to permit the addition of a two-storey-plus-cellar building in the centre of the site, containing 34 additional intermediate care beds, administrative and amenity uses.

At a subsequent Public Hearing on October 19, 1999, Council approved the replacement of the existing seniors care housing with a new multi-level care facility (Special Needs Residential Facility - Community Care - Class B). This amendment (By-law Number 8125) was enacted on November 30, 1999.

The subject site is located between East 48th and 49th Avenues, on the west side of Vivian Street. The site and surrounding zoning are shown on the attached Appendix 'A'.

Subsequent to Council's approval of the CD-1 rezoning, the Director of Planning approved Development Application Number DE404733. This approval was subject to various conditions, including Council's approval of the form of development. The latter condition is one of the few outstanding prior to permit issuance.

## DISCUSSION

The proposal involves the construction of a new three-storey-plus-basement multi-level care facility (Special Needs Residential Facility - Community Care - Class B) containing 100 beds with 22 underground parking spaces, having vehicular access from East 48th Avenue, and four surface parking spaces, having vehicular access from East 49th Avenue.

The site currently contains two buildings. One is a 67-unit seniors care housing building which will be replaced by the proposed new facility. The other is a 40-unit low-income seniors rental building which will be retained. During the demolition of the existing seniors care housing building and the construction of the new facility, the existing residents will be relocated, in the interim, to other facilities owned by Fair Haven United Church Homes.

The proposed development has been assessed against the CD-1 By-law and responds to the stated objectives.

Simplified plans, including a site plan and elevations of the proposal, have been included in Appendix 'B'.

## CONCLUSION

The Director of Planning has approved Development Application Number DE404733, subject to various conditions to be met prior to the issuance of the development permit. One of these conditions is that the form of development first be approved by Council.
