By-law No. 4900

(Being a By-law to Amend By-law 3575, being the Zoning and Development By-law)

Effective September 16, 1975

(Amended up to and including By-law No. 8169, dated March 14, 2000)

BY-LAW NO. 4900

A By-law to amend By-law No. 3575, being
the Zoning and Development By-law

THE COUNCIL OF THE CITY OF VANCOUVER in open meeting assembled enacts as follows:

- 1 The plan attached to and forming an integral part of By-law No. 3575 and designated as the “Zoning District Plan” and marked as Schedule “D” to said By-law is hereby amended according to the plan marginally numbered Z-165 annexed to this By-law and marked as Schedule “D” hereto, and in accordance with the explanatory legend, notations, references and boundaries designated, described, delimited and specified in particularity shown upon said plan annexed hereto; and the various boundaries and districts shown upon the plan hereto annexed respectively are an amendment of and in substitution for the respective districts, designated and marked on said Schedule “D” of said By-law No. 3575 insofar as the same are changed, modified or varied thereby, and the said Schedule “D” annexed to said By-law No. 3575 shall be deemed to be and is hereby declared to be amended accordingly, and the said Schedule “D” attached to this By-law is hereby declared to be and shall form an integral part of said plan marked as Schedule “D” to said By-law No. 3575, as if originally incorporated therein, and shall be interpreted accordingly.
- 2 The area shown outlined in black on the said plan is rezoned CD-1 and the only uses permitted within the said area and the only uses for which development permits will be insured are:
 - (a) Apartments.
 - (b) Townhouses.
 - (c) Local Retail stores having a floor area up to but not exceeding 4,000 square feet.
 - (d) Park or playground.
 - (e) Golf course.
 - (f) Recreational facilities.
 - (g) Comprehensive Educational Development.
 - (h) Buildings or uses customarily accessory to the above uses, including off-street parking;

subject to such conditions as Council may by resolution prescribe.

- 3 **Floor Space Ratio**

The floor space ratio shall be as prescribed by Council when approving the form of development but shall not exceed 0.75 in the case of residential uses nor 0.50 in the case of all other uses. In computing the allowable floor space ratio, all floors (with ceilings more than 4 feet in height) of all buildings shall be included (measured to the extreme other limits of all buildings shall be included (measured to the extreme outer limits of all buildings) except for the floor or floors of which are below the adjoining finished grade around the building and used or intended to be used for storage, heating equipment, parking and similar uses customarily ancillary to the principle use of the building. Balconies, canopies, sundecks, and any other appurtenances which, in the opinion of the Director of Planning, are similar to the foregoing, provided that the total floor area of such excluded items does not exceed 8 percent of the permitted floor area. Patios and roof gardens also may be excluded from floor area measurement provided that any sun roofs or walls forming part thereof are approved by the Director of Planning.

Note: Information included in square brackets [] identifies the by-law numbers and dates for the amendments to By-law No. 4900 or provides an explanatory note.

3.1 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000. [8169; 00 03 14]

4 Height of Buildings

The height of any building (except buildings in connection with recreational facilities) shall not exceed three storeys. The height of any building in connection with recreational facilities shall not exceed three storeys. The height of any building in connection with recreational facilities shall not exceed 40 ft.

5 This By-law shall come into force and take effect on and after the date of the passing hereof.

DONE AND PASSED in Open Council this 16th of September, 1975.

LANGARA DEVELOPMENT

RESOLUTIONS OF COUNCIL RESTRICTING THE FORM OF DEVELOPMENT

Lots 1 and 3, Block 1165, District Lot 526, Plan 16033

Lots 1 and 3 are part of a larger area zoned CD-1 Comprehensive Development District as set out in By-law 4900 which was enacted on September 16, 1975. The CD-1 By-law restricts the form of development by specifically stating the uses that are allowed, the floor space ratio that is allowed, and the heights of the buildings. Attached is a copy of the CD-1 By-law 4900. All of the conditions are prescribed by Council resolution and are noted below with respect to Lots 1 and 3.

