CD-1 (343)

1202-92 West Georgia Street

By-law No. 7519

(Being a By-law to Amend By-law 3575, being the Zoning and Development By-law)

Effective January 30, 1996

(Amended up to and including By-law No. 8760, dated December 9, 2003)

1 *[Section 1 is not reprinted here. It contains a standard clause amending Schedule D (Zoning District Plan) to reflect this rezoning to CD-1.]*

2 **Uses**

The area shown included within the heavy black outline on Schedule “A” shall be more particularly described as CD-1(343) and the only uses permitted within the outlined area, subject to such conditions as Council may by resolution prescribe, and the only uses for which development permits will be issued are

- (a) Multiple Conversion Dwelling,
- (b) Multiple Dwellings,
- (c) Accessory Uses customarily ancillary to the above uses.

3 **Floor Space Ratio**

3.1 The floor space ratio must not exceed 6.56. For the purpose of computing floor space ratio, the site is all parcels covered by this By-law, and is deemed to be 5 630 m², being the site size at time of application for rezoning, prior to any dedications.

3.2 The following will be included in the computation of floor space ratio:

- (a) all floors having a minimum ceiling height of 1.2 m, both above and below ground level, to be measured to the extreme outer limits of the building.

3.3 The following will be excluded in the computation of floor space ratio:

- (a) open residential balconies, sundecks, and any other appurtenances which, in the opinion of the Director of Planning, are similar to the foregoing, provided that the total area of all exclusions does not exceed 8 percent of the provided residential floor area;
- (b) patios and roof gardens, provided that the Director of Planning first approves the design of sunroofs and walls;
- (c) where floors are used for off-street parking and loading, bicycle storage, heating and mechanical equipment, or uses which in the opinion of the Director of Planning are similar to the foregoing, those floors or portions thereof so used, which are at or below the base surface, provided that the maximum exclusion for a parking space shall not exceed 7.3 m in length;
- (d) elevator shafts, lockers, laundry rooms and entrance lobbies providing the areas are ancillary to residential uses;
- (e) social and recreational amenities and facilities provided that the area of such excluded facilities does not exceed 20 percent of the allowable floor space or 1 000 m², whichever is the lesser; and
- (f) all residential storage space above or below base surface, except that if the residential storage space above base surface exceeds 3.7 m² per dwelling unit, there will be no exclusion for any of the residential storage space above base surface for that unit; [8760; 03 12 09]
- (g) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000. [8169; 00 03 14]

4 **Height**

The maximum building height measured above the base surface is 101.0 m.

Note: Information included in square brackets [] identifies the by-law numbers and dates for the amendments to By-law No. 7519 or provides an explanatory note.

5 Off-Street Parking and Loading

Off-street parking and loading must be provided, developed and maintained in accordance with the applicable provisions of the Parking By-law, except as follows:

- (a) off-street parking spaces for dwelling uses must provide a minimum of 0.9 off-street parking space for every dwelling unit plus an additional 1.0 space for each 200 m² of gross floor area, except that no more than 2.2 spaces for every dwelling unit need be provided, and
- (b) off-street loading spaces for dwelling uses must provide
 - less than 100 units - 0 spaces
 - 100-299 units - 1 spaces
 - 300-499 units - 2 spaces
 - 500 or more units - 3 spaces

