SPECIAL COUNCIL MEETING

A Special Meeting of the Council of the City of Vancouver was held on Tuesday, April 17, 1984, in the Council Chamber, third floor, City Hall at approximately 7:30 p.m., for the purpose of holding a Public Hearing to amend the Zoning and Development By-law.

PRESENT: Mayor Harcourt
Aldermen Bellamy, Brown, Davies, Eriksen,
Ford, Pail, Rankin, Yee and Yorke

ABSENT: Alderman Kennedy

CLERK TO THE COUNCIL: Mrs. J. Thomas

COMMITTEE OF THE WHOLE

MOVED by Ald. Bellamy,
SECONDED by Ald. Yorke,

THAT this Council resolve itself into Committee of the Whole, Mayor Harcourt in the Chair, to consider proposed amendments to the Zoning and Development and Sign By-laws.

- CARRIED UNANIMOUSLY

Council agreed to consider applications 1 and 2 concurrently.

1. Northeast Corner of Thurlow and West Hastings and Northeast Corner of Thurlow and West Pender Streets (Applicant: Marathon Realty Company Limited)

LOCATION: NORTHEAST CORNER OF THURLOW AND WEST HASTINGS AND NORTHEAST CORNER OF THURLOW AND WEST PENDER (Lot 11 and Lot 12 Except East 25 Feet and East 25 Feet of Lot 12, Block 1, D.L. 185, Plan 92 and Lots 9 and 10, Except Right-of-Way, Block 1, D.L. 185, Plans 92 and 9463).

Present Zoning: Downtown District (DD) with accompanying Official Development Plan

Requested Zoning: CD-1 Comprehensive Development District

- (i) The draft CD-1 By-law, if approved, would accommodate a transfer of density from Site A (northeast corner of Thurlow and West Hastings) to Site B (northeast corner of Thurlow and West Pender) and would regulate the use and development of the sites generally as follows:

- Site A will be restricted to park, public transportation, and accessory structures and uses, while a mixture of commercial, light industrial, residential, other public and social uses will be permitted on Site B;
- Based on the combined site area of Site A and Site B, the maximum floor space ratio (FSR) shall not exceed 9.00 to be distributed as follows:

cont'd....

Northeast Corner of Thurlow and West Hastings
and Northeast Corner of Thurlow and West
Pender (cont'd)

Site A, the FSR shall be 0 provided that any structure for public park purposes shall not be considered as floor space;

Site B, the FSR shall not exceed 9.00 except that there shall be a maximum FSR of 3.00 for any residential use;

- provisions regarding off-street parking;
- (ii) Amend Sign By-Law, No. 4810 to establish sign regulations for the newly created CD-1 District;
- (iii) Any consequential amendments.

The Director of Planning recommended approval subject to the following conditions proposed for adoption by resolution of Council:

- (a) That the detailed scheme of development for Site B be not materially different from the drawings prepared by Romses Kwan Architects as approved in Development Permit Application No. 96715;
- (b) That the detailed scheme of public park development for Site A, in a development permit application, as may be approved by the Development Permit Board, is to be approved by Council as the form of development on this site prior to issuance of a development permit.

2. Text Amendment - Central Waterfront Official
Development Plan By-law No. 5261
(Applicant: Director of Planning)

TEXT AMENDMENT: CENTRAL WATERFRONT OFFICIAL DEVELOPMENT PLAN BY-LAW NO. 5261

- (i) The proposed text amendment, if approved, and subject to the approval of item 1 above, would amend Section 4.2 to provide that the Thurlow street-end view corridor be enlarged.
- (ii) Any consequential amendments.

Mr. R. Scobie, Zoning Division, in reviewing the application by Marathon, circulated proposed amendments by the Director of Planning to Sections 3 and 4 of the draft by-law as follows:

"3. Floor Space Ratio

- (a) The floor space ratio on Site A shall not exceed 0, and any structure for park purposes shall not be considered as floor space;
- (b) The floor space ratio on Site B shall not exceed 15.44, except that any residential component thereof shall not exceed a floor space ratio of 3.00.

cont'd....