1. Floor Space Ratio - Family Housing. The floor space ratio relating to Lots 1 and 3 for family housing is 0.50 and is computed as prescribed in Section 3 of the CD-1 By-law 4900. This floor space ratio was set up by Council resolution on November 26, 1974.
2. Maximum Site Coverage. Coverage of the site by surface parking, accessory buildings, manoeuvring isles, driveways, loading areas, carports, other vehicular facilities, and the principal building shall not exceed 49%. As prescribed by Council resolution of November 30, 1976.
3. Off-Street Parking. Parking is to be provided at a rate of 1.5 spaces per dwelling unit, with not less than two-thirds of this required off-street parking to be provided in either the cellar or basement. As prescribed by Council resolution of October 21, 1975.
4. Types of Accommodation. Not more than 25% of the total number of dwelling units shall contain two bedrooms and the remaining units shall contain three or more bedrooms. As prescribed by Council resolution of November 30, 1976.
5. Number of Dwelling Units per Acre. The number of dwelling units per acre shall not exceed the following:

Lot 1 - 16 units per acre
Lot 3 - 15 units per acre.

As prescribed by Council resolution of May 27, 1975.

6. Utilities. All utilities shall be completely underground except for B. C. Hydro transformer vaults which shall be located inconspicuously on the site, and the surrounding areas adequately landscaped. As prescribed by Council resolution of May 27, 1975.
7. Landscaping. The detailed scheme of development to be first approved by the Director of Planning after advice from the Urban Design Panel, and to include a high quality of landscaping, design and construction. There is to be suitable treatment of all open portions of the site and assurance is to be obtained from the developer that proper maintenance shall be continued. The landscaping design shall retain as many as possible suitable existing trees on the site. As prescribed by Council resolution of May 27, 1975.

MANAGER'S REPORT

December 8, 1977

TO: Vancouver City Council

SUBJECT: Request from Daon Development to Alter the Unit Mix Requirement for Market Housing Development - Langara Development

CLASSIFICATION: RECOMMENDATION

The Director of Planning reports as follows:

"A letter has been received from Mr. R.B. Biely, Project Manager for Daon's Langara Development, requesting that the suite mix requirement for Lot 1, Block 1165, D.L. 526, Plan 16033, be altered. The existing suite mix requirement for market housing established by resolution of Council on November 30, 1976 is as follows:

Not more than 25% of the total number of dwelling units shall contain 2 bedrooms and the remaining units shall contain 3 or more bedrooms.

The request from Daon Development Corporation is to alter this requirement to permit the following suite mix:

1 bedroom	15%	or	13 suites
1 bedroom and den	15%	or	13 suites
2 bedrooms	20%	or	18 suites
2 bedroom and den	20%	or	18 suites
3 bedroom	30%	or	26 suites

BACKGROUND

On April 15, 1975, City Council gave the required three readings to an amending By-Law which rezoned a portion of the Langara Golf Course from RS-1 One-Family Dwelling District to CD-1 Comprehensive Development District. Along with the regulations detailed in the CD-1 By-Law, a number of conditions were established by Council resolution on May 27, 1975. One such condition established for the market housing site within the larger CD-1 area was the following:

Not more than 20% of the total number of dwelling units shall contain 2 bedrooms and the remaining units shall contain 3 or more bedrooms.

When the first proposal call was issued in July 1975, Lot 3 was identified for market housing and Lot 1, immediately to the north, was offered to the Provincial Government for co-operative housing. (See Appendix A). When no bids were received, and the Provincial Government declined the offer for Lot 1 due to a lack of funds, a variety of meetings were held with prospective developers to determine more appropriate parameters for a revised proposal call. In October 1975 a second proposal call was issued with both Lots 1 and 3 identified for market housing. When no bids were received, the Mayor contacted several developers and a bid from Daon Development Corporation for development of market housing on both Lots 1 and 3 was approved by Council on March 23, 1976.

During the subsequent processing of the development permit application for Lot 3, Daon requested an alteration of the suite mix requirement to permit 28% of the total units to be developed with 2 bedrooms. Following a report by the Director of Planning, Council amended the existing resolution on November 30, 1976 to read as follows:

Not more than 25% of the total number of dwelling units shall contain 2 bedrooms and the remaining units shall contain 3 or more bedrooms.

Revised drawings were subsequently prepared by the applicant and Development Permit No. 74462 was approved on December 13, 1976.