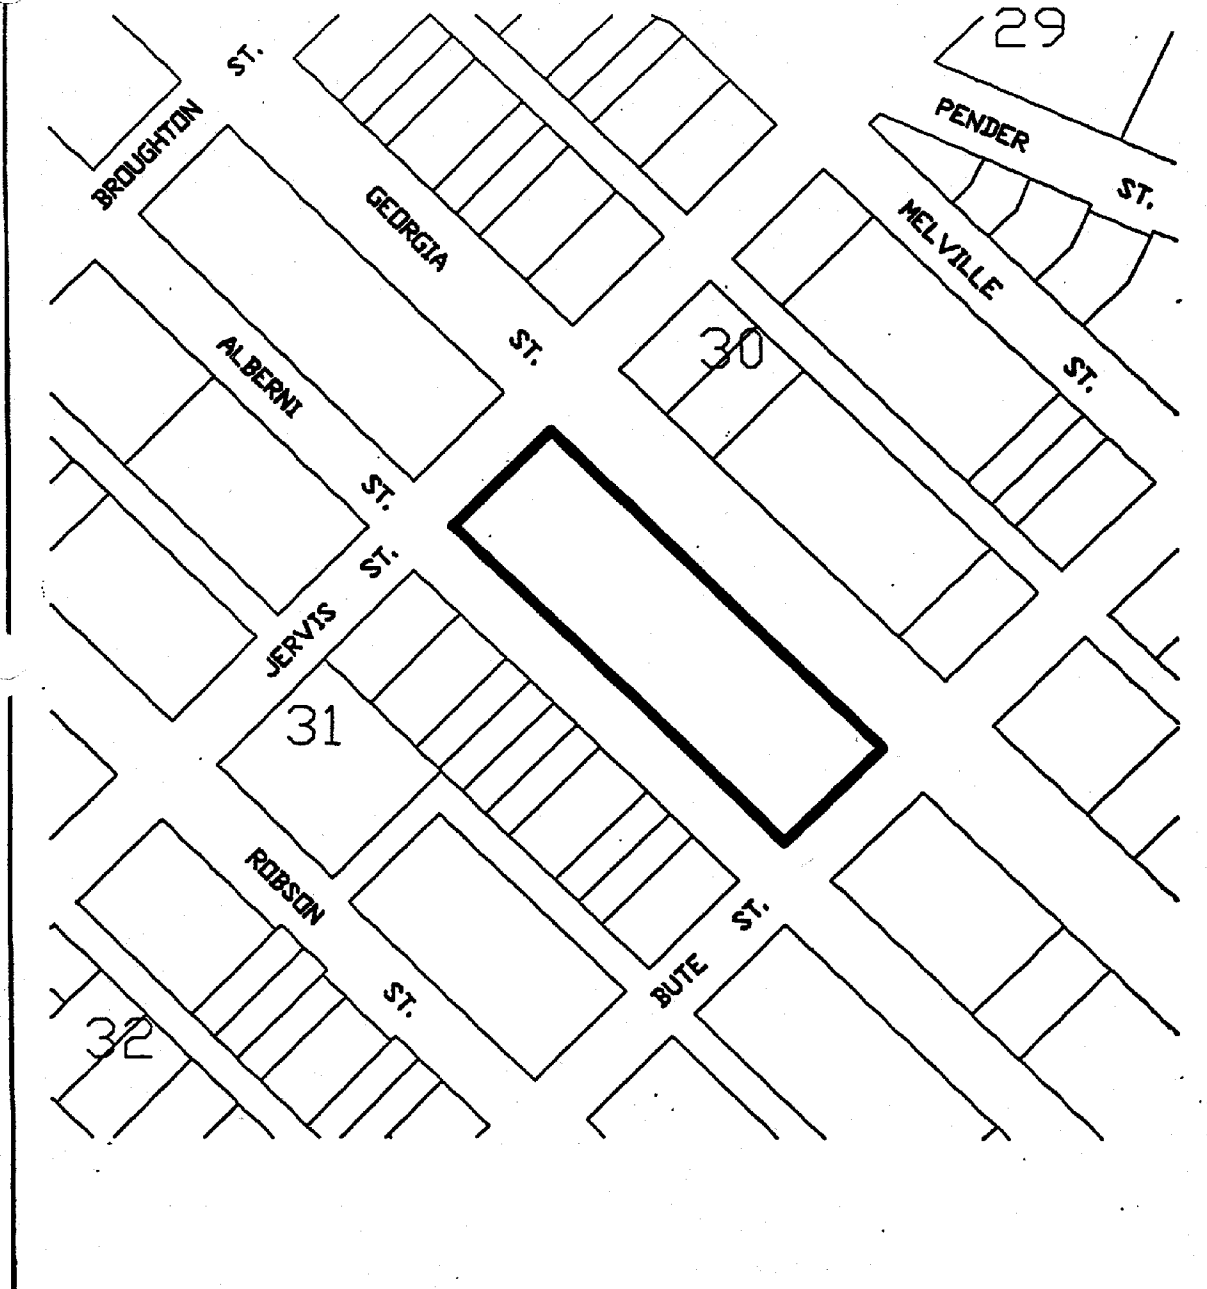

6 Acoustics

All development permit applications require evidence in the form of a report and recommendations prepared by a person trained in acoustics and current techniques of noise measurement demonstrating that the noise levels in those portions of the dwelling units listed below will not exceed the noise level set opposite such portions. For the purposes of this section the noise level is the A-weighted 24-hour equivalent (Leq) sound level and will be defined simply as noise level in decibels.