Northeast Corner of Thurlow and West Hastings
and Northeast Corner of Thurlow and West
Pender (cont'd)

4. Off-Street Parking and Loading

Off-street parking and loading shall be provided, developed and maintained in accordance with Section 12 of the Zoning and Development By-law, except as follows:

- (a) Off-street parking for office or commercial uses shall be provided at a ratio of no more than one parking space for every 1,000 sq.ft. of such use;
- (b) Off-street parking for residential uses shall be provided at a ratio of not more than one parking space for every 1,000 sq.ft. of such use."

Mr. E. Crickmore, Planner, Central Area Division, reviewed the applications and answered questions by Council members, explaining the transfer of density from the City/B.C. Transit site to the Marathon site would achieve a significant public park at the northwest corner of Thurlow and West Hastings and an enhanced view corridor from the Thurlow Street end. Funding up to \$900,000 would be made available for the park development.

The Mayor called for speakers for or against the applications, and representations were made by:

Mr. A. McDonell, lawyer for British Pacific Building Limited, spoke to a circulated brief (on file in the City Clerk's Office) opposing the application for reasons detailed in the brief. These included:

- the density of 15.44 is excessive and permits Marathon a benefit which was not available to adjacent property owners who developed their sites to a maximum density of 9.0.
- site coverage will be 70-75% compared to only 35-40% on the adjacent Oceanic Plaza and Guinness Tower and the massing of the Marathon development will result in a discontinuity in the scale and magnitude of the buildings on either side of Thurlow Street.
- if approved, the Marathon building would have a deleterious impact on the users of the plaza by overshadowing and creating a wind-tunnel effect. The newly-created park would be in perpetual shadow.
- the relaxation of density standards would result in the sacrifice of environmental and aesthetical standards.

Mr. G. Flanigan, Property Director, B.C. Transit, spoke in support of the application, stating the development and transfer of density was consistent with B.C. Transit's plans for rapid transit in the area.

Mr. B. Calder questioned the change in the rules whereby one developer could develop a site to 15.44 FSR while adjoining property owners had observed a 9.0 maximum. He felt a precedent was being set which could result in similar requests in future.

cont'd....

Northeast Corner of Thurlow and West Hastings
and Northeast Corner of Thurlow and West
Pender (cont'd)

Mr. J. Carline, Associate Director - Central Area Planning, commented on some of the issues raised by the delegations noting the Marathon building would be 22 storeys and, therefore, was similar in scale to the Oceanic Plaza at 24 storeys and the Guinness Tower at 23 storeys.

MOVED by Ald. Bellamy,

THAT the application by Marathon Realty Company Limited, incorporating the amendment proposed by the Director of Planning and subject to the conditions as set out in this minute of the Public Hearing, be approved.

- CARRIED UNANIMOUSLY

MOVED by Ald. Bellamy,

THAT the application by the Director of Planning for a text amendment, Central Waterfront Official Development Plan By-law No. 5261, be approved.

- CARRIED UNANIMOUSLY

3. East False Creek - Lands in the Vicinity
of Main Street and Terminal Avenue

The Council considered the following application by the Director of Planning:

LOCATION: EAST FALSE CREEK - LANDS IN THE VICINITY OF MAIN STREET
AND TERMINAL AVENUE

Present Zoning: M-1 Industrial District
M-2 Industrial District
RS-1 One-Family Dwelling District

Requested Zoning: FC-1 East False Creek District

- (i) The draft FC-1 East False Creek District Schedule, if approved, will permit and encourage the development of a high-density mixed commercial use neighbourhood, including some residential and compatible industrial uses.

For commercial development, a variety of small-scale retail and service uses are encouraged. Additionally, the development of new hotels is encouraged, provided that these do not result in the conversion of existing residential units. The retention and upgrading of existing multiunit residential buildings and the development of new residential units on upper floors of commercial buildings are encouraged;

- (ii) Amend Sign By-law, No. 4810 to establish sign control for the newly established FC-1 East False Creek District;
- (iii) Any consequential amendments.