D. Market Housing Development -
Langara - Unit Mix.

In considering this report Council received further information from Mr. R. B. Biely, the Project Manager for the development. The Manager also submitted an amended recommendation 'B' for Council consideration.

MOVED

A. THAT the requested amendment to the suite mix requirement established by Council on November 30, 1976, be not approved:

B. THAT approval be given to an amendment to the suite mix requirements whereby of the maximum total of 88 units permitted on the site:

No more than 22 units shall be 2 bedroom or 1 bedroom and a den.

No more than 11 units shall be 1 bedroom and a den.

No more than 33 units shall be 2 bedroom and a den, and

No less than 33 units shall be 3 bedroom.

The den, in all instances, to be so designed to permit conversion into a functional additional bedroom.

SPECIAL COUNCIL MEETING MINUTES

FEBRUARY 24, 2000

A Special Meeting of the Council of the City of Vancouver was held on Thursday, February 24, 2000, at 7:35 p.m., in Council Chambers, Third Floor, City Hall, for the purpose of holding a Public Hearing to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

PRESENT: Mayor Philip Owen
 Councillor Fred Bass
 Councillor Jennifer Clarke
 Councillor Daniel Lee
 Councillor Don Lee
 Councillor Sandy McCormick
 Councillor Sam Sullivan

ABSENT: Councillor Lynne Kennedy
 Councillor Tim Louis
 Councillor Gordon Price (Sick Leave)
 Councillor George Puil (Civic Business)

CITY CLERK'S OFFICE: Tarja Tuominen, Meeting Coordinator

COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,
 SECONDED by Cllr. Daniel Lee,

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

- CARRIED UNANIMOUSLY

1. Text Amendments: District Schedules, Official Development Plans and

CD-1 By-laws - Floor Space Exclusions

[Barrett Commission]

An application by the Director of Current Planning was considered as follows:

Summary: The proposed text amendments would provide floor space exclusions to provide construction incentives to control building envelope leaks.

The Director of Current Planning recommended approval.

Staff Comments

Jacqui Forbes-Roberts, General Manager of Community Services, provided a brief introduction to the report, noting the proposed text amendments would affect new construction and repairs and restoration of existing buildings. Ms. Forbes-Roberts also requested an amendment to the proposed draft by-law to amend By-law 3575 to add RS1 to Section 4.7.3, (d).

Doug Watts, Building Envelope Specialist, with the aid of a slide presentation, described the specifics of the technical and different design issues of the proposed amendments, and explained what steps other municipalities have taken to address the recommendations arising from the Barrett Commission.

Summary of Correspondence

Council was advised the following correspondence was received since the date the application was referred to Public Hearing:

one letter in support of 'Option A'.

Speakers

Mayor Owen called for speakers for and against the application.

The following spoke in support of 'Option A':

John Fowler, Canadian Precast/Prestressed Concrete Institute
Bill McEwen, Masonry Institute of British Columbia (brief filed)
Peter Reese

The foregoing speakers supported 'Option A' based on one or more of the following points:

application of the current FSR calculations has prevented a wide-spread use of precast concrete exterior walls; there have been very few problems with the use of pre-cast concrete, which has proven to be a versatile and durable material;

thicker exterior walls are better walls, because they can include an airspace cavity behind the cladding which provides a "rainscreen" system, more efficient insulation, thicker, more durable cladding materials; current FSR calculations discourage the foregoing;

the proposed changes in FSR definitions will immediately encourage better wall design;

brick and stone-faced walls should be encouraged.

The following generally supported 'Option A' but felt the proposed text amendments should be referred back to staff for further study and discussion with the industry:

John O'Donnell, AIBC
Stuart Howard, Vancouver Planning Coalition

The following is a summary of the foregoing speakers' comments:

Option 'A' is supported in principle; however the text amendments also should address overhangs, balconies, elevated walkways, yard setbacks, and site coverage; staff should accept the electronic calculation of areas and the calculations of the Architect, given under seal; letters of assurance from a building envelope specialist are redundant at an early stage; the proposed text amendments should cover everything instead of the City issuing administrative bulletins to address further changes.

