CITY OF VANCOUVER
SPECIAL COUNCIL MEETING

A Special Meeting of the Council of the City of Vancouver was held on Thursday, August 2, 1990, in the Council Chamber, Third Floor, City Hall, at approximately 7:30 p.m., for the purpose of holding a Public Hearing to amend the Zoning & Development By-law.

PRESENT: Mayor Campbell
Aldermen Bellamy, Owen, Price, Puil,
Rankin and Wilking

ABSENT: Alderman Baker
Alderman Davies (Leave of Absence)
Alderman Eriksen (Leave of Absence)
Alderman Taylor (Leave of Absence)

CLERK TO THE COUNCIL: Ms. N. Largent

COMMITTEE OF THE WHOLE

MOVED by Ald. Wilking,
SECONDED by Ald. Puil,

THAT this Council resolve itself into Committee of the Whole, Mayor Campbell in the Chair, to consider proposed amendments to the Zoning & Development By-law.

- CARRIED UNANIMOUSLY

Item Nos. 1 and 2, being related, were dealt with concurrently.

1. Rezoning: 2740 East Broadway and 2650 Slocan Street
2. Text Amendment: CD-1 By-law No. 4677 (2633-77 East Broadway)

An application by Mr. John Burrage, on behalf of the Broadway Pentecostal Tabernacle, was considered as follows:

REZONING: 2740 EAST BROADWAY AND 2650 SLOCAN STREET (Lots 3 and 4, Blocks 1, 4, 5 and 8, South One-Half of Section 35, T.H.S.L., Plan 9744)

Present Zoning: M-1 Industrial District
Proposed Zoning: CD-1 Comprehensive Development District

- (i) If approved, the CD-1 by-law would permit the use and development of the site generally as follows:

- church;
- child daycare facility;
- accessory uses customarily ancillary to the above;
- maximum floor space ratio of 0.67;
- maximum height of 22.56 m (74 ft.); and
- provisions regarding off-street parking and loading.

- (ii) Any consequential amendments.

Cont'd

Clause Nos. 1 and 2 cont'd

The Director of Planning recommended approval, subject to the following conditions proposed for adoption by resolution of Council:

- (a) That the proposed form of development be approved in principle, generally as prepared by Vern Delgatty, Architect and stamped "Received City Planning Department November 22, 1989," and revised February 21, May 8, and June 1, 1990, provided that the Director of Planning may allow minor alterations to this form of development when approving the detailed scheme of development as outlined in resolution (b) below.
- (b) That, prior to the enactment of the CD-1 by-law, the detailed scheme of development in a development application be approved by the Director of Planning, having particular regard to the following items, as outlined in the City Manager's report dated June 15, 1990:
 - (i) provide a drive-thru/drop-off area to be accessed from Slocan Street, with egress only to Broadway connecting to the underground parking ramp; and the easterly parking ramp to be 6 m (20 ft.) wide;
 - (ii) ensure that no permanent structure is built over the public utility easement on the east side of Lot 3 (church site);
 - (iii) ensure that all landscaping on City property is approved, to the satisfaction of the City Engineer. Above-grade planters and similar structures will not be permitted within the street right-of-way;
 - (iv) ensure further design development regarding detailing and surface materials on the roof and walls of the new church, as well as additional landscaping treatments;
 - (v) ensure that the development is fully accessible to the elderly and disabled;
 - (vi) ensure that the child daycare facility meets Community Care Facility Licensing requirements;
 - (vii) submit an acoustical report which evaluates the ability of the church to keep noise generated within from impacting the neighbourhood; and
 - (viii) make suitable arrangements, to the satisfaction of the City Engineer, for the future provision of 50 additional parking spaces when the City Engineer determines that they are needed.