Portions of Dwelling Units	Noise Level (Decibels)
bedrooms	35
living, dining, recreation rooms	40
kitchen, bathrooms, hallways	45

CITY OF VANCOUVER
SPECIAL COUNCIL MEETING

A Special Meeting of the Council of the City of Vancouver was held on Tuesday, September 12, 1995, at 7:30 p.m., in the Council Chamber, Third Floor, City Hall, for the purpose of holding a Public Hearing to amend the Zoning and Development By-law and Heritage By-law.

PRESENT: Mayor Owen
Councillors Bellamy, Chiavario, Clarke,
Hemer, Kennedy, Kwan, Price
and Sullivan

ABSENT: Councillor Ip
Councillor Puil

GENERAL MANAGER'S REPRESENTATIVE: Ted Droettboom

CLERK TO THE COUNCIL: Gary MacIsaac

COMMITTEE OF THE WHOLE

MOVED by Cllr. Bellamy,
SECONDED by Cllr. Hemer,
THAT this Council resolve itself into Committee of the Whole,
Mayor Owen in the Chair, to consider proposed amendments to the
Zoning and Development and Heritage By-laws.

- CARRIED UNANIMOUSLY

Items 1(a) and 1(b) were read into the record and considered concurrently.

1(a) Rezoning: 1202-1292 West Georgia Street
(Lots 1-7, Block 31, D.L. 185, Plan 92)

An application by James K.M. Cheng Architects Inc. was considered as follows:

The proposed rezoning, from DD Downtown District to CD-1 Comprehensive Development District, would:

- permit construction of two high-rise (35 storeys) residential towers accommodating 471 units;
- permit construction of 17 three and one-half storey townhouse units;

cont'd....

Clause 1(a) and (b) (cont'd)

- permit renovation of existing heritage building on Jervis Street (Abbott House) to accommodate five dwelling units;
- limit maximum building height to 101 m (331.4 ft.);
- limit maximum density to 6.56 FSR (floor space ratio), which includes a heritage density bonus of 0.30 FSR to be used on-site, the balance (0.26 FSR) to be banked for possible future transfer off-site; and
- require 621 off-street underground parking spaces.

The Director of Land Use and Development recommended approval, subject to the following conditions proposed for adoption by resolution of Council:

- (a) THAT the proposed form of development be approved by Council in principle, generally as proposed by James K.M. Cheng Architects Inc. and stamped "Received City Planning Department June 20, 1995" provided that the Director of Planning may allow minor alterations to this form of development when approving the detailed scheme of development as outlined in (b) below.
- (b) THAT, prior to approval by Council of the form of development, the applicant shall obtain approval of a development application by the Director of Planning, who shall have regard to the following:
 - i) submit complete "as found" documentation of the heritage building in the form of drawings and photogrammetric recording;
 - ii) submit a set of "restoration" documentation both "as found" and archival (drawings, photos, specifications) describing the work to be done on the heritage building, clearly indicating those features which are to be retained, restored, moved or removed;
 - iii) design development to the westerly tower base to provide built form and detailing that respond to the scale and detail of the heritage building;
 - iv) design development to the easterly tower base and facade to provide detailing and a more pedestrian friendly treatment to the Bute Street edge;

cont'd....

Clause 1(a) and (b) (cont'd)

- v) design development to the open space and landscape edge on West Georgia Street to more closely meet the Council-adopted DD (except Downtown South), C-5, C-6, HA-1 and HA-2 Character Area Descriptions;

