CITY OF VANCOUVER
SPECIAL COUNCIL MEETING

A Special Meeting of the Council of the City of Vancouver was held on Tuesday, March 24, 1987 in the Council Chamber, Third Floor, City Hall, at approximately 7:30 p.m., for the purpose of holding a Public Hearing to amend the Zoning and Development By-law.

PRESENT: Mayor Campbell
Aldermen Baker, Caravetta, Davies,
Eriksen, Owen, Price,
Puil, and Taylor

ABSENT: Aldermen Bellamy and Boyce (Leave
of Absence)

CLERK TO THE COUNCIL: Mrs. J. Thomas

COMMITTEE OF THE WHOLE

MOVED by Ald. Davies,
SECONDED by Ald. Eriksen,
THAT this Council resolve itself into Committee of the Whole,
Mayor Campbell in the Chair, to consider proposed amendments to the
Zoning and Development By-law.

- CARRIED UNANIMOUSLY

1. Rezoning - 827 East Pender Street

The Council considered an application of Mr. J. Wai, Architect,
as follows:

REZONING: LOCATION - 827 EAST PENDER STREET (Lots 35-38, Block
66, D.L. 181)

Present Zoning: RT-3 Two-Family Dwelling District
Proposed Zoning: CD-1 Comprehensive Development District

- (i) the draft CD-1 By-law, if approved, would accommodate the use and development of the site generally as follows:
 - a maximum of 27 dwelling units in a multiple dwelling eligible for Provincial Government funding as seniors' housing;
 - common-use amenity area for residents of the multiple dwelling;
 - a maximum floor space ratio of 1.60;
 - a maximum height of 45 ft; and
 - provisions regarding off-street parking.
- (ii) Any consequential amendments.

Cont'd....

Rezoning - 827 East Pender Street (Cont'd)

The Director of Planning recommended the application be refused.

Mr. D. Thomsett, Zoning Division, in his review of the departmental position, advised the Director of Planning supported the use as appropriate for the area but found the proposed 1.60 f.s.r. excessive. It was double the f.s.r. permitted under the existing zoning and only in the West End would 1.60 be permitted. Other non market or church housing groups may view this as a precedent. The Director of Planning recommended a density no greater than .75, as now permitted under the existing zoning.

Mr. Thomsett also noted the Urban Design Panel supported the project but proposed some changes for implementation at the development permit stage. These included a cover over the surface parking area to integrate with the on site open space, use of wood siding as the principal finishing material, redesign of the entry in character with Strathcona streetscapes and submission of a landscaping plan.

Mr. J. Wai, applicant, (brief on file), in explanation of the rationale for the proposed f.s.r., advised the project faced fierce competition for C.M.H.C. funding and the proposal providing best dollar value had the edge in obtaining approval. Less units could jeopardize the project. Mr. Wai submitted the upzoning requested was in line with that previously approved for a housing co-op on the adjacent site.

The Mayor called for speakers for or against the proposal and the following made representations, supporting the proposal:

- Mrs. N. Niechoda, Lesya Ukrainka Housing Society, urged approval noting the Ukrainian Cultural Centre was next door to the site and residents would be able to participate in the Centre's activities.

- Mr. T. Polischuk, 711 Prior Street, advised he is looking forward to living in the residence, having been an area resident for 46 years.

- Ms. Pat Rafferty, Strathcona Community Centre, spoke to the need for seniors housing in the area. The project would contribute to the ethnic mix in Strathcona.

- Mr. J. Thomas, S.P.O.T.A., identified with the Director of Planning's concerns but felt there were times when f.s.r. guidelines should not be carved in stone.

- Mr. R. Smith, Rose Garden Co-op, pointed out the Co-op was located next door to the project and felt comfortable with it. However, residents in the area did have some concerns regarding problems with day and night on-street and lane parking and music and noise from an adjacent hall and requested this be looked into.

- Dr. Igor Mekjavic, advised the Yugoslav Community Association, strongly supported the proposal.

- Mr. Osma Lahti advised the Finnish and Ukrainian communities were enthusiastic about the project.

Cont'd...

Rezoning - 827 East Pender Street (Cont'd)

- Mrs. S. Moroz, Association of United Ukrainian Canadians, spoke in support.

- Mr. Orest Moysiuk, Federation of Russian Canadians, stated there was a need for a facility that would make seniors feel at home in terms of ethnic foods and language.

- Mrs. S. Podolczuk advised the project had the strong support of Ukrainian Senior Citizens Club #1.

- Mrs. S. Surette, Richmond, submitted the housing would be beneficial to many seniors now living on their own who experience difficulties due to language problems.

Following the hearing of the delegations, Mr. Thomsett made reference to a number of conditions, incorporating the concerns of the Urban Design Panel, which the Director of Planning proposed for adoption by resolution should Council be disposed to approve the application. The conditions were circulated to Council members and read as follows:

(a) That the detailed scheme of development in a development permit application be first approved by the Director of Planning, after receiving advice from the Urban Design Panel, having regard to:

- redesign of floor plans to provide larger units with in-suite storage space;
- relocation of the amenity room currently proposed in the basement;
- redesign of the entry providing entry steps and porch elements in character with Strathcona streetscapes;
- indication of a cover over the surface parking area along the lane and the integration of this covered area into the on-site open space;
- the use of wood siding as the principal external finishing material;
- submission of a landscape plan, having particular regard to screening.