Cont'd

Clause Nos. 1 and 2 cont'd

- (c) That, prior to enactment of the CD-1 by-law, the registered owner shall, at no cost to the City:
- (i) make suitable arrangements, to the satisfaction of the City Engineer and Director of Legal Services, for provision of a sidewalk on the east side of Slocan Street (Lots 3 and 4) from Broadway south for a distance of approximately 160.02 m (525 ft.);
 - (ii) make suitable arrangements, to the satisfaction of the City Engineer, for the undergrounding of all electrical and telephone services from the closest existing suitable service point;
 - (iii) make suitable arrangements, to the satisfaction of the Director of Planning, to ensure community use of the gymnasium, daycare and meeting space;
 - (iv) establish a reciprocal arrangement, to the satisfaction of the Director of Legal Services, to ensure that the parking needs of Lot 3 (2740 East Broadway) and Lot 4 (2650 Slocan Street), will be met in perpetuity; and
 - (v) register a Section 215 Covenant, effective upon the occupancy of the new church on Lot 3 (2740 East Broadway), prohibiting the use of the existing church on Lot E (2677 East Broadway).

An additional application by John Burrage, on behalf of the Broadway Pentecostal Tabernacle, was also considered as follows:

TEXT AMENDMENT: CD-1 BY-LAW NO. 4677 - 2633-77 EAST BROADWAY (Lots D and E, Block 22, North One-Half of Section 34, T.H.S.L., Plan 15011)

Present Zoning: CD-1 Comprehensive Development District
Proposed Zoning: CD-1 Amended

- (i) If approved, the proposed text amendment would permit the use and development of the site generally as follows:
- church;
 - maximum of 80 dwelling units on Lot D and 40 dwelling units on Lot E;
 - social service centre;
 - accessory uses customarily ancillary to the above;
 - maximum floor space ratio of 1.65;
 - maximum height, 26.52 m (87 ft.) or nine storeys for development on Lot D;
 - maximum height, 12.22 m (40.10 ft.) or four storeys for development on Lot E;
 - acoustical provisions; and
 - provisions regarding off-street parking.
- (ii) Any consequential amendments.

Cont'd

Clause Nos. 1 and 2 cont'd

The Director of Planning recommended approval, subject to the following conditions proposed for adoption by resolution of Council:

- (a) That the proposed form of development be approved in principle, generally as prepared by Vern Delgatty, Architect and stamped "Received City Planning Department November 22, 1989," and revised May 4, May 11, and June 1, 1990, provided that the Director of Planning may allow minor alterations to this form of development when approving the detailed scheme of development as outlined in resolution (b) below.
- (b) That, prior to the enactment of the amending by-law, the detailed scheme of development in a development application be approved by the Director of Planning, having particular regard to the following items for Lot E, as outlined in the City Manager's report dated June 15, 1990:
 - (i) ensure further design development regarding exposure of below-grade units on the north side of the multiple dwelling;
 - (ii) ensure that the development is fully accessible to the elderly and the disabled; and
 - (iii) ensure that all landscaping on City property is approved, to the satisfaction of the City Engineer. Above-grade planters and similar structures will not be permitted within the street right-of-way.
- (c) That, prior to enactment of the amending by-law, the registered owner shall, at no cost to the City:
 - (i) make suitable arrangements, to the satisfaction of the City Engineer, for the undergrounding of all electrical and telephone services from the closest existing suitable service point;
 - (ii) register a Section 215 Covenant, effective upon the occupancy of the new church on Lot 3 (2740 East Broadway), prohibiting the use of the existing church on Lot E (2677 East Broadway); and
 - (iii) establish a reciprocal arrangement, to the satisfaction of the Director of Legal Services, to ensure that the parking needs of Lot D (2633 East Broadway) and Lot E (2677 East Broadway) will be met in perpetuity.