(NOTE: Heights of retaining walls at sidewalk level are to be minimized.)
- vi) design development to the Bute Street setback to ensure compliance with the Council-adopted Triangle West Streetscape Concept Plan with particular attention to the vehicle access ramp in this location;
- vii) design development to provide a period garden setting for the heritage building, including the restoration/replication of the garden stone wall gates, and railings, with particular attention to the vehicle ingress/egress ramp to Jervis Street;
- viii) design development to ensure that the vertical clearance at the parking entrances be 3.5 m (11.5 ft.) to provide for truck access;
- ix) design details to incorporate crime prevention through environmental design (CPTED) principles (refer to Appendix D of Manager's report - Police Department comments);
- x) provision of recycling/garbage facilities to the satisfaction of Engineering Services;
- xi) provision of bicycle parking facilities in accordance with Council-adopted Bicycle Parking Guidelines;
- xii) submission of a detailed landscape plan in accordance with the Council-adopted Triangle West Streetscape Concept Plan; and
- xiii) submission of an acoustical consultant's report assessing noise impacts on the site and recommending noise mitigation measures to achieve noise criteria.

cont'd....

Clause 1(a) and (b) (cont'd)

(c) THAT, prior to enactment of the CD-1 By-law, the registered owner shall, at no cost to the City:

i) execute a Section 215 agreement, to be registered against the property, to the satisfaction of the Director of Legal Services and the Director of Permits and Licenses, that there will be no development until agreements satisfactory to the Director of Legal Services have been entered into providing all lands will be remediated to all applicable statutes and no occupancy permit will be issued until all lands have been remediated, to the satisfaction of the Director of Legal Services;

ii) execute an agreement, to be registered against the property, to the satisfaction of the Director of Legal Services, in consultation with appropriate Department Heads, by which the owner agrees to provide temporary protection for the heritage building before and during construction on the site, ensure that the building is not to be moved off site, and that the occupancy of the new buildings shall be subject to the completion and restoration of the heritage building;

(NOTE: This agreement will be cancelled when the heritage work is complete.)

iii) execute a heritage revitalization agreement, to be registered against the property, to the satisfaction of the Director of Legal Services, in consultation with appropriate Department Heads, by which the owner secures and agrees to undertake the necessary restorative work to the existing heritage building, noting that all future repairs and renovations require a heritage permit, and that in the event the heritage building is irreparably damaged the owner further undertakes to conduct whatever necessary and reasonable arrangements are needed to satisfactorily replicate the heritage building;

iv) execute an agreement, to be registered against the property, to the satisfaction of the Director of Legal Services, in consultation with appropriate Department Heads, limiting development on 1202-92 West Georgia Street to a maximum of 6.30 FSR as defined in the CD-1 By-law;

cont'd....

Clause 1(a) and (b) (cont'd)

- v) execute an agreement, to the satisfaction of the Director of Legal Services, to not discriminate against families with children in the sale of residential units;
- vi) consolidate the site;
- vii) make suitable arrangements, to the satisfaction of Engineering Services, for any new electrical and telephone services to be undergrounded within and adjacent to the site from the closest, existing suitable service point;
- viii) designate the building at 720 Jervis Street (Abbott House) under Schedule 'A' of the City's Heritage By-law;

(NOTE: Prior to enactment of the CD-1 By-law, the registered property owner will provide a letter waiving future compensation demands for this designation.)
- ix) contribute to the City a community amenity contribution totalling \$2,247,159; and
- x) execute an agreement, to the satisfaction of the Director of Legal Services, to ensure participation in the City of Vancouver public arts program, including the contribution of \$0.95 per sq. ft. (\$10.23 per m²) of floor area totalling \$345,437.

1(b) Heritage By-law Amendment:
1202-1292 West Georgia Street

An application by the Director of Land Use and Development was considered as follows:

The proposed amendment to Heritage By-law No. 4837 would designate the existing Abbott House as protected Heritage Property.

The Director of Land Use and Development recommended approval of this application.

cont'd....

Clause 1(a) and (b) (cont'd)

Staff Opening Comments

Mr. Dave Thomsett, Planner, advised this application proposes to rezone a whole city block in the Triangle West portion of the Downtown. A mixed-use building is permitted 6.0 FSR, but the rezoning is also offering to retain and fully restore the Abbott House, which is a Class 'A' heritage building. This restoration and retention requires an extra 0.56 FSR in order to make the proposal viable. Of this 0.56 FSR, 0.3 will be used in this development for a total FSR of 6.3 on the site and 0.26 would be banked for transfer off-site.

Residential development is less size volumetrically than office buildings because of a lower ceiling height. The height proposed is 331 feet. Some view blockage with developments located to the west will occur, as would be the case with any development on the site.

Mr. Robert Lemon, Heritage Planner, advised that staff have not received any objections to the designation of the Abbott House as a result of their notification.

Applicant Opening Comments

Mr. James Cheng, architect, advised he is in total agreement with the staff recommendations.

Correspondence

There was no correspondence received on this application.

Speakers

The Mayor called for speakers and the following registered opposition to the proposed application:

- Ms. Estelle Fogell
- Ms. Debbie Barlow
- Mr. Gary Barclay
- Ms. Pamela Goddard.

cont'd....

Clause 1(a) and (b) (cont'd)

The foregoing opposed the application on one or more of the following grounds:

- The towers are too high and their height should be limited to no more than 300 feet;
- Density in the area is increasing, leading to more traffic congestion;
- Not all persons in the area were notified of the proposed changes;
- The developer should be required to provide community amenities;
- The report from staff indicate that community amenity contributions were discussed by Council (In Camera). The community should be permitted to be involved in this process;
- The development is aimed at the high-end of the housing market and will result in the displacement of lower-income people. There should be some onus on the developer to accommodate those being displaced.

None of the foregoing speakers were opposed to the retention and restoration of the Abbott House, and several indicated a desire for this aspect of the proposal.

Applicant Closing Comments

Responding to a question from a member of Council concerning the applicant's proposed plans for the interior of the Abbott House, Mr. Cheng advised that initially, when looking at the Abbott House, the only thing that was listed of significance was the stained glass windows. Once it became apparent the exterior of the Abbott House is worth preserving, attention has been aimed at restoring the exterior and adding a garden to complement it. It is the intention to keep the interior as much as possible, but it will be necessary to rip the interior out and then rebuild it, due to the structural repair requirements of the house.

In terms of amenities, the applicant is required to contribute \$2.2 million as a community amenity contribution to the City, plus a \$350,000 public art program, plus major open space, and gardens, so the amenities will be much greater than the parking lot which exists on this site at present.

cont'd....

Clause 1(a) and (b) (cont'd)

This development is also in keeping with Council's strategy of reducing traffic congestion by encouraging residential development in this area and reducing commuters. The application also provides for a substantial amount of bicycle parking within the new residential complex.

Staff Closing Comments

Staff offered no additional comments.

Council Decision

Prior to making a decision, several members of Council expressed the view that staff need to reconsider their approach when notifying residents about rezoning applications, as well as other City-related issues. Members of Council also referred to a previously requested report on waterfront tower height and Council expressed a desire to see this report as soon as possible.

MOVED by Cllr. Bellamy,

THAT this application be approved, subject to the conditions as set out in this minute of the Public Hearing.

- CARRIED UNANIMOUSLY

MOVED by Cllr. Price,

THAT the City Manager ensure that when the anticipated report from the Housing Centre on housing affordability comes back, it deals with the issues related to Triangle West and new neighbourhoods.

- CARRIED UNANIMOUSLY

2. Balcony Enclosures and Acoustic Requirements

An application by the Director of Land Use and Development was considered as follows:

The proposed amendments to various zoning District Schedules, Official Development Plans and CD-1 Comprehensive Development District By-laws, would either:

- not allow any of the permitted residential floor area to be excluded from Floor Space Ratio (FSR) for enclosed balconies except in buildings existing prior to April 23, 1985 in which case the present regulations would apply; or

BY-LAW NO. 7519

A By-law to amend
By-law No. 3575, being the
Zoning and Development By-law

THE COUNCIL OF THE CITY OF VANCOUVER, in open meeting assembled, enacts as follows:

1. The "Zoning District Plan" annexed to By-law No. 3575 as Schedule "D" is hereby amended according to the plan marginally numbered Z-445(a) and attached to this By-law as Schedule "A", and in accordance with the explanatory legends, notations and references inscribed thereon, so that the boundaries and districts shown on the Zoning District Plan are varied, amended or substituted to the extent shown on Schedule "A" of this By-law, and Schedule "A" of this By-law is hereby incorporated as an integral part of Schedule "D" of By-law No. 3575.

2. Uses

The area shown included within the heavy black outline on Schedule "A" shall be more particularly described as CD-1(343), and the only uses permitted within the outlined area, subject to such conditions as Council may by resolution prescribe, and the only uses for which development permits will be issued are

- (a) Multiple Conversion Dwelling,
- (b) Multiple Dwellings,
- (c) Accessory Uses customarily ancillary to the above uses.