(b) That the approved form of development is generally as prepared by Joe Wai, Architect, and stamped "Received, City Planning Department, October 17, 1986", provided that the Director of Planning may allow minor alterations to this approved form of development when approving the detailed scheme of development, as outlined in resolution (a) above.

MOVED by Ald. Davies,
THAT the application respecting 827 East Pender Street be approved at a maximum floor space ratio of 1.60, subject to the conditions proposed by the Director of Planning and set out in this Minute of the Public Hearing.

SPECIAL COUNCIL MEETING MINUTES

FEBRUARY 24, 2000

A Special Meeting of the Council of the City of Vancouver was held on Thursday, February 24, 2000, at 7:35 p.m., in Council Chambers, Third Floor, City Hall, for the purpose of holding a Public Hearing to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

PRESENT: Mayor Philip Owen
 Councillor Fred Bass
 Councillor Jennifer Clarke
 Councillor Daniel Lee
 Councillor Don Lee
 Councillor Sandy McCormick
 Councillor Sam Sullivan

ABSENT: Councillor Lynne Kennedy
 Councillor Tim Louis
 Councillor Gordon Price (Sick Leave)
 Councillor George Puil (Civic Business)

CITY CLERK'S OFFICE: Tarja Tuominen, Meeting Coordinator

COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,
 SECONDED by Cllr. Daniel Lee,

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

- CARRIED UNANIMOUSLY

1. Text Amendments: District Schedules, Official Development Plans and

CD-1 By-laws - Floor Space Exclusions

[Barrett Commission]

An application by the Director of Current Planning was considered as follows:

Summary: The proposed text amendments would provide floor space exclusions to provide construction incentives to control building envelope leaks.

The Director of Current Planning recommended approval.

Staff Comments

Jacqui Forbes-Roberts, General Manager of Community Services, provided a brief introduction to the report, noting the proposed text amendments would affect new construction and repairs and restoration of existing buildings. Ms. Forbes-Roberts also requested an amendment to the proposed draft by-law to amend By-law 3575 to add RS1 to Section 4.7.3, (d).

Doug Watts, Building Envelope Specialist, with the aid of a slide presentation, described the specifics of the technical and different design issues of the proposed amendments, and explained what steps other municipalities have taken to address the recommendations arising from the Barrett Commission.

Summary of Correspondence

Council was advised the following correspondence was received since the date the application was referred to Public Hearing:

one letter in support of 'Option A'.

Speakers

Mayor Owen called for speakers for and against the application.

The following spoke in support of 'Option A':

John Fowler, Canadian Precast/Prestressed Concrete Institute
Bill McEwen, Masonry Institute of British Columbia (brief filed)
Peter Reese

The foregoing speakers supported 'Option A' based on one or more of the following points:

application of the current FSR calculations has prevented a wide-spread use of precast concrete exterior walls; there have been very few problems with the use of pre-cast concrete, which has proven to be a versatile and durable material;

thicker exterior walls are better walls, because they can include an airspace cavity behind the cladding which provides a "rainscreen" system, more efficient insulation, thicker, more durable cladding materials; current FSR calculations discourage the foregoing;

the proposed changes in FSR definitions will immediately encourage better wall design;

brick and stone-faced walls should be encouraged.

The following generally supported 'Option A' but felt the proposed text amendments should be referred back to staff for further study and discussion with the industry:

John O'Donnell, AIBC
Stuart Howard, Vancouver Planning Coalition

The following is a summary of the foregoing speakers' comments:

Option 'A' is supported in principle; however the text amendments also should address overhangs, balconies, elevated walkways, yard setbacks, and site coverage; staff should accept the electronic calculation of areas and the calculations of the Architect, given under seal; letters of assurance from a building envelope specialist are redundant at an early stage; the proposed text amendments should cover everything instead of the City issuing administrative bulletins to address further changes.

Staff Closing Comments

Ralph Segal, Planner; Eric Fiss, Planner; and Doug Watts responded to the issues raised by the speakers: the proposed text amendments are the result of a fair bit of consultation with the industry; a building envelope specialist is required to be involved in the process earlier as technical details are to be submitted at the development permit stage; staff are taking a further look at other issues, such as recesses, balconies and walkways.

Ms. Forbes-Roberts advised Council may proceed with the proposed amendments to the floor space exclusions and request staff to come back with additional amendments. Staff and the industry would prefer the FSR exclusions not be delayed.

MOVED by Cllr. Don Lee,

A. THAT the application by the Director of Current Planning to amend various District Schedules, Official Development Plans and CD-1 By-laws to provide floor space exclusions to provide construction incentives to control building envelope leaks be approved.

FURTHER THAT the draft By-law 3575, section 4.7.3, be amended as follows:

(d) as clause (h) in the following district schedules:

RS-1 and RS-1S RT-4, etc.

(Italics denote amendment)

B. THAT staff report back on other aspects affecting leakage of buildings, such as overhangs, protection of upper balconies, recesses, etc.

- CARRIED UNANIMOUSLY

RISE FROM COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

ADOPT REPORT OF COMMITTEE OF THE WHOLE

MOVED by Cllr. Clarke,
SECONDED BY Cllr. Don Lee,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

- CARRIED UNANIMOUSLY

The Special Council adjourned at 9:20 p.m.