Mr. R.H. Youngberg, Associate Director, Area Planning, reviewed the aforementioned applications. If approved, the rezoning and text amendment would permit the construction of a four-storey multiple dwelling on 2600 Block East Broadway (Site A), intended for seniors' housing, and a new 1500 seat church complex on 2700 Block East Broadway (Site B), on the opposite side of the street from the existing church. It was noted a previous application associated with site A had been withdrawn, while an application associated with site B had been refused at Public Hearing. Issues raised at that time included traffic and parking concerns, size of the church, the height of the proposed multiple residential dwelling, and density. In the opinion of the Director of Planning, those conditions have now been adequately addressed. In particular, parking provisions are now above the required standard, church seating has been reduced, and

 - provisions regarding off-street parking.
- (ii) Any consequential amendments.

Cont'd

Clause Nos. 1 and 2 cont'd

The Director of Planning recommended approval, subject to the following conditions proposed for adoption by resolution of Council:

- (a) That the proposed form of development be approved in principle, generally as prepared by Vern Delgatty, Architect and stamped "Received City Planning Department November 22, 1989," and revised May 4, May 11, and June 1, 1990, provided that the Director of Planning may allow minor alterations to this form of development when approving the detailed scheme of development as outlined in resolution (b) below.
- (b) That, prior to the enactment of the amending by-law, the detailed scheme of development in a development application be approved by the Director of Planning, having particular regard to the following items for Lot E, as outlined in the City Manager's report dated June 15, 1990:
 - (i) ensure further design development regarding exposure of below-grade units on the north side of the multiple dwelling;
 - (ii) ensure that the development is fully accessible to the elderly and the disabled; and
 - (iii) ensure that all landscaping on City property is approved, to the satisfaction of the City Engineer. Above-grade planters and similar structures will not be permitted within the street right-of-way.
- (c) That, prior to enactment of the amending by-law, the registered owner shall, at no cost to the City:
 - (i) make suitable arrangements, to the satisfaction of the City Engineer, for the undergrounding of all electrical and telephone services from the closest existing suitable service point;

 - (iii) establish a reciprocal arrangement, to the satisfaction of the Director of Legal Services, to ensure that the parking needs of Lot D (2633 East Broadway) and Lot E (2677 East Broadway) will be met in perpetuity.

Mr. R.M. Youngberg, Associate Director, Area Planning, reviewed the aforementioned applications. If approved, the rezoning and text amendment would permit the construction of a four-storey multiple dwelling on 2600 Block East Broadway (Site A), intended for seniors' housing, and a new 1500 seat church complex on 2700 Block East Broadway (Site B), on the opposite side of the street from the existing church. It was noted a previous application associated with site A had been withdrawn, while an application associated with site B had been refused at Public Hearing. Issues raised at that time included traffic and parking concerns, size of the church, the height of the proposed multiple residential dwelling, and density. In the opinion of the Director of Planning, those conditions have now been adequately addressed. In particular, parking provisions are now above the required standard, church seating has been reduced, and

Clause Nos. 1 and 2 cont'd

both height and density of the multiple residential dwelling have also been reduced. The public process was much improved over the prior application. Parking difficulty should also be partially mitigated by the implementation of an RPO system in the affected area. Therefore, the Director of Planning recommended approval, subject to the aforementioned conditions.

Mr. Burt Chase, Delgatty Architects, described the efforts made to address the neighbourhood's concerns since the previous Public Hearing. The Church has attempted to be a good neighbour, holding public meetings to discuss the new proposal, canvassing the neighbourhood, hiring a consultant to review traffic and parking problems, collaborating in the establishment of an RPO district and urging members to adhere to parking regulations. The development now includes the provision of substantial additional parking, reduced seating capacity in the Church, and lower height and density for the residential building, all of which respond directly to neighbourhood concerns. The applicant is prepared to address design concerns at the development permit stage.

