CITY OF VANCOUVER  
SPECIAL COUNCIL MEETING

3

A Special Meeting of the Council of the City of Vancouver was held on Thursday, March 14, 1991, at the Winston Churchill Secondary School Auditorium, 7055 Heather Street, at approximately 7:30 p.m., for the purpose of holding a Public Hearing to amend the Zoning & Development By-law.

PRESENT: Mayor Campbell  
Aldermen Bellamy, Chan, Davies,  
Eriksen, Owen, Price, Puil,  
Rankin, Wilson and Yorke

CLERK TO THE COUNCIL: D. Back

COMMITTEE OF THE WHOLE

MOVED by Ald. Bellamy,  
SECONDED by Ald. Davies,

THAT this Council resolve itself into Committee of the Whole, Mayor Campbell in the Chair, to consider proposed amendments to the Zoning & Development By-law.

- CARRIED UNANIMOUSLY

1. Text Amendments: Regulation of  
Trees on Private Property -  
Zoning and Development By-law

An application of the Director of Planning was considered as follows:

TEXT AMENDMENTS: REGULATION OF TREES ON PRIVATE PROPERTY -  
ZONING AND DEVELOPMENT BY-LAW

(i) The proposed text amendments, if approved, would establish requirements for the planting of replacement trees where trees of a minimum dimension on private property may be affected by a proposed development; would provide for relaxation of building siting regulations in situations respecting existing trees; and would establish enforcement provisions.

(ii) Any consequential amendments.

The Director of Planning recommended approval of the application.

Mr. R. Scobie, Associate Director - Zoning Division, in a staff review, noted a Manager's Report dated October 31, 1990, reviewing the proposed amendments to the Zoning and Development By-law to require the replacement of trees affected by redevelopment of a site, and a Manager's Report dated February 14, 1991 concerning the Public Information meeting held on January 30, 1991, and the communications program which was conducted, were included as background reports in the agenda package (on file).

Cont'd

Clause No. 1 cont'd

Mr. Kingsley Lo, 6700 Block Montgomery Street, circulated a brief (on file) proposing further amendments to the Zoning By-law, i.e. to provide a F.S.R. bonus as an incentive for retaining existing mature trees, to allow the Director of Planning to relax the siting location of buildings to save existing mature trees, and to draft the above with the RS-1/RS-1S Committee to ensure the bonuses are useful incentives for the home builders, but will not adversely effect the neighbours. Mr. Lo noted the Director of Planning has included the siting relaxation in the by-law amendment submitted for Council's consideration.

MOVED by Ald. Davies,  
THAT the application of the Director of Planning be approved.

- CARRIED UNANIMOUSLY

2. Rezoning: 1152 Mainland Street

An application of the Director of Planning was considered as follows:

REZONING: 1152 MAINLAND STREET (Lot C, Block 76, D.L. 541, Plan 3469)

Present Zoning: HA-3 Yaletown Historic Area  
Proposed Zoning: CD-1 Comprehensive Development District

(i) If approved, the CD-1 by-law would permit the use and development of the site generally as follows:

- dwelling uses;
- retail uses;
- service uses;
- office uses;
- parking uses;
- storage warehouse;
- wholesale uses;
- social service centre;
- child day care facility;
- cultural and recreational uses;
- park or public open space;
- accessory uses customarily ancillary to the above;
- maximum floor space ratio of 5.00;
- maximum height of 21.34 m (70 ft.); and
- provisions regarding off-street parking and loading.

(ii) Any consequential amendments.

The Director of Planning recommended approval, subject to the following conditions as proposed for adoption by resolution of Council:

(a) That, prior to enactment of the CD-1 by-law:

- (i) a compatible subdivision plan is approved and registered; and
- (ii) the registered property owner, at no cost to the City, enters into an agreement of purchase and sale, to the satisfaction of the Directors of Housing & Properties and Legal Services, whereby the westerly parcel will be conveyed to the City at a price agreed to by the  
- Director of Housing and Properties.

Clause No. 2 cont'd

Mr. P. Wotherspoon, Planner - Central Area Division, reviewed the application noting the rezoning of 1152 Mainland Street to achieve public parking and open space to serve Yaletown Historic area was approved in principle by Council on September 13, 1990. The privately owned site will be subdivided into two parcels. An existing office building on the easterly parcel will be retained by the owner. The City will purchase the westerly parcel and develop it with underground public parking and landscaped open space on the surface.

The Director of Planning was now seeking an amendment to the earlier application to incorporate a three-foot side yard along the west side of the existing building, adjacent to the proposed open space, to accommodate a servicing corridor. The side yard will result in an adjustment to the internal boundary between the two sub-areas.

There were no speakers.

MOVED by Ald. Owen,

THAT the application be approved, subject to the conditions as set out in this Minute of the Public Hearing.

- CARRIED UNANIMOUSLY

RISE FROM COMMITTEE OF THE WHOLE

MOVED by Ald. Bellamy,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

ADOPT REPORT OF COMMITTEE OF THE WHOLE

MOVED by Ald. Bellamy,

SECONDED by Ald. Owen,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

**SPECIAL COUNCIL MEETING MINUTES**

**FEBRUARY 24, 2000**

A Special Meeting of the Council of the City of Vancouver was held on Thursday, February 24, 2000, at 7:35 p.m., in Council Chambers, Third Floor, City Hall, for the purpose of holding a Public Hearing to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

**PRESENT:** Mayor Philip Owen  
 Councillor Fred Bass  
 Councillor Jennifer Clarke  
 Councillor Daniel Lee  
 Councillor Don Lee  
 Councillor Sandy McCormick  
 Councillor Sam Sullivan

**ABSENT:** Councillor Lynne Kennedy  
 Councillor Tim Louis  
 Councillor Gordon Price (Sick Leave)  
 Councillor George Puil (Civic Business)

**CITY CLERK'S OFFICE:** Tarja Tuominen, Meeting Coordinator

**COMMITTEE OF THE WHOLE**

MOVED by Cllr. Don Lee,  
 SECONDED by Cllr. Daniel Lee,

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

- CARRIED UNANIMOUSLY

**1. Text Amendments: District Schedules, Official Development Plans and**

**CD-1 By-laws - Floor Space Exclusions**

### [Barrett Commission]

An application by the Director of Current Planning was considered as follows:

Summary: The proposed text amendments would provide floor space exclusions to provide construction incentives to control building envelope leaks.

The Director of Current Planning recommended approval.

### Staff Comments

Jacqui Forbes-Roberts, General Manager of Community Services, provided a brief introduction to the report, noting the proposed text amendments would affect new construction and repairs and restoration of existing buildings. Ms. Forbes-Roberts also requested an amendment to the proposed draft by-law to amend By-law 3575 to add RS1 to Section 4.7.3, (d).

Doug Watts, Building Envelope Specialist, with the aid of a slide presentation, described the specifics of the technical and different design issues of the proposed amendments, and explained what steps other municipalities have taken to address the recommendations arising from the Barrett Commission.

### Summary of Correspondence

Council was advised the following correspondence was received since the date the application was referred to Public Hearing:

one letter in support of 'Option A'.

### Speakers

Mayor Owen called for speakers for and against the application.

The following spoke in support of 'Option A':

John Fowler, Canadian Precast/Prestressed Concrete Institute  
Bill McEwen, Masonry Institute of British Columbia (brief filed)  
Peter Reese

The foregoing speakers supported 'Option A' based on one or more of the following points:

application of the current FSR calculations has prevented a wide-spread use of precast concrete exterior walls; there have been very few problems with the use of pre-cast concrete, which has proven to be a versatile and durable material;

thicker exterior walls are better walls, because they can include an airspace cavity behind the cladding which provides a "rainscreen" system, more efficient insulation, thicker, more durable cladding materials; current FSR calculations discourage the foregoing;

the proposed changes in FSR definitions will immediately encourage better wall design;

brick and stone-faced walls should be encouraged.

The following generally supported 'Option A' but felt the proposed text amendments should be referred back to staff for further study and discussion with the industry:

John O'Donnell, AIBC  
Stuart Howard, Vancouver Planning Coalition

The following is a summary of the foregoing speakers' comments:

Option 'A' is supported in principle; however the text amendments also should address overhangs, balconies, elevated walkways, yard setbacks, and site coverage; staff should accept the electronic calculation of areas and the calculations of the Architect, given under seal; letters of assurance from a building envelope specialist are redundant at an early stage; the proposed text amendments should cover everything instead of the City issuing administrative bulletins to address further changes.

### **Staff Closing Comments**

Ralph Segal, Planner; Eric Fiss, Planner; and Doug Watts responded to the issues raised by the speakers: the proposed text amendments are the result of a fair bit of consultation with the industry; a building envelope specialist is required to be involved in the process earlier as technical details are to be submitted at the development permit stage; staff are taking a further look at other issues, such as recesses, balconies and walkways.

Ms. Forbes-Roberts advised Council may proceed with the proposed amendments to the floor space exclusions and request staff to come back with additional amendments. Staff and the industry would prefer the FSR exclusions not be delayed.

MOVED by Cllr. Don Lee,

A. THAT the application by the Director of Current Planning to amend various District Schedules, Official Development Plans and CD-1 By-laws to provide floor space exclusions to provide construction incentives to control building envelope leaks be approved.

FURTHER THAT the draft By-law 3575, section 4.7.3, be amended as follows:

(d) as clause (h) in the following district schedules:

*RS-1 and RS-1S RT-4, etc.*

*(Italics denote amendment)*

B. THAT staff report back on other aspects affecting leakage of buildings, such as overhangs, protection of upper balconies, recesses, etc.

- CARRIED UNANIMOUSLY

**RISE FROM COMMITTEE OF THE WHOLE**

MOVED by Cllr. Don Lee,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

**ADOPT REPORT OF COMMITTEE OF THE WHOLE**

MOVED by Cllr. Clarke,  
SECONDED BY Cllr. Don Lee,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

- CARRIED UNANIMOUSLY
