ABSENT: Alderman Sweeney
Alderman Volrich

CLERK TO THE COUNCIL: M. Kinsella

COMMITTEE OF THE WHOLE

MOVED by Ald. Bird,
SECONDED by Ald. Kennedy,

THAT this Council resolve itself into Committee of the Whole, Mayor Phillips in the Chair, to consider proposed amendments to the Zoning and Development By-law.

The CD-1 By-law will restrict the form of development as follows:

customarily ancillary uses, including off-street
parking.

Floor Space Ratio: Shall not exceed 0.65 and shall be
computed as set out in the RS-1
Schedule.

Height: The height of any building shall not exceed
two and one-half storeys plus basement nor
35 feet as measured from the average building

W/S Wallace Street between West
2nd Avenue and Point Grey Road (cont'd)

And subject to the following:

- (i) Following the enactment of the (CD-1) Comprehensive Development By-Law and prior to the issuance of the Development permit, the detailed scheme of development shall be first approved by the Director of Planning after receiving advice from the Urban Design Panel with due regard to the overall design and the provision and maintenance of useable open space, off-street parking and landscaping, vehicular ingress and egress and garbage collection facilities.
- (ii) The owner shall formally dedicate land for lane, utility easement and road widening purposes as required by the City Engineer and as shown in Appendix C of the July 6, 1976, City Manager Report, and consolidate the site into one parcel and register same in the Land Registry Office.

The Director of Planning further recommends that the use 'Apartment buildings' be included as an allowed use.

The application was approved by the Director of Planning and the Vancouver City Planning Commission.

Mr. R. Youngberg, Associate Director, Area Planning, explained the proposed development in detail for the information of the meeting.

The Mayor called for speakers for or against the application and the following addressed Council:

- Mrs. Avril Simpson representing Penta Co-operative Housing Association addressed Council and indicated that the members of Penta who would occupy the development, all have incomes within the guidelines required by CMHC. There will be 18 children in this development which should make little impact on the school population. Mrs. Simpson urged that Council approve the development.
- Mr. B. Olson, architect for the Penta project, illustrated, by means of slides, the development proposal.
- Mr. Stan Donaldson representing the Dunbar Village Community Co-operative and a partner in the development, circulated a brief putting forward reasons why Council should approve the application to rezone this property to CD-1.
- Mr. Harald Weinreich, architect for the Dunbar Village Community Co-operative, also spoke in support of the project.
- Ms. Myrna Kingscote supported the application and urged approval particularly in view of the shortage of reasonably priced housing for single parent families.
- Mr. Charles Haynes, Canadian Self Help Housing Association, supported the application, particularly the Penta participatory planning process.
- Mr. John Hill, President, Jericho Area Citizens Association, opposed on the basis that there is no overall plan for this area. He suggested that before a decision is reached on the disposition of this City-owned land, that an overall plan be first developed.
- Mr. Norm Levi urged Council to approve the application.
- Mr. James Giles expressed concern for the wildlife presently occupying this land.

cont'd....

W/S Wallace Street between West 2nd Avenue and Point Grey Road (cont'd)

SPECIAL COUNCIL MEETING MINUTES

FEBRUARY 24, 2000

A Special Meeting of the Council of the City of Vancouver was held on Thursday, February 24, 2000, at 7:35 p.m., in Council Chambers, Third Floor, City Hall, for the purpose of holding a Public Hearing to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

PRESENT: Mayor Philip Owen
 Councillor Fred Bass
 Councillor Jennifer Clarke
 Councillor Daniel Lee
 Councillor Don Lee
 Councillor Sandy McCormick
 Councillor Sam Sullivan

ABSENT: Councillor Lynne Kennedy
 Councillor Tim Louis
 Councillor Gordon Price (Sick Leave)
 Councillor George Puil (Civic Business)

CITY CLERK'S OFFICE: Tarja Tuominen, Meeting Coordinator

COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,
 SECONDED by Cllr. Daniel Lee,

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

- CARRIED UNANIMOUSLY

1. Text Amendments: District Schedules, Official Development Plans and

CD-1 By-laws - Floor Space Exclusions

[Barrett Commission]

An application by the Director of Current Planning was considered as follows:

Summary: The proposed text amendments would provide floor space exclusions to provide construction incentives to control building envelope leaks.

The Director of Current Planning recommended approval.

Staff Comments

Jacqui Forbes-Roberts, General Manager of Community Services, provided a brief introduction to the report, noting the proposed text amendments would affect new construction and repairs and restoration of existing buildings. Ms. Forbes-Roberts also requested an amendment to the proposed draft by-law to amend By-law 3575 to add RS1 to Section 4.7.3, (d).

Doug Watts, Building Envelope Specialist, with the aid of a slide presentation, described the specifics of the technical and different design issues of the proposed amendments, and explained what steps other municipalities have taken to address the recommendations arising from the Barrett Commission.

Summary of Correspondence

Council was advised the following correspondence was received since the date the application was referred to Public Hearing:

one letter in support of 'Option A'.

Speakers

Mayor Owen called for speakers for and against the application.

The following spoke in support of 'Option A':

John Fowler, Canadian Precast/Prestressed Concrete Institute
Bill McEwen, Masonry Institute of British Columbia (brief filed)
Peter Reese

The foregoing speakers supported 'Option A' based on one or more of the following points:

application of the current FSR calculations has prevented a wide-spread use of precast concrete exterior walls; there have been very few problems with the use of pre-cast concrete, which has proven to be a versatile and durable material;

thicker exterior walls are better walls, because they can include an airspace cavity behind the cladding which provides a "rainscreen" system, more efficient insulation, thicker, more durable cladding materials; current FSR calculations discourage the foregoing;

the proposed changes in FSR definitions will immediately encourage better wall design;

brick and stone-faced walls should be encouraged.

The following generally supported 'Option A' but felt the proposed text amendments should be referred back to staff for further study and discussion with the industry:

John O'Donnell, AIBC
Stuart Howard, Vancouver Planning Coalition

The following is a summary of the foregoing speakers' comments:

Option 'A' is supported in principle; however the text amendments also should address overhangs, balconies, elevated walkways, yard setbacks, and site coverage; staff should accept the electronic calculation of areas and the calculations of the Architect, given under seal; letters of assurance from a building envelope specialist are redundant at an early stage; the proposed text amendments should cover everything instead of the City issuing administrative bulletins to address further changes.

Staff Closing Comments

Ralph Segal, Planner; Eric Fiss, Planner; and Doug Watts responded to the issues raised by the speakers: the proposed text amendments are the result of a fair bit of consultation with the industry; a building envelope specialist is required to be involved in the process earlier as technical details are to be submitted at the development permit stage; staff are taking a further look at other issues, such as recesses, balconies and walkways.

Ms. Forbes-Roberts advised Council may proceed with the proposed amendments to the floor space exclusions and request staff to come back with additional amendments. Staff and the industry would prefer the FSR exclusions not be delayed.

MOVED by Cllr. Don Lee,

A. THAT the application by the Director of Current Planning to amend various District Schedules, Official Development Plans and CD-1 By-laws to provide floor space exclusions to provide construction incentives to control building envelope leaks be approved.

FURTHER THAT the draft By-law 3575, section 4.7.3, be amended as follows:

(d) as clause (h) in the following district schedules:

RS-1 and RS-1S RT-4, etc.

(Italics denote amendment)

B. THAT staff report back on other aspects affecting leakage of buildings, such as overhangs, protection of upper balconies, recesses, etc.

- CARRIED UNANIMOUSLY

RISE FROM COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

ADOPT REPORT OF COMMITTEE OF THE WHOLE

MOVED by Cllr. Clarke,
SECONDED BY Cllr. Don Lee,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.