SPECIAL COUNCIL MEETING MINUTES

FEBRUARY 24, 2000

A Special Meeting of the Council of the City of Vancouver was held on Thursday, February 24, 2000, at 7:35 p.m., in Council Chambers, Third Floor, City Hall, for the purpose of holding a Public Hearing to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

PRESENT: Mayor Philip Owen
 Councillor Fred Bass
 Councillor Jennifer Clarke
 Councillor Daniel Lee
 Councillor Don Lee
 Councillor Sandy McCormick
 Councillor Sam Sullivan

ABSENT: Councillor Lynne Kennedy
 Councillor Tim Louis
 Councillor Gordon Price (Sick Leave)
 Councillor George Puil (Civic Business)

CITY CLERK'S OFFICE: Tarja Tuominen, Meeting Coordinator

COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,
 SECONDED by Cllr. Daniel Lee,

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

- CARRIED UNANIMOUSLY

1. Text Amendments: District Schedules, Official Development Plans and

CD-1 By-laws - Floor Space Exclusions

[Barrett Commission]

An application by the Director of Current Planning was considered as follows:

Summary: The proposed text amendments would provide floor space exclusions to provide construction incentives to control building envelope leaks.

The Director of Current Planning recommended approval.

Staff Comments

Jacqui Forbes-Roberts, General Manager of Community Services, provided a brief introduction to the report, noting the proposed text amendments would affect new construction and repairs and restoration of existing buildings. Ms. Forbes-Roberts also requested an amendment to the proposed draft by-law to amend By-law 3575 to add RS1 to Section 4.7.3, (d).

Doug Watts, Building Envelope Specialist, with the aid of a slide presentation, described the specifics of the technical and different design issues of the proposed amendments, and explained what steps other municipalities have taken to address the recommendations arising from the Barrett Commission.

Summary of Correspondence

Council was advised the following correspondence was received since the date the application was referred to Public Hearing:

one letter in support of 'Option A'.

Speakers

Mayor Owen called for speakers for and against the application.

The following spoke in support of 'Option A':

John Fowler, Canadian Precast/Prestressed Concrete Institute
Bill McEwen, Masonry Institute of British Columbia (brief filed)
Peter Reese

The foregoing speakers supported 'Option A' based on one or more of the following points:

application of the current FSR calculations has prevented a wide-spread use of precast concrete exterior walls; there have been very few problems with the use of pre-cast concrete, which has proven to be a versatile and durable material;

thicker exterior walls are better walls, because they can include an airspace cavity behind the cladding which provides a "rainscreen" system, more efficient insulation, thicker, more durable cladding materials; current FSR calculations discourage the foregoing;

the proposed changes in FSR definitions will immediately encourage better wall design;

brick and stone-faced walls should be encouraged.

The following generally supported 'Option A' but felt the proposed text amendments should be referred back to staff for further study and discussion with the industry:

John O'Donnell, AIBC
Stuart Howard, Vancouver Planning Coalition

The following is a summary of the foregoing speakers' comments:

Option 'A' is supported in principle; however the text amendments also should address overhangs, balconies, elevated walkways, yard setbacks, and site coverage; staff should accept the electronic calculation of areas and the calculations of the Architect, given under seal; letters of assurance from a building envelope specialist are redundant at an early stage; the proposed text amendments should cover everything instead of the City issuing administrative bulletins to address further changes.

Staff Closing Comments

Ralph Segal, Planner; Eric Fiss, Planner; and Doug Watts responded to the issues raised by the speakers: the proposed text amendments are the result of a fair bit of consultation with the industry; a building envelope specialist is required to be involved in the process earlier as technical details are to be submitted at the development permit stage; staff are taking a further look at other issues, such as recesses, balconies and walkways.

Ms. Forbes-Roberts advised Council may proceed with the proposed amendments to the floor space exclusions and request staff to come back with additional amendments. Staff and the industry would prefer the FSR exclusions not be delayed.

MOVED by Cllr. Don Lee,

A. THAT the application by the Director of Current Planning to amend various District Schedules, Official Development Plans and CD-1 By-laws to provide floor space exclusions to provide construction incentives to control building envelope leaks be approved.

FURTHER THAT the draft By-law 3575, section 4.7.3, be amended as follows:

(d) as clause (h) in the following district schedules:

RS-1 and RS-1S RT-4, etc.

(Italics denote amendment)

B. THAT staff report back on other aspects affecting leakage of buildings, such as overhangs, protection of upper balconies, recesses, etc.

- CARRIED UNANIMOUSLY

RISE FROM COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

ADOPT REPORT OF COMMITTEE OF THE WHOLE

MOVED by Cllr. Clarke,
SECONDED BY Cllr. Don Lee,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

- CARRIED UNANIMOUSLY

The Special Council adjourned at 9:20 p.m.