Pastor Alan Hornby, Broadway Pentecostal Tabernacle, advised the church has operated in Vancouver for 75 years, and all basic ministries have been Vancouver city ministries. Five to six hundred active families live in the city. The church now faces two scenarios: if the rezoning and text amendment are approved, the church will be able to move across the street into a larger, but not mammoth building, with enough parking. Not only will substantially more spaces be provided on the church property, but in addition, there will be more street parking available. The church will be able to expand its daycare, as well as seniors' housing stock, and will have more facilities for youth activities. If the church is unable to expand in this way, there will be perpetual parking pressures continuing on the neighbourhood. In addition, were site B to be developed in accordance with the existing M-1 zoning, a higher density and subsequent additional pressures could result. Therefore, Pastor Hornby urged Council to support the proposed rezoning and text amendment.

The following spoke in support of the applications, testifying to the Church's keen sense of community responsibility, and referencing a wide variety of educational and support activities provided to the community to the extent possible within the existing facility, regardless of church affiliation. In addition to the need for daycare, seniors' housing, and more space for youth activities, the speakers noted space will also be available for community activities, and access for the disabled will be greatly improved.

Cont'd

Clause Nos. 1 and 2 cont'd

Elena Passaglia, 2610 East 8th Avenue, spoke in opposition to the applications, referencing a previously filed petition bearing 61 signatures and filing a further petition bearing 15 signatures. The area already contains a high concentration of multiple residential buildings and other facilities, such as Vancouver Technical Secondary School, which contribute to the parking problem in a single-family zoned neighbourhood. Although Mrs. Passaglia acknowledged the church and the City have made attempts to deal with the parking problem, the proposed new church will still be larger than the existing facility, and the community fears parking problems will only be exacerbated thereby. In addition, it has been difficult to have the RPO regulations enforced sufficiently on Sundays. Council was requested to take the neighbours' opinions into consideration, and not approve the proposed rezoning.

Queried why she believed the considerable increase in parking would exacerbate, rather than relieve the situation, Mrs. Passaglia indicated that after years of parking problems, the neighbourhood lacks confidence that anything will change.

Tony Kosovic, 2881 East 10th Avenue, also opposed the applications. In addition to parking problems, neighbours are concerned about an increase in traffic through their neighbourhood, particularly since many church members are not area residents. In addition, there is concern that the proposed four-storey residential building, which will occupy the present church's site, will cast more shadow on adjacent homes than the peaked church roof, and there will also be a loss of views. The Tabernacle is not a good neighbour, only undertaking mitigation measures when directed to do so by City Council, and neighbours have no confidence that the situation will improve. When it was pointed out that under the existing M-1 industrial zoning, the site across the street could be developed to a high density and increase traffic problems dramatically, Mr. Kosovic indicated neighbours do not believe an industrial development of that magnitude would be built on the site.

Responding to queries, Mr. Youngberg advised he does not expect shadowing to be a problem, although there may be some blockage of views due to the proposed residential building. Shadow and view analyses will take place at the development permit stage. The advantages of building on the south side include the larger site, more flexibility, as well as less proximity to the residential neighbourhood. There are some contingencies built in; if parking becomes a problem upon monitoring, there is a provision for an additional 50 on-site parking spaces. Mr. Youngberg believed most issues will be addressed.

MOVED by Ald. Bellamy,

THAT the rezoning and text amendment applications be approved, subject to the conditions proposed by the Director of Planning, as set out in this minute of the Public Hearing.

BY-LAW NO. 6911

A By-law to amend
By-law No. 3575, being the
Zoning and Development By-law

THE COUNCIL OF THE CITY OF VANCOUVER, in open meeting
assembled, enacts as follows:

1. The "Zoning District Plan" annexed to By-law No. 3575 as Schedule "D" is hereby amended according to the plan marginally numbered Z-382(b) and attached to this By-law as Schedule "A", and in accordance with the explanatory legends, notations and references inscribed thereon, so that the boundaries and districts shown on the Zoning District Plan are varied, amended or substituted to the extent shown on Schedule "A" of this By-law, and Schedule "A" of this By-law is hereby incorporated as an integral part of Schedule "D" of By-law No. 3575.

2. The area shown included within the heavy black outline on Schedule "A" is rezoned to CD-1, which area shall be more particularly described as CD-1(280), and the only uses permitted within the said area, subject to such conditions as Council may by resolution prescribe, and the only uses for which development permits will be issued are:

- (a) church;
- (b) child day care facility; and
- (c) accessory uses customarily ancillary to the above uses, including classroom, gymnasium, meeting hall and office.

3. Floor Space Ratio

The floor space ratio, computed in accordance with the applicable provisions of the RM-4 and RM-4N Districts Schedule, shall not exceed 0.67.

4. Height

The maximum building height measured above the base surface shall be 22.56 m (74 ft.).

5. Off-Street Parking and Loading

Off-street parking and loading shall be provided, developed and maintained in accordance with the provisions of the Parking By-law, except that a minimum of 365 parking spaces, one loading space and four spaces adequately sized and located for the parking of buses shall be provided.

6. This By-law comes into force and takes effect on the date of its passing.

DONE AND PASSED in open Council this 10th day of
December, 1991.

COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,
 SECONDED by Cllr. Daniel Lee,

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

- CARRIED UNANIMOUSLY

1. Text Amendments: District Schedules, Official Development Plans and

CD-1 By-laws - Floor Space Exclusions

[Barrett Commission]

An application by the Director of Current Planning was considered as follows:

Summary: The proposed text amendments would provide floor space exclusions to provide construction incentives to control building envelope leaks.

The Director of Current Planning recommended approval.

Staff Comments

Jacqui Forbes-Roberts, General Manager of Community Services, provided a brief introduction to the report, noting the proposed text amendments would affect new construction and repairs and restoration of existing buildings. Ms. Forbes-Roberts also requested an amendment to the proposed draft by-law to amend By-law 3575 to add RS1 to Section 4.7.3, (d).

Doug Watts, Building Envelope Specialist, with the aid of a slide presentation, described the specifics of the technical and different design issues of the proposed amendments, and explained what steps other municipalities have taken to address the recommendations arising from the Barrett Commission.

Summary of Correspondence

Council was advised the following correspondence was received since the date the application was referred to Public Hearing:

one letter in support of 'Option A'.

Speakers

Mayor Owen called for speakers for and against the application.

The following spoke in support of 'Option A':

John Fowler, Canadian Precast/Prestressed Concrete Institute
Bill McEwen, Masonry Institute of British Columbia (brief filed)
Peter Reese

The foregoing speakers supported 'Option A' based on one or more of the following points:

application of the current FSR calculations has prevented a wide-spread use of precast concrete exterior walls; there have been very few problems with the use of pre-cast concrete, which has proven to be a versatile and durable material;

thicker exterior walls are better walls, because they can include an airspace cavity behind the cladding which provides a "rainscreen" system, more efficient insulation, thicker, more durable cladding materials; current FSR calculations discourage the foregoing;

the proposed changes in FSR definitions will immediately encourage better wall design;

brick and stone-faced walls should be encouraged.

The following generally supported 'Option A' but felt the proposed text amendments should be referred back to staff for further study and discussion with the industry:

John O'Donnell, AIBC
Stuart Howard, Vancouver Planning Coalition

The following is a summary of the foregoing speakers' comments:

Option 'A' is supported in principle; however the text amendments also should address overhangs, balconies, elevated walkways, yard setbacks, and site coverage; staff should accept the electronic calculation of areas and the calculations of the Architect, given under seal; letters of assurance from a building envelope specialist are redundant at an early stage; the proposed text amendments should cover everything instead of the City issuing administrative bulletins to address further changes.

Staff Closing Comments

Ralph Segal, Planner; Eric Fiss, Planner; and Doug Watts responded to the issues raised by the speakers: the proposed text amendments are the result of a fair bit of consultation with the industry; a building envelope specialist is required to be involved in the process earlier as technical details are to be submitted at the development permit stage; staff are taking a further look at other issues, such as recesses, balconies and walkways.

Ms. Forbes-Roberts advised Council may proceed with the proposed amendments to the floor space exclusions and request staff to come back with additional amendments. Staff and the industry would prefer the FSR exclusions not be delayed.

MOVED by Cllr. Don Lee,

A. THAT the application by the Director of Current Planning to amend various District Schedules, Official Development Plans and CD-1 By-laws to provide floor space exclusions to provide construction incentives to control building envelope leaks be approved.

FURTHER THAT the draft By-law 3575, section 4.7.3, be amended as follows:

(d) as clause (h) in the following district schedules:

RS-1 and RS-1S RT-4, etc.

(Italics denote amendment)

B. THAT staff report back on other aspects affecting leakage of buildings, such as overhangs, protection of upper balconies, recesses, etc.

- CARRIED UNANIMOUSLY

RISE FROM COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

ADOPT REPORT OF COMMITTEE OF THE WHOLE

MOVED by Cllr. Clarke,
SECONDED BY Cllr. Don Lee,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

- CARRIED UNANIMOUSLY

The Special Council adjourned at 9:20 p.m.

being By-laws which amended the
Zoning and Development By-law
by rezoning areas to CD-1

THE COUNCIL OF THE CITY OF VANCOUVER, in open meeting
assembled, enacts as follows:

1. By-law No. 3907 is amended in Section 2 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

2. By-law No. 4412 is amended in Section 2 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

3. By-law No. 5376 is amended in Section 2 by deleting the period from the end of subclause (iii) and substituting it with a semi-colon and by adding the following subclause:

"(iv) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this subclause shall not apply to walls in existence prior to March 14, 2000."

4. By-laws No. 4825 and 6325 are each amended in Section 3 by deleting the period from the end of subclause (ii) and substituting it with a semi-colon and by adding the following subclause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this subclause shall not apply to walls in existence prior to March 14, 2000."

5. By-law No. 5343 is amended in Section 3 by deleting the period from the end of clause (iii) and substituting it with a semi-colon and by adding the following clause:

"(iv) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000"

6. By-laws No. 4775, 4829, 5222, 5224, 5773 and 6039 are each amended in Section 3 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the

Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

7. By-laws No. 4085, 5411, and 5416 are each amended in Section 3 by deleting the period from the end of clause (c) and substituting it with a semi-colon and by adding the following clause:

"(d) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

8. By-law No. 5407 is amended in Section 3 by deleting the period from the end of clause (d) and substituting it with a semi-colon and by adding the following clause:

"(e) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

9. The By-laws listed below are each amended in Section 3 by adding the following section:

"3.1 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."

10. By-laws No. 6314 and 6582 are each amended in Section 3.1 by deleting the period from the end of clause (ii) and substituting it with a semi-colon and by adding the following clause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

11. By-law No. 6272 is amended in Section 3.1 by deleting the word "and" from the end of subclause (c)(i), by deleting the period from the end of subclause (c)(ii) and substituting it with a semi-colon and by adding the following subclause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

12. By-law No. 4580 is amended in Section 3.2 by deleting the period at the end of the section and substituting it with a semi-colon, by relettering the existing text as clause (a) and by adding the following clause:

"(b) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

13. By-law No. 6884 is amended in Section 3.1 by deleting the word "and" from the end of clause (a), by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

14. By-law No. 5683 is amended in Section 3.2 by deleting the period at the end of this section and substituting it with a semi-colon and by adding the following clause:

"(b) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor

space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

15. By-law No. 8088 is amended in Section 3.2 by adding the following clause:

"(d) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

16. By-law No. 6009 is amended in Section 3.2 by deleting the period at the end of subclause (e)(vii) and substituting it with a semi-colon and by adding the following clause:

"(f) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

17. By-law No. 4677 is amended in Section 3.2 by deleting the period at the end of clause (f) and substituting it with a semi-colon and by adding the following clause:

"(g) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

18. The By-laws listed below are each amended in Section 3 by adding the following section:

"3.3 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."