3. Floor Space Ratio

3.1 The floor space ratio must not exceed 6.56. For the purpose of computing floor space ratio, the site is all parcels covered by this By-law, and is deemed to be 5 630 m², being the site size at time of application for rezoning, prior to any dedications.

3.2 The following will be included in the computation of floor space ratio:

- (a) all floors having a minimum ceiling height of 1.2 m, both above and below ground level, to be measured to the extreme outer limits of the building.

3.3 The following will be excluded in the computation of floor space ratio:

- (a) open residential balconies, sundecks, and any other appurtenances which, in the opinion of the Director of Planning, are similar to the foregoing, provided that the total area of all exclusions does not exceed 8 percent of the provided residential floor area;
- (b) patios and roof gardens, provided that the Director of Planning first approves the design of sunroofs and walls;
- (c) where floors are used for off-street parking and loading, bicycle storage, heating and mechanical equipment, or uses which in the opinion of the Director of Planning are similar to the foregoing, those floors or portions thereof so used, which are at or below the base surface, provided that the maximum exclusion for a parking space shall not exceed 7.3 m in length;
- (d) elevator shafts, lockers, laundry rooms and entrance lobbies providing the areas are ancillary to residential uses;
- (e) social and recreational amenities and facilities provided that the area of such excluded facilities does not exceed 20 percent of the allowable floor space or 1 000 m², whichever is the lesser; and
- (f) residential storage space provided that where the space is provided at or above base surface, the maximum exclusion shall be 3.7 m² per dwelling unit.

3.4 The Director of Planning may permit the following to be excluded in the computation of floor space ratio:

- (a) enclosed residential balconies, provided that the Director of Planning first considers all applicable policies and guidelines adopted by Council and approves the design of any balcony enclosure, and provided further that the total area of all open and enclosed balcony or sundeck exclusions does not exceed 8 percent of the provided residential floor area.

4. Height

The maximum building height measured above the base surface is 101.0 m.

5. Off-Street Parking and Loading

Off-street parking and loading must be provided, developed and maintained in accordance with the applicable provisions of the Parking By-law, except as follows:

- (a) off-street parking spaces for dwelling uses must provide a minimum of 0.9 off-street parking space for every dwelling unit plus an additional 1.0 space for each 200 m² of gross

floor area, except that no more than 2.2 spaces for every dwelling unit need be provided, and

(b) off-street loading spaces for dwelling uses must provide

less than 100 units	-	0 spaces
100-299 units	-	1 space
300-499 units	-	2 spaces
500 or more units	-	3 spaces

6. Acoustics

All development permit applications require evidence in the form of a report and recommendations prepared by a person trained in acoustics and current techniques of noise measurement demonstrating that the noise levels in those portions of the dwelling units listed below will not exceed the noise level set opposite such portions. For the purposes of this section the noise level is the A-weighted 24-hour equivalent (Leq) sound level and will be defined simply as noise level in decibels.

<u>PORTIONS OF DWELLING UNITS</u>	<u>NOISE LEVELS (DECIBELS)</u>
bedrooms	35
living, dining, recreation rooms	40
kitchen, bathrooms, hallways	45
terraces, patios, balconies	60

SPECIAL COUNCIL MEETING MINUTES

FEBRUARY 24, 2000

A Special Meeting of the Council of the City of Vancouver was held on Thursday, February 24, 2000, at 7:35 p.m., in Council Chambers, Third Floor, City Hall, for the purpose of holding a Public Hearing to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

PRESENT: Mayor Philip Owen
 Councillor Fred Bass
 Councillor Jennifer Clarke
 Councillor Daniel Lee
 Councillor Don Lee
 Councillor Sandy McCormick
 Councillor Sam Sullivan

ABSENT: Councillor Lynne Kennedy
 Councillor Tim Louis
 Councillor Gordon Price (Sick Leave)
 Councillor George Puil (Civic Business)

CITY CLERK'S OFFICE: Tarja Tuominen, Meeting Coordinator

COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,
 SECONDED by Cllr. Daniel Lee,

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

- CARRIED UNANIMOUSLY

1. Text Amendments: District Schedules, Official Development Plans and

CD-1 By-laws - Floor Space Exclusions

[Barrett Commission]

An application by the Director of Current Planning was considered as follows:

Summary: The proposed text amendments would provide floor space exclusions to provide construction incentives to control building envelope leaks.

The Director of Current Planning recommended approval.

Staff Comments

Jacqui Forbes-Roberts, General Manager of Community Services, provided a brief introduction to the report, noting the proposed text amendments would affect new construction and repairs and restoration of existing buildings. Ms. Forbes-Roberts also requested an amendment to the proposed draft by-law to amend By-law 3575 to add RS1 to Section 4.7.3, (d).

Doug Watts, Building Envelope Specialist, with the aid of a slide presentation, described the specifics of the technical and different design issues of the proposed amendments, and explained what steps other municipalities have taken to address the recommendations arising from the Barrett Commission.

Summary of Correspondence

Council was advised the following correspondence was received since the date the application was referred to Public Hearing:

one letter in support of 'Option A'.

Speakers

Mayor Owen called for speakers for and against the application.

The following spoke in support of 'Option A':

John Fowler, Canadian Precast/Prestressed Concrete Institute
Bill McEwen, Masonry Institute of British Columbia (brief filed)
Peter Reese

The foregoing speakers supported 'Option A' based on one or more of the following points:

application of the current FSR calculations has prevented a wide-spread use of precast concrete exterior walls; there have been very few problems with the use of pre-cast concrete, which has proven to be a versatile and durable material;

thicker exterior walls are better walls, because they can include an airspace cavity behind the cladding which provides a "rainscreen" system, more efficient insulation, thicker, more durable cladding materials; current FSR calculations discourage the foregoing;

the proposed changes in FSR definitions will immediately encourage better wall design;

brick and stone-faced walls should be encouraged.

The following generally supported 'Option A' but felt the proposed text amendments should be referred back to staff for further study and discussion with the industry:

John O'Donnell, AIBC
Stuart Howard, Vancouver Planning Coalition

The following is a summary of the foregoing speakers' comments:

Option 'A' is supported in principle; however the text amendments also should address overhangs, balconies, elevated walkways, yard setbacks, and site coverage; staff should accept the electronic calculation of areas and the calculations of the Architect, given under seal; letters of assurance from a building envelope specialist are redundant at an early stage; the proposed text amendments should cover everything instead of the City issuing administrative bulletins to address further changes.

Staff Closing Comments

Ralph Segal, Planner; Eric Fiss, Planner; and Doug Watts responded to the issues raised by the speakers: the proposed text amendments are the result of a fair bit of consultation with the industry; a building envelope specialist is required to be involved in the process earlier as technical details are to be submitted at the development permit stage; staff are taking a further look at other issues, such as recesses, balconies and walkways.

Ms. Forbes-Roberts advised Council may proceed with the proposed amendments to the floor space exclusions and request staff to come back with additional amendments. Staff and the industry would prefer the FSR exclusions not be delayed.

MOVED by Cllr. Don Lee,

A. THAT the application by the Director of Current Planning to amend various District Schedules, Official Development Plans and CD-1 By-laws to provide floor space exclusions to provide construction incentives to control building envelope leaks be approved.

FURTHER THAT the draft By-law 3575, section 4.7.3, be amended as follows:

(d) as clause (h) in the following district schedules:

RS-1 and RS-1S RT-4, etc.

(Italics denote amendment)

B. THAT staff report back on other aspects affecting leakage of buildings, such as overhangs, protection of upper balconies, recesses, etc.

- CARRIED UNANIMOUSLY

RISE FROM COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

ADOPT REPORT OF COMMITTEE OF THE WHOLE

MOVED by Cllr. Clarke,
SECONDED BY Cllr. Don Lee,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

- CARRIED UNANIMOUSLY

The Special Council adjourned at 9:20 p.m.

being By-laws which amended the
Zoning and Development By-law
by rezoning areas to CD-1

THE COUNCIL OF THE CITY OF VANCOUVER, in open meeting
assembled, enacts as follows:

1. By-law No. 3907 is amended in Section 2 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

2. By-law No. 4412 is amended in Section 2 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

3. By-law No. 5376 is amended in Section 2 by deleting the period from the end of subclause (iii) and substituting it with a semi-colon and by adding the following subclause:

"(iv) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this subclause shall not apply to walls in existence prior to March 14, 2000."

4. By-laws No. 4825 and 6325 are each amended in Section 3 by deleting the period from the end of subclause (ii) and substituting it with a semi-colon and by adding the following subclause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this subclause shall not apply to walls in existence prior to March 14, 2000."

5. By-law No. 5343 is amended in Section 3 by deleting the period from the end of clause (iii) and substituting it with a semi-colon and by adding the following clause:

"(iv) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000"

6. By-laws No. 4775, 4829, 5222, 5224, 5773 and 6039 are each amended in Section 3 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the

Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

7. By-laws No. 4085, 5411, and 5416 are each amended in Section 3 by deleting the period from the end of clause (c) and substituting it with a semi-colon and by adding the following clause:

"(d) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

8. By-law No. 5407 is amended in Section 3 by deleting the period from the end of clause (d) and substituting it with a semi-colon and by adding the following clause:

"(e) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

9. The By-laws listed below are each amended in Section 3 by adding the following section:

"3.1 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."

10. By-laws No. 6314 and 6582 are each amended in Section 3.1 by deleting the period from the end of clause (ii) and substituting it with a semi-colon and by adding the following clause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

11. By-law No. 6272 is amended in Section 3.1 by deleting the word "and" from the end of subclause (c)(i), by deleting the period from the end of subclause (c)(ii) and substituting it with a semi-colon and by adding the following subclause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

12. By-law No. 4580 is amended in Section 3.2 by deleting the period at the end of the section and substituting it with a semi-colon, by relettering the existing text as clause (a) and by adding the following clause:

"(b) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

13. By-law No. 6884 is amended in Section 3.1 by deleting the word "and" from the end of clause (a), by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

14. By-law No. 5683 is amended in Section 3.2 by deleting the period at the end of this section and substituting it with a semi-colon and by adding the following clause:

"(b) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor

space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

15. By-law No. 8088 is amended in Section 3.2 by adding the following clause:

"(d) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

16. By-law No. 6009 is amended in Section 3.2 by deleting the period at the end of subclause (e)(vii) and substituting it with a semi-colon and by adding the following clause:

"(f) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

17. By-law No. 4677 is amended in Section 3.2 by deleting the period at the end of clause (f) and substituting it with a semi-colon and by adding the following clause:

"(g) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

18. The By-laws listed below are each amended in Section 3 by adding the following section:

"3.3 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."

29. By-law No. 7980 is amended

(a) in Section 3.4 by deleting the period from the end of clause (d) and substituting it with a semi-colon and by adding the following clause:

"(e) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000.", and

(b) in Section 3.7 by deleting the period from the end of clause (f) and substituting it with a semi-colon and by adding the following clause:

"(g) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

30. By-laws No. 7087 and 7174 are each amended in Section 3.4 by deleting the period from the end of clause (f) and substituting it with a semi-colon and by adding the following clause:

"(g) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

31. By-law No. 7246 is amended in Section 3.4 by deleting the period from the end of clause (h) and substituting it with a semi-colon and by adding the following clause:

"(i) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

32. By-laws No. 8034, 8043 and 8116 are each amended in Section 3.4 by deleting the period from the end of clause (f) and substituting it with a semi-colon and by adding the following clause:

"(g) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

33. By-laws No. 6322 and 6597 are each amended in Section 3 by adding the following section:

"3.5 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."

34. By-law No. 8016 is amended in Section 3.5 by deleting the period from the end of clause (g) and substituting it with a semi-colon and by adding the following clause:

"(h) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

35. By-law No. 8055 is amended in Section 3.5 by deleting the period from the end of clause (h) and substituting it with a semi-colon and by adding the following clause:

"(i) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

36. By-law No. 8130 is amended in Section 3.6 by deleting the period from the end of clause (e) and substituting it with a semi-colon and by adding the following clause:

"(f) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

37. By-law No. 7648 is amended in Section 3.6 by deleting the period from the end of clause (f) and substituting it with a semi-colon and by adding the following clause:

"(g) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

38. By-laws No. 6063 and 6221 are each amended in Section 3 by adding the following section:

"4.1 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."

39. By-law No. 5555 is amended in Section 4 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

40. By-law No. 5705 is amended in Section 4 by adding the following section:
