CD-1 (348)

34 West Pender Street

By-law No. 7556

(Being a By-law to Amend By-law 3575, being the Zoning and Development By-law)

Effective April 23, 1996

(Amended up to and including By-law No. 8760, dated December 9, 2003)

1 *[Section 1 is not reprinted here. It contains a standard clause amending Schedule D (Zoning District Plan) to reflect this rezoning to CD-1.]*

2 Uses

The area shown included within the heavy black outline on Schedule “A” shall be more particularly described as CD-1 (348), and the only uses permitted within the outlined area, subject to such conditions as Council may by resolution prescribe, and the only uses for which development permits will be issued are:

- (a) Dwelling Units;
- (b) Institutional Uses, limited to Child Day Care Facility, and Social Service Centre;
- (c) Office Uses, limited to General Office, Health Care Office, and Health Enhancement Centre;
- (d) Retail Store;
- (e) Service Uses, limited to Barber Shop or Beauty Salon, Photofinishing or Photography Laboratory, Photofinishing or Photography Studio, Print Shop, School - Arts or Self - Improvement, and School - Business; and
- (f) Accessory Uses customarily ancillary to the above uses.

3 Floor Space Ratio

3.1 The floor space ratio must not exceed 3.74. For the purpose of computing floor space ratio, the site is all parcels covered by this By-law, and is deemed to be 1 909.5 m², being the site size at time of application for rezoning, prior to any dedications.

3.2 The following will be included in the computation of floor space ratio:

- (a) all floors have a minimum ceiling height of 1.2 m, both above and below ground level, to be measured to the extreme outer limits of the building; and
- (b) stairways, fire escapes, elevator shafts and other features which the Director of Planning considers similar, to be measured by their gross cross-sectional areas and included in the measurements for each floor at which they are located.

3.3 The following will be excluded in the computation of floor space ratio:

- (a) open residential balconies, sundecks, and any other appurtenances which, in the opinion of the Director of Planning, are similar to the foregoing, provided that the total area of all exclusions does not exceed eight percent of the provided residential floor area;
- (b) patios and roof gardens, provided that the Director of Planning first approves the design of sunroofs and walls;
- (c) where floors are used for off-street parking and loading, bicycle storage, heating and mechanical equipment, or uses which in the opinion of the Director of Planning are similar to the foregoing, those floors or portions thereof so used, which are at or below the base surface, provided that the maximum exclusion for a parking space must not exceed 7.3 m in length;
- (d) social and recreational amenities and facilities provided that the area of such excluded facilities does not exceed 20 percent of the allowable floor space or 1 000 m², whichever is lesser; and
- (e) all residential storage space above or below base surface, except that if the residential storage space above base surface exceeds 3.7 m² per dwelling unit, there will be no exclusion for any of the residential storage space above base surface for that unit; [8760; 03 12 09]
- (f) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000. [8169; 00 03 14]

Note: *Information included in square brackets [] identifies the by-law numbers and dates for the amendments to By-law No. 7556 or provides an explanatory note.*

3.4 The Director of Planning may permit the following to be excluded in the computation of floor space ratio:

- (a) enclosed residential balconies, provided that the Director of Planning first considers all applicable policies and guidelines adopted by Council and approves the design of any balcony enclosure, subject to the following
 - (i) the total area of all open and enclosed balcony or sundeck exclusions does not exceed eight percent of the residential floor area being provided; and
 - (ii) no more than fifty percent of the excluded balcony floor area may be enclosed.
[7874; 98 04 21]

4 **Height**

The maximum building height measured above the base surface is 21.4 m.

5 **Off-Street Parking and Loading**

Off-street parking and loading must be provided, developed and maintained in accordance with the applicable provisions of the Parking By-law, except as follows:

- (a) off-street parking spaces for:
 - (i) office uses must provide a minimum of 1 space for each 93 m² of gross floor area and a maximum of 1 space for each 80 m² of gross floor area;
 - (ii) retail uses must provide a minimum of 1 space for each 50 m² of floor area; and
 - (iii) institutional uses must provide parking as determined by the Director of Planning, in consultation with the City Engineer; and
- (b) off-street loading spaces for dwelling units must provide 1 space for each 100 dwelling units.

6 **Acoustics**

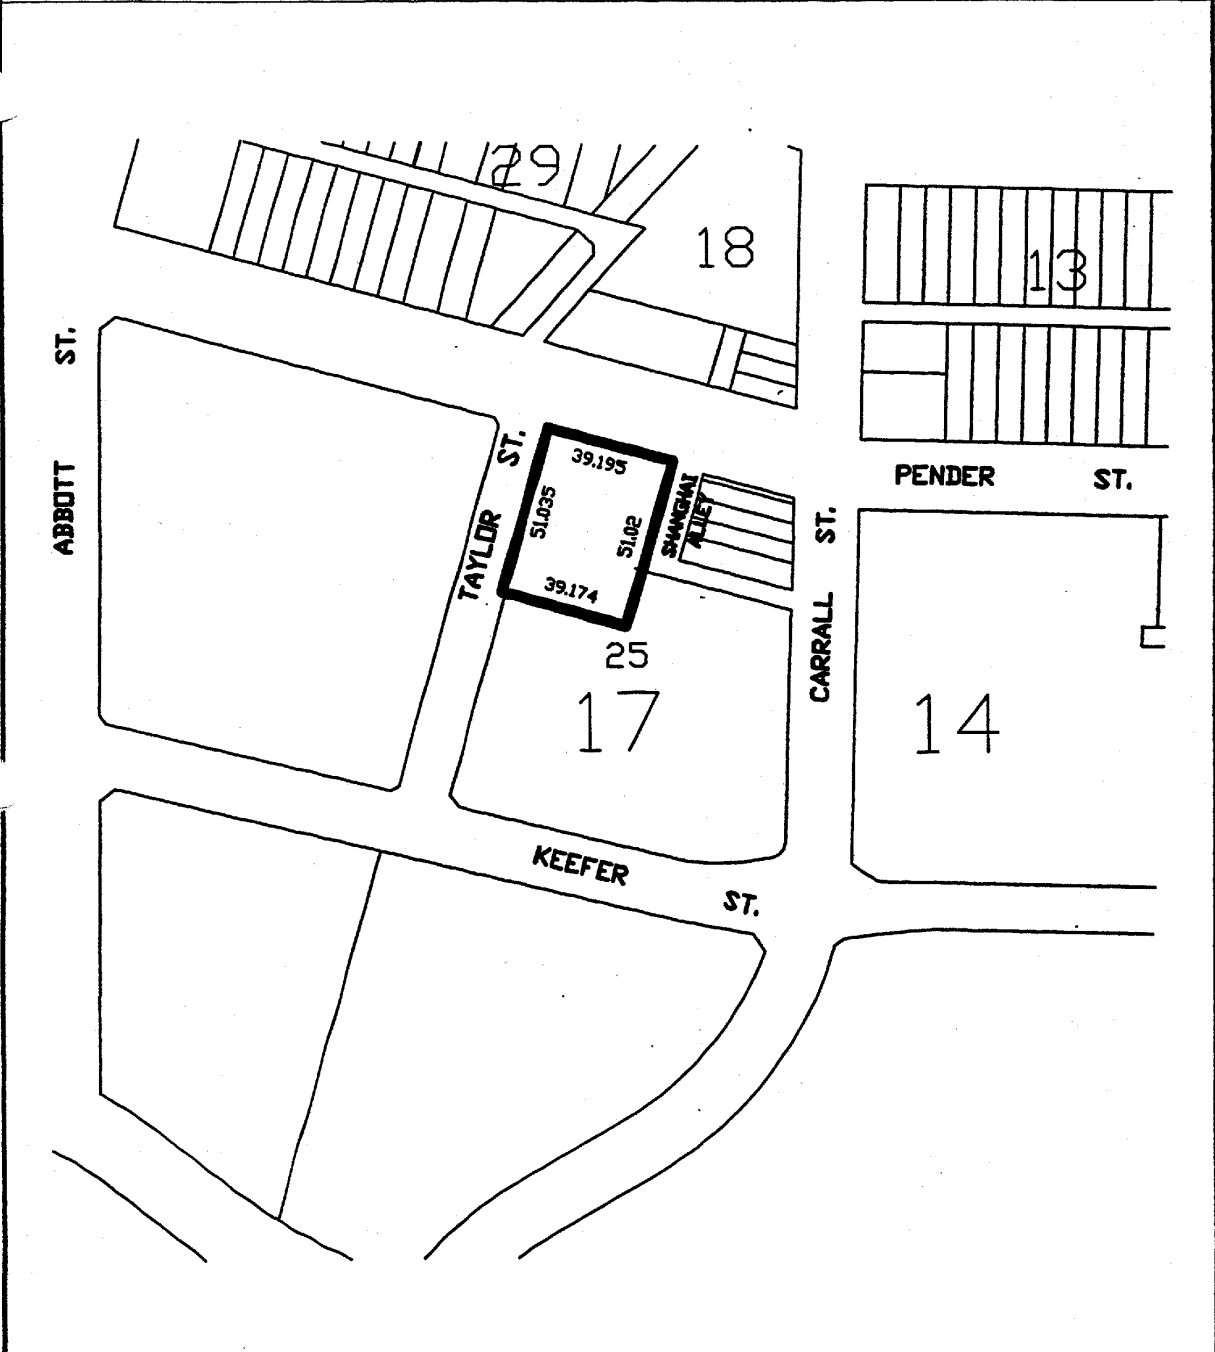

All development permit applications require evidence in the form of a report and recommendations prepared by a person trained in acoustics and current techniques of noise measurement demonstrating that the noise levels in those portions of the dwelling units listed below will not exceed the noise level set opposite such portions. For the purposes of this section the noise level is the A-weighted 24-hour equivalent (Leq) sound level and will be defined simply as noise level in decibels.

Portions of Dwelling Units	Noise Levels (Decibels)
bedrooms	35
living, dining, recreation rooms	40
kitchen, bathrooms, hallways	45

[7874; 98 04 21]

BY-LAW NO. 7556

A By-law to amend
By-law No. 3575, being the
Zoning and Development By-law

THE COUNCIL OF THE CITY OF VANCOUVER, in open meeting assembled, enacts as follows:

1. The "Zoning District Plan" annexed to By-law No. 3575 as Schedule "D" is hereby amended according to the plan marginally numbered Z-440(b) and attached to this By-law as Schedule "A", and in accordance with the explanatory legends, notations and references inscribed thereon, so that the boundaries and districts shown on the Zoning District Plan are varied, amended or substituted to the extent shown on Schedule "A" of this By-law, and Schedule "A" of this By-law is hereby incorporated as an integral part of Schedule "D" of By-law No. 3575.

2. Uses

The area shown included within the heavy black outline on Schedule "A" shall be more particularly described as CD-1(348), and the only uses permitted within the outlined area, subject to such conditions as Council may by resolution prescribe, and the only uses for which development permits will be issued are

- (a) Dwelling Units,
- (b) Institutional Uses, limited to Child Day Care Facility, and Social Service Centre,
- (c) Office Uses, limited to General Office, Health Care Office, and Health Enhancement Centre,
- (d) Retail Store,
- (e) Service Uses, limited to Barber Shop or Beauty Salon, Photofinishing or Photography Laboratory, Photofinishing or Photography Studio, Print Shop, School - Arts or Self-Improvement, and School - Business, and
- (f) Accessory Uses customarily ancillary to the above uses.

3. Floor Space Ratio

3.1 The floor space ratio must not exceed 3.74. For the purpose of computing floor space ratio, the site is all parcels covered by this

By-law, and is deemed to be 1 909.5 m², being the site size at time of application for rezoning, prior to any dedications.

3.2 The following will be included in the computation of floor space ratio:

- (a) all floors having a minimum ceiling height of 1.2 m, both above and below ground level, to be measured to the extreme outer limits of the building; and
- (b) stairways, fire escapes, elevator shafts and other features which the Director of Planning considers similar, to be measured by their gross cross-sectional areas and included in the measurements for each floor at which they are located.

3.3 The following will be excluded in the computation of floor space ratio:

- (a) open residential balconies, sundecks, and any other appurtenances which, in the opinion of the Director of Planning, are similar to the foregoing, provided that the total area of all exclusions does not exceed eight percent of the provided residential floor area;
- (b) patios and roof gardens, provided that the Director of Planning first approves the design of sunroofs and walls;
- (c) where floors are used for off-street parking and loading, bicycle storage, heating and mechanical equipment, or uses which in the opinion of the Director of Planning are similar to the foregoing, those floors or portions thereof so used, which are at or below the base surface, provided that the maximum exclusion for a parking space must not exceed 7.3 m in length;
- (d) social and recreational amenities and facilities provided that the area of such excluded facilities does not exceed 20 percent of the allowable floor space or 1 000 m², whichever is lesser; and
- (e) residential storage space provided that where the space is provided at or above base surface, the maximum exclusion must be 3.7 m² per dwelling unit.

3.4 The Director of Planning may permit enclosed residential balconies to be excluded in the computation of floor space ratio provided that he first considers all applicable policies and guidelines adopted by Council and approves the design of any balcony enclosure, and provided further that the total area of all open and enclosed balcony or

sundeck exclusions does not exceed eight percent of the provided residential floor area.

4. Height

The maximum building height measured above the base surface is 21.4 m.

5. Off-Street Parking and Loading

Off-street parking and loading must be provided, developed and maintained in accordance with the applicable provisions of the Parking By-law, except as follows:

(a) off-street parking spaces for

- (i) office uses must provide a minimum of 1 space for each 93 m² of gross floor area and a maximum of 1 space for each 80 m² of gross floor area,
- (ii) retail uses must provide a minimum of 1 space for each 50 m² of floor area,
- (iii) institutional uses must provide parking as determined by the Director of Planning, in consultation with the City Engineer, and

(b) off-street loading spaces for dwelling uses must provide 1 space for each 100 dwelling units.

6. Acoustics

All development permit applications require evidence in the form of a report and recommendations prepared by a person trained in acoustics and current techniques of noise measurement demonstrating that the noise levels in those portions of the dwelling units listed below will not exceed the noise level set opposite such portions. For the purpose of this section the noise level is the A-weighted 24-hour equivalent (Leq) sound level and will be defined simply as noise level in decibels.

CITY CLERK"

2. 34 West Pender Street (Portion of Lot 25,
Block 17, D.L. 541, Plan 10212)

An application by VLC Properties Ltd., was considered as follows:

The proposed rezoning from BCPED B.C. Place/Expo District to CD-1 Comprehensive Development District would:

- permit two buildings (4 and 7 storeys) containing about 39 non-market dwelling units, a social service centre, and possible commercial space at grade;
- limit maximum density to floor space ratio 3.74;
- limit maximum height to 21.4 m (70 ft.);
- require 52 underground parking spaces;
- require amendment to the Sign By-law; and
- include possible consequential amendments.

The Associate Director of Planning, Land Use and Development, recommended approval, subject to the following conditions proposed for adoption by resolution of Council:

- (a) THAT, the proposed form of development be approved by Council in principle, generally as prepared by Davidson Yuen Simpson Architects and Joe Wai Architects and stamped "Received City Planning Department December 8, 1994" provided that the Director of Planning may allow minor alterations to this form of development when approving the detailed scheme of development as outlined below.
- (b) THAT, prior to approval by Council of the form of development, the applicant shall obtain approval of a development application by the Director of Planning, who shall have particular regard to the following:
 - (i) design development to the parking access stair and vehicular access ramp on Taylor Street to improve its security and character;
 - (ii) design development to the non-market housing component to ensure appropriate unit type grouping, designation of amenity spaces by user groups, and provision of adequate visual and physical access between family units and/or observation lounges and the roof deck play area for children and youth to comply with the Council-adopted "High Density Housing for Families with Children Guidelines";

Clause No. 2 cont'd

- (iii) design development to ensure that the pavement width of Shanghai Alley is 6.1 m;
- (iv) design development to ensure that the pavement width of Shanghai Mews is 7.0 m to accommodate two-way traffic and the ingress/egress to the driving ramp serving the CBA and SUCCESS buildings;

(Note: The traffic movement through Block 17 is to be oriented with two-way traffic on Shanghai Mews, and one-way traffic northbound on Shanghai Alley. Proper signage clearly indicating the traffic orientation of this area is to be installed by the City, at the applicant's cost).
- (v) design development to ensure that all sidewalks constructed adjacent to Shanghai Alley and Shanghai Mews (adjacent to Phase I) are curbed and guttered;
- (vi) design development to ensure that the underground parking area is built according to the standards set out in the Parking By-law;

(Note: All manoeuvring/drive aisles are to be a minimum of 6.6 m in width, with any column encroachment on a parking stall to be set back from the manoeuvring aisles. Radii of vehicular ramp systems are to facilitate two-way traffic flow).
- (vii) ensure that landscaping, boulevard trees, tree grates and special street, lane and sidewalk treatments on City property are to the satisfaction of the City Engineer, and to Chinatown Beautification Standards at the perimeter of the site;

(Note: Applicant should apply separately to the Street Construction Engineer at the development application stage).
- (viii) submission of a detailed landscape plan;
- (ix) submission of an acoustical consultant's report assessing noise impacts on the site and recommending noise mitigation measures to achieve noise criteria;

Cont'd

Clause No. 2 cont'd

- (x) design details to incorporate crime prevention through environmental design (CPTED) principles (refer to Appendix C of Manager's Report - Police Department comments); and
- (xi) provision of bicycle parking in accordance with Council-adopted Bicycle Parking Guidelines or by-laws applicable at the development application stage.

(Note: 1.5 bicycle parking spaces/unit is to be provided for family housing and 0.5 bicycle spaces/unit for seniors housing. Bicycle parking must be located no lower than the first level of underground parking. Proposed increases in suite storage locker space to accommodate bicycle parking is unacceptable).

- (c) THAT, prior to enactment of the CD-1 By-law, the registered owner shall, at no cost to the City:
 - (i) execute an agreement, to be registered against the property, at the discretion of the Director of Legal Services, in consultation with appropriate Department Heads, indemnifying the City against any liability which may be incurred by the City as a result of any contamination present on the site and providing a program of remediation as may be deemed necessary and approved by B.C. Environment, in a sequence of steps to be prescribed, monitored and certified complete by such a professional and approved by the Ministry;
 - (ii) execute an agreement, to the satisfaction of the City Engineer and the Director of Legal Services, obligating the developer of Lot 1 (the applicant or the registered owner for Phase I) to construct, to the satisfaction of the City Engineer, a private roadway over an area of proposed Lot 2 adjacent to Lot 1, connecting Shanghai Alley to Taylor Street, such area to be determined by the City Engineer and be the subject of a Statutory Right-of-way in favour of the City, containing such terms as the City may require;

Cont'd

Clause No. 2 cont'd

- (iii) make suitable arrangements, to the satisfaction of the City Engineer and the Director of Legal Services, for the closure of a 2.60 m wide strip on the west side of Shanghai Alley. In addition, the applicant as holder of Lot 1, shall in return consent to the granting of a 0.6 m right-of-way on the eastern side of the subject closure in favour of the City, containing such terms as the City may require;
- (iv) make suitable arrangements, to the satisfaction of the City Engineer, for a 1.0 m wide dedication from the west side of Block 17 for the widening of Taylor Street and a 1.5 m by 1.5 m corner cut at Taylor and Pender Streets;
- (v) execute a service agreement, to the satisfaction of the City Engineer and the Director of Legal Services, to ensure that all on-site and off-site works and services necessary or incidental to the servicing of the subject site (collectively called the "Services") are designed, constructed, and installed at no cost to the City, and that all necessary street dedications and rights-of-way for the Services are provided, all to the satisfaction of the City Engineer and the Director of Legal Services; dates for completion of the Services, and the length of the applicable warranty and indemnity periods shall be to the satisfaction of the City Engineer. Without limiting the discretion of the said City officials, this agreement shall include provisions that:
 - (1) no Development Permit in respect of any improvements shall be issued until the design of all of the Services is completed to the satisfaction of the City Engineer;
 - (2) no occupancy of any buildings or improvements shall be permitted until all Services are completed to the satisfaction of the City Engineer; and

Cont'd

Clause No. 2 cont'd

- (3) a warranty in respect of the Services shall be granted for a period of time designated by the City Engineer, and an indemnity shall also be given protecting the appropriate persons for a period of time designated by the City Engineer.

- (vi) make suitable arrangements, to the satisfaction of the City Engineer, for all B.C. Hydro and B.C. Tel services to be underground within the site from the closest suitable pole or service point;

- (vii) contribute to the City a community amenity contribution at a value to be set by Council; and

- (viii) make suitable arrangements, to the satisfaction of the Approving Officer, to subdivide the site to create a separate ground parcel for the Chinese Benevolent Association (CBA) and SUCCESS.

Staff Opening Comments

Ms. Joanne Baxter, Planner, reviewed the application, noting that in staff's view, the only issue is a potential community amenity contribution. Because the commercial floor area is not non-profit space, Council may wish to assess a community amenity contribution. If so, it would be appropriate to pass a motion requiring a community amenity contribution at a rate of \$6.00 per buildable square foot for market commercial floor area only. As an alternative, Council may choose not to assess a community amenity contribution in which case Condition (c)(iii) should be deleted. The Associate Director of Planning supports the proposed scheme and recommends approval of the rezoning, noting it will satisfy Council's objectives to provide affordable housing, community facilities and some commercial use close to transit, shopping and other public facilities, in a form of development that achieves a satisfactory fit with the surrounding area.

Cont'd

Clause No. 2 cont'd

Applicant Opening Comments

Mr. Bob McKay, VLC Properties Ltd., noted the project will provide a non-profit housing component for which the Chinese Benevolent Association has received a conditional project allocation, and will also provide administrative and social service space for use by SUCCESS. Mr. McKay described the public consultation which has included information meetings with various community groups, the Housing Centre, Urban Design Panel, and Chinatown Historic Area Planning Committee (CHAPC). The proposal is supported by various societies anxious to have the first phase proceed in order to revitalize the area.

Mr. Joe Wai, Joe Wai Architects, reviewed the time frame and context for this development, noting it is the original block of Chinatown and will reintroduce Canton Alley. Mr. Wai drew to Council's attention adjustments which had been necessary in order to fit two societies into a relatively small space. The development has been carefully planned to ensure historical authenticity and to meet the requirements of various civic departments.

Mr. Bill Yee, Chinese Benevolent Association, noted this project has been consensus-oriented and has involved community organizations sensitive to the issues and goals of their community. The project will provide more parking than required by the by-law standard, although it is hoped the long-standing parking problem will be alleviated by completion of Murrin Parkade in approximately two months. Mr. Yee pointed out public benefits which will result from the project, and also discussed its economic viability.

Summary of Correspondence

A review of the correspondence received indicated the following:

- Two letters opposing the application;
- 383 form letters opposing the application.

Cont'd

Clause No. 2 cont'd

Speakers

Mayor Owen called for speakers for and against the application.

Ms. Lynne Bryson, Vancouver Heritage Commission, discussed the historical significance of Shanghai Alley. A one-way lane is not sufficient. Mr. Bryson indicated it would be necessary to deal with issues of lighting and scale.

Mr. David Mah, CHAPC, supported the application and indicated satisfaction with the additional parking and police involvement in terms of security. However, there are still issues regarding setbacks and width of road.

The following speakers opposed the application, protesting its impact on Shanghai Alley and, in particular, the closure of a 2.6 metre wide strip on the west side of Shanghai Alley:

- Frits Jacobsen, 500 Block Shanghai Alley (petition filed)
- Robert Simpson, 500 Block Shanghai Alley
- Diana Brown, 500 Block Shanghai Alley
- Caroline Stockbridge, 500 Block Shanghai Alley
- Reg Lissel, 500 Block Shanghai Alley.

The foregoing speakers made one or more of the following points:

- Residents of Shanghai Alley were not adequately consulted, and should have the opportunity for input in the design of the development which will have such a profound effect on their area;
- There has been a long history of neglect of Shanghai Alley;
- Shanghai Alley is a city street where people live and work, and do not want to see their minimal amenities further reduced;
- The Shanghai Alley area already suffers from noise and pollution, parking difficulties, is the site of illegal dumping, and the street floods every time it rains;

Cont'd

Clause No. 2 cont'd

- Pavement width should not be reduced as proposed, but retained to accommodate two-way traffic and one lane of parking;
- Closure of a strip of Shanghai Alley will cause an intolerable canyon effect and non-restricted vehicle access will create more noise;
- The project itself will cause security problems;
- Shanghai Alley has not received consideration in the beautification of Chinatown;
- The proximity of the SUCCESS building will create more noise and pollution;
- Permitting one-way traffic through the exit ramp will affect liveability of the neighbourhood;
- If the right-of-way is narrowed, residents' doorways will open on to a narrow sidewalk and traffic corridor;
- This development should be reconsidered in a way that includes everyone affected in the consultation.

The following speakers supported the proposal, but requested four amendments (brief and petitions filed):

- Reg Chow, 600 Block Main Street
- Rod Chow, 8 West Pender Street
- Barbara Chow, 600 Block Main Street
- Jack Chow, 8 West Pender Street
- Warren Choi.

The following amendments were requested by the foregoing speakers:

- That Shanghai Alley be retained at full width, deleting all references to the closure of 2.6 metres;
- That there be one dedicated ramp off Taylor Street to all private parking, reserving Shanghai Mews for pedestrians only;

Cont'd

Clause No. 2 cont'd

- That there be a minimum building setback of 8 feet on Pender Street;
- That a 400-450 space public parking component off Carrall Street be provided for and incorporated into the entire Block 17 development.

Mr. Ian MacRae, DERA, expressed reservations concerning the development and its potential impact on public amenities. Carnegie Centre is overburdened, and amenities for new developments in the area are intended to serve those coming in. Mr. MacRae urged Council to pursue an amenity contribution.

The Mayor ascertained the remaining 45 speakers were in favour of the application; 37 of these indicated their willingness to be represented by Mr. Mason Loh.

The following spoke in support of the application:

- Dr. Wan, 50 East Hastings Street
- Mason Loh, SUCCESS, 87 East Pender Street (petition filed)
- Wilfred Wan, 87 East Pender Street
- Derick Cheng, Chinatown Merchants Association, 500 Block Main Street
- Elizabeth Lee, 1100 Block Hornby Street
- Lilian To, SUCCESS, 87 East Pender Street.

The foregoing supported the application for one or more of the following reasons:

- The development of a social service centre on Block 17 in Chinatown is badly needed, especially since population is expected to increase drastically in the next few years;
- Social services are being provided only by SUCCESS, and there is an urgent need for expansion;
- Support for the project in the Chinatown community is overwhelming;
- Fund raising is under way and results have already been very promising;

Cont'd

Clause No. 2 cont'd

- There will be no need for additional parking once the Murrin Parkade opens, and it would be unreasonable to expect a development of this size to provide 450 spaces to meet the needs of the entire area;
- All issues regarding design concerns of the Chinatown community have been addressed;
- This development represents the best use for the neighbourhood;
- The project will add to the security, accessibility and historical preservation of the neighbourhood's environment.

Applicant Closing Comments

Mr. Wai briefly summed up the delegations' comments and responded.

Staff Closing Comments

Mr. Robert Lemon, Senior Heritage Planner, noted the existing width of Shanghai Alley is the historic width, and certainly desirable. However, he felt the form of development is more critical and appears to meet the character of the neighbourhood.

MOVED by Cllr. Ip,

THAT the application be approved, subject to the conditions as set out in this Minute of the Public Hearing, after amendment to delete the following condition:

- (c)(vii) contribute to the City a community amenity contribution at a value to be set by Council.

Miscellaneous Text (CD-1)

BY-LAW NO. 7874

A By-law to amend By-laws No.
6744, 7522, 7531, 7551, 7556, 7601,
7654, 7655, 7677, 7681, and 7682, being by-laws
which amended the Zoning and Development
By-law by rezoning areas to CD-1

THE COUNCIL OF THE CITY OF VANCOUVER, in open meeting assembled,
enacts as follows:

1. By-law No. 6744 is amended by deleting section 9.3 and by renumbering section 9.4 as section 9.3.
2. By-laws No. 7531 and 7556 are each amended by deleting section 3.4, and substituting the following:
 - "3.4 The Director of Planning may permit the following to be excluded in the computation of floor space ratio:
 - (a) enclosed residential balconies, provided that the Director of Planning first considers all applicable policies and guidelines adopted by Council and approves the design of any balcony enclosure, subject to the following:
 - (i) the total area of all open and enclosed balcony or sundeck exclusions does not exceed eight percent of the residential floor area being provided; and
 - (ii) no more than fifty percent of the excluded balcony floor area may be enclosed."
3. By-law No. 7551 is amended in section 3.4, and By-laws No. 7654, 7677 and 7681 are each amended in section 5.4, by deleting clause (a) and substituting the following new clause (a):

"(a) enclosed residential balconies, provided that the Director of Planning first considers all applicable policies and guidelines adopted by Council and approves the design of any balcony enclosure, subject to the following:

(i) the total area of all open and enclosed balcony or sundeck exclusions does not exceed eight percent of the residential floor area being provided; and

(ii) no more than fifty percent of the excluded balcony floor area may be enclosed."

4. By-laws No. 7522, 7531, 7551 and 7556 are each amended in section 6, By-law No. 7601 is amended in section 8, By-law No. 7655 is amended in section 7, By-laws No. 7677 and 7681 are each amended in section 10, and By-law No. 7682 is amended in section 11, in each case by deleting the words "terraces, patios, balconies" from the left column and the corresponding number "60" from the right column.

City Clerk

"I hereby certify that the foregoing is a correct copy of a By-law passed by the Council of the City of Vancouver on the 21st day of April 1998, and numbered 7874.

CITY CLERK"

CITY OF VANCOUVER

SPECIAL COUNCIL MEETING MINUTES

FEBRUARY 24, 2000

A Special Meeting of the Council of the City of Vancouver was held on Thursday, February 24, 2000, at 7:35 p.m., in Council Chambers, Third Floor, City Hall, for the purpose of holding a Public Hearing to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

PRESENT: Mayor Philip Owen
 Councillor Fred Bass
 Councillor Jennifer Clarke
 Councillor Daniel Lee
 Councillor Don Lee
 Councillor Sandy McCormick
 Councillor Sam Sullivan

ABSENT: Councillor Lynne Kennedy
 Councillor Tim Louis
 Councillor Gordon Price (Sick Leave)
 Councillor George Puil (Civic Business)

CITY CLERK'S OFFICE: Tarja Tuominen, Meeting Coordinator

COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,
 SECONDED by Cllr. Daniel Lee,

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

- CARRIED UNANIMOUSLY

1. Text Amendments: District Schedules, Official Development Plans and

CD-1 By-laws - Floor Space Exclusions

[Barrett Commission]

An application by the Director of Current Planning was considered as follows:

Summary: The proposed text amendments would provide floor space exclusions to provide construction incentives to control building envelope leaks.

The Director of Current Planning recommended approval.

Staff Comments

Jacqui Forbes-Roberts, General Manager of Community Services, provided a brief introduction to the report, noting the proposed text amendments would affect new construction and repairs and restoration of existing buildings. Ms. Forbes-Roberts also requested an amendment to the proposed draft by-law to amend By-law 3575 to add RS1 to Section 4.7.3, (d).

Doug Watts, Building Envelope Specialist, with the aid of a slide presentation, described the specifics of the technical and different design issues of the proposed amendments, and explained what steps other municipalities have taken to address the recommendations arising from the Barrett Commission.

Summary of Correspondence

Council was advised the following correspondence was received since the date the application was referred to Public Hearing:

one letter in support of 'Option A'.

Speakers

Mayor Owen called for speakers for and against the application.

The following spoke in support of 'Option A':

John Fowler, Canadian Precast/Prestressed Concrete Institute
Bill McEwen, Masonry Institute of British Columbia (brief filed)
Peter Reese

The foregoing speakers supported 'Option A' based on one or more of the following points:

application of the current FSR calculations has prevented a wide-spread use of precast concrete exterior walls; there have been very few problems with the use of pre-cast concrete, which has proven to be a versatile and durable material;

thicker exterior walls are better walls, because they can include an airspace cavity behind the cladding which provides a "rainscreen" system, more efficient insulation, thicker, more durable cladding materials; current FSR calculations discourage the foregoing;

the proposed changes in FSR definitions will immediately encourage better wall design;

brick and stone-faced walls should be encouraged.

The following generally supported 'Option A' but felt the proposed text amendments should be referred back to staff for further study and discussion with the industry:

John O'Donnell, AIBC
Stuart Howard, Vancouver Planning Coalition

The following is a summary of the foregoing speakers' comments:

Option 'A' is supported in principle; however the text amendments also should address overhangs, balconies, elevated walkways, yard setbacks, and site coverage; staff should accept the electronic calculation of areas and the calculations of the Architect, given under seal; letters of assurance from a building envelope specialist are redundant at an early stage; the proposed text amendments should cover everything instead of the City issuing administrative bulletins to address further changes.

Staff Closing Comments

Ralph Segal, Planner; Eric Fiss, Planner; and Doug Watts responded to the issues raised by the speakers: the proposed text amendments are the result of a fair bit of consultation with the industry; a building envelope specialist is required to be involved in the process earlier as technical details are to be submitted at the development permit stage; staff are taking a further look at other issues, such as recesses, balconies and walkways.

Ms. Forbes-Roberts advised Council may proceed with the proposed amendments to the floor space exclusions and request staff to come back with additional amendments. Staff and the industry would prefer the FSR exclusions not be delayed.

MOVED by Cllr. Don Lee,

A. THAT the application by the Director of Current Planning to amend various District Schedules, Official Development Plans and CD-1 By-laws to provide floor space exclusions to provide construction incentives to control building envelope leaks be approved.

FURTHER THAT the draft By-law 3575, section 4.7.3, be amended as follows:

(d) as clause (h) in the following district schedules:

RS-1 and RS-1S RT-4, etc.

(Italics denote amendment)

B. THAT staff report back on other aspects affecting leakage of buildings, such as overhangs, protection of upper balconies, recesses, etc.

- CARRIED UNANIMOUSLY

RISE FROM COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

ADOPT REPORT OF COMMITTEE OF THE WHOLE

MOVED by Cllr. Clarke,
SECONDED BY Cllr. Don Lee,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

- CARRIED UNANIMOUSLY

The Special Council adjourned at 9:20 p.m.

being By-laws which amended the
Zoning and Development By-law
by rezoning areas to CD-1

THE COUNCIL OF THE CITY OF VANCOUVER, in open meeting
assembled, enacts as follows:

1. By-law No. 3907 is amended in Section 2 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

2. By-law No. 4412 is amended in Section 2 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

3. By-law No. 5376 is amended in Section 2 by deleting the period from the end of subclause (iii) and substituting it with a semi-colon and by adding the following subclause:

"(iv) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this subclause shall not apply to walls in existence prior to March 14, 2000."

4. By-laws No. 4825 and 6325 are each amended in Section 3 by deleting the period from the end of subclause (ii) and substituting it with a semi-colon and by adding the following subclause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this subclause shall not apply to walls in existence prior to March 14, 2000."

5. By-law No. 5343 is amended in Section 3 by deleting the period from the end of clause (iii) and substituting it with a semi-colon and by adding the following clause:

"(iv) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000"

6. By-laws No. 4775, 4829, 5222, 5224, 5773 and 6039 are each amended in Section 3 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the

Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

7. By-laws No. 4085, 5411, and 5416 are each amended in Section 3 by deleting the period from the end of clause (c) and substituting it with a semi-colon and by adding the following clause:

"(d) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

8. By-law No. 5407 is amended in Section 3 by deleting the period from the end of clause (d) and substituting it with a semi-colon and by adding the following clause:

"(e) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

9. The By-laws listed below are each amended in Section 3 by adding the following section:

"3.1 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."