Staff Closing Comments

Ralph Segal, Planner; Eric Fiss, Planner; and Doug Watts responded to the issues raised by the speakers: the proposed text amendments are the result of a fair bit of consultation with the industry; a building envelope specialist is required to be involved in the process earlier as technical details are to be submitted at the development permit stage; staff are taking a further look at other issues, such as recesses, balconies and walkways.

Ms. Forbes-Roberts advised Council may proceed with the proposed amendments to the floor space exclusions and request staff to come back with additional amendments. Staff and the industry would prefer the FSR exclusions not be delayed.

MOVED by Cllr. Don Lee,

A. THAT the application by the Director of Current Planning to amend various District Schedules, Official Development Plans and CD-1 By-laws to provide floor space exclusions to provide construction incentives to control building envelope leaks be approved.

FURTHER THAT the draft By-law 3575, section 4.7.3, be amended as follows:

(d) as clause (h) in the following district schedules:

RS-1 and RS-1S RT-4, etc.

(Italics denote amendment)

B. THAT staff report back on other aspects affecting leakage of buildings, such as overhangs, protection of upper balconies, recesses, etc.

- CARRIED UNANIMOUSLY

RISE FROM COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

ADOPT REPORT OF COMMITTEE OF THE WHOLE

MOVED by Cllr. Clarke,
SECONDED BY Cllr. Don Lee,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

- CARRIED UNANIMOUSLY

The Special Council adjourned at 9:20 p.m.

being By-laws which amended the
Zoning and Development By-law
by rezoning areas to CD-1

THE COUNCIL OF THE CITY OF VANCOUVER, in open meeting
assembled, enacts as follows:

1. By-law No. 3907 is amended in Section 2 by deleting the period from the end
of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been
recommended by a Building Envelope Professional as defined in the Building
By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion
of 152 mm thickness, except that this clause shall not apply to walls in
existence prior to March 14, 2000."

2. By-law No. 4412 is amended in Section 2 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

3. By-law No. 5376 is amended in Section 2 by deleting the period from the end of subclause (iii) and substituting it with a semi-colon and by adding the following subclause:

"(iv) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this subclause shall not apply to walls in existence prior to March 14, 2000."

4. By-laws No. 4825 and 6325 are each amended in Section 3 by deleting the period from the end of subclause (ii) and substituting it with a semi-colon and by adding the following subclause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this subclause shall not apply to walls in existence prior to March 14, 2000."

5. By-law No. 5343 is amended in Section 3 by deleting the period from the end of clause (iii) and substituting it with a semi-colon and by adding the following clause:

"(iv) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000"

6. By-laws No. 4775, 4829, 5222, 5224, 5773 and 6039 are each amended in Section 3 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the

Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

7. By-laws No. 4085, 5411, and 5416 are each amended in Section 3 by deleting the period from the end of clause (c) and substituting it with a semi-colon and by adding the following clause:

"(d) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

8. By-law No. 5407 is amended in Section 3 by deleting the period from the end of clause (d) and substituting it with a semi-colon and by adding the following clause:

"(e) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

9. The By-laws listed below are each amended in Section 3 by adding the following section:

"3.1 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."

10. By-laws No. 6314 and 6582 are each amended in Section 3.1 by deleting the period from the end of clause (ii) and substituting it with a semi-colon and by adding the following clause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

11. By-law No. 6272 is amended in Section 3.1 by deleting the word "and" from the end of subclause (c)(i), by deleting the period from the end of subclause (c)(ii) and substituting it with a semi-colon and by adding the following subclause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

12. By-law No. 4580 is amended in Section 3.2 by deleting the period at the end of the section and substituting it with a semi-colon, by relettering the existing text as clause (a) and by adding the following clause:

"(b) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

13. By-law No. 6884 is amended in Section 3.1 by deleting the word "and" from the end of clause (a), by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

14. By-law No. 5683 is amended in Section 3.2 by deleting the period at the end of this section and substituting it with a semi-colon and by adding the following clause:

"(b) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor

space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

15. By-law No. 8088 is amended in Section 3.2 by adding the following clause:

"(d) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

16. By-law No. 6009 is amended in Section 3.2 by deleting the period at the end of subclause (e)(vii) and substituting it with a semi-colon and by adding the following clause:
