976 West 54th Avenue

By-law No. 7904

(Being a By-law to Amend By-law 3575, being the Zoning and Development By-law)

Effective June 16, 1998

(Amended up to and including By-law No. 8760, dated December 9, 2003)

1 *[Section 1 is not reprinted here. It contains a Standard clause amending Schedule D (Zoning District Plan) to reflect this rezoning to CD-1.]*

2 **Uses**

The area shown included within the heavy black outline on Schedule “A” shall be more particularly described as CD-1 (381), and the only uses permitted within the outlined area, subject to such conditions as Council may be resolution prescribe, and the only uses for which development permits will be issued are:

- (a) Multiple Dwellings, containing a maximum of 31 dwelling units, including a minimum of
 - (i) 6 units containing a minimum of 2-storeys, and
 - (ii) 5 single-storey units having exterior grade level access,
- (b) Accessory Uses Customarily ancillary to the above uses.

3 **Floor Space Ratio**

3.1 The floor space ratio must not exceed 1.15. For the purpose of computing floor space ratio, the site is all parcels covered by this By-law, and is deemed to be 3 369.5 m², being the site size at time of application for rezoning, prior to any dedications.

3.2 The following will be included in the computation of floor space ratio:

- (a) all floors having a minimum ceiling height of 1.2 m, including earthen floor, both above and below ground level, to be measured to the extreme outer limits of the building;
- (b) stairways, fire escapes, elevator shafts and other features which the Director of Planning considers similar, to be measured by their gross cross-sectional areas and included in the measurements for each floor at which they are located.

3.3 The following will be excluded in the computation of floor space ratio:

- (a) open residential balconies or sundecks, and any other appurtenances which, in the opinion of the Director of Planning, are similar to the foregoing;
- (b) patios and roof gardens for residential purposes only, provided that the Director of Planning first approves the design of sunroofs and walls;
- (c) where floors are used for off-street parking and loading, bicycle storage, heating and mechanical equipment, or uses which in the opinion of the Director of Planning are similar to the foregoing, those floors or portions thereof so used which are at or below the base surface, provided that the maximum exclusion for a parking space does not exceed 7.3 m in length;
- (d) amenity areas, including day care facilities, recreation facilities, and meeting rooms, to a maximum total of 10 percent of the total building floor area;
- (e) areas of undeveloped floors which are located
 - (i) above the highest storey or half-storey and to which there is no permanent means of access other than a hatch; or
 - (ii) adjacent to a storey or half-storey with a ceiling height of less than 1.2 m. or for which detailed structural drawings are provided showing that roof truss structures would prevent occupancy;
- (f) all residential storage space above or below base surface, except that if the residential storage space above base surface exceeds 3.7 m² per dwelling unit, there will be no exclusion for any of the residential storage space above base surface for that unit; [8760; 03 12 09]
- (g) a maximum of one enclosed balcony in any unit oriented toward Oak Street provided the balcony is enclosed in accordance with all applicable policies and guidelines adopted by Council;

Note: Information included in square brackets [] identifies the by-law numbers and dates for the amendments to By-law No. 7904 or provides an explanatory note.

- (h) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000. [8169; 00 03 14]

4 Height

The maximum building height, measured above the base surface is 13.2 m.

5 Setbacks

All buildings must be set back a minimum of 7.6 m from the west property boundary and a minimum of 2.1 m from the south property boundary.

6 Off-Street Parking and Loading

Parking, loading and bicycle spaces must be provided, developed and maintained in accordance with the applicable provisions of the Parking By-law, except that a minimum of 53 off-street parking spaces must be provided.

7 Acoustics

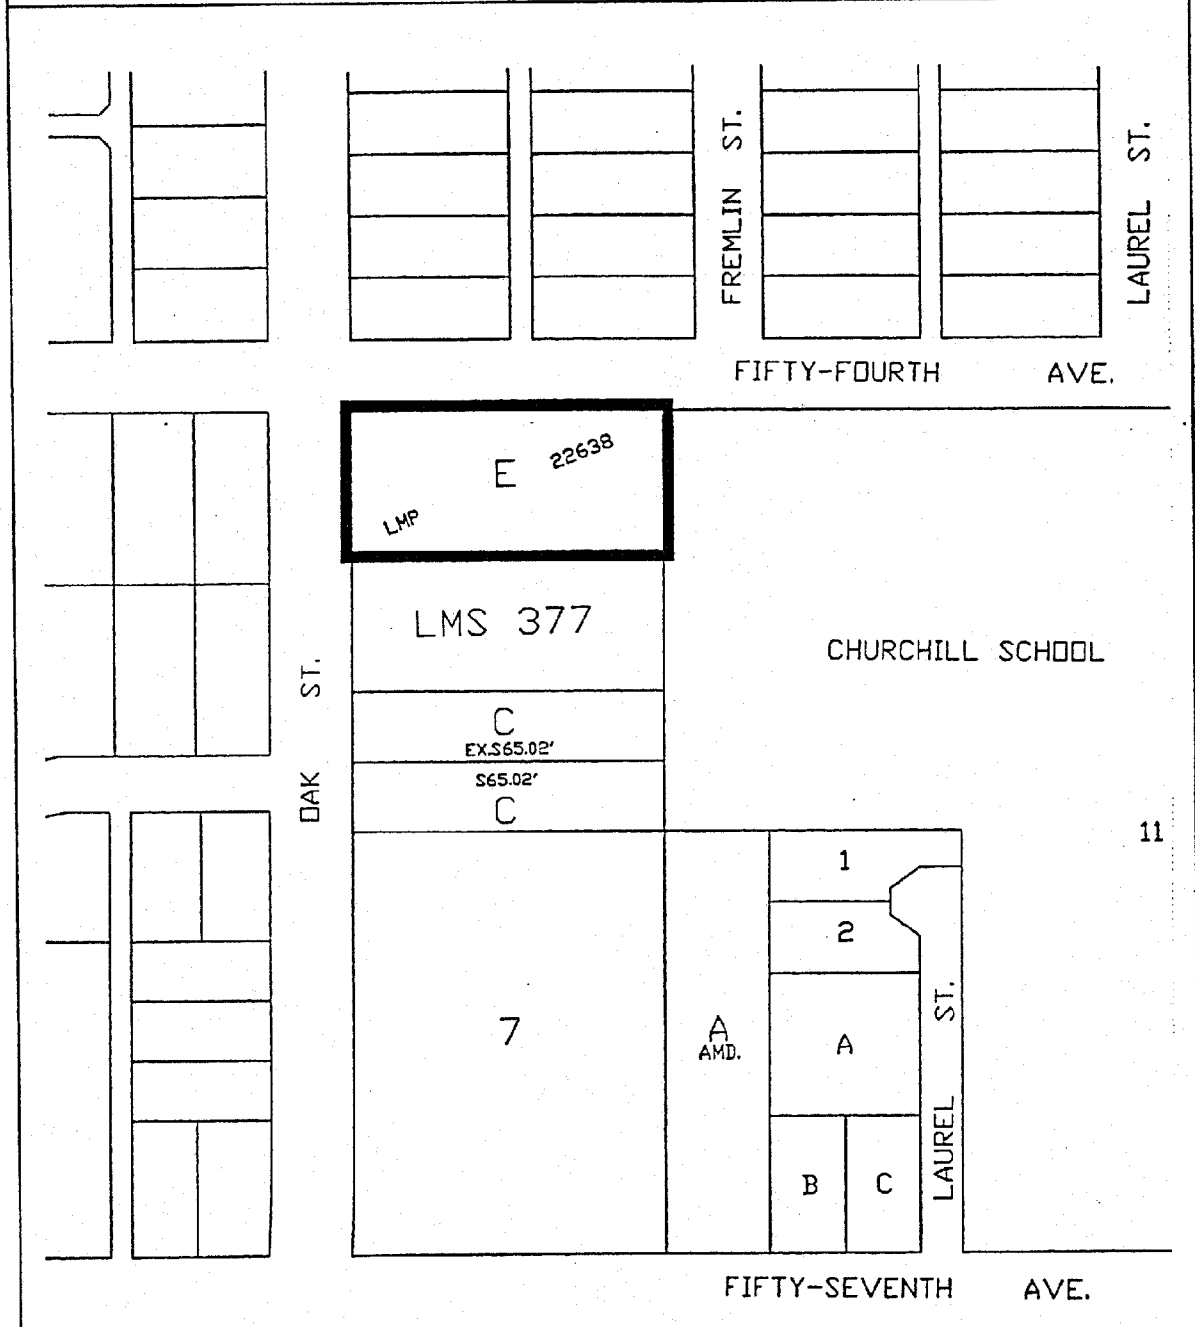

All development permit applications require evidence in the form of a report and recommendations prepared by a person trained in acoustics and current techniques of noise measurement demonstrating that the noise levels in those portions of the dwelling units listed below will not exceed the noise level set opposite such portions. For the purposes of this section the noise level is the A-weighted 24-hour equivalent (Leq) sound level and will be defined simply as noise level in decibels.

Portions of Dwelling Units	Noise Level (Decibels)
bedrooms	35
living, dining, recreation rooms	40
kitchen, bathrooms, hallways	45

1. Rezoning: 976 West 54th Avenue

An application by Besharat Friars Architects was considered as follows:

Summary: The proposed rezoning from RS-1 to CD-1 would permit development of 25 units in a 3 ½ storey apartment building and 6 units in 2 ½ storey townhouses.

The Director of Central Area Planning, on behalf of Land Use and Development, recommended approval, subject to the following conditions as proposed for adoption by resolution of Council:

- (a) THAT the proposed form of development be approved by Council in principle, generally as prepared by Besharat Friars, Architects, and stamped "Received City Planning Department, July 31, 1997", provided that the Director of Planning may allow minor alterations to this form of development when approving the detailed scheme of development as outlined in (b) below.
- (b) THAT, prior to approval by Council of the form of development, the applicant shall obtain approval of a development application by the Director of Planning, who shall have particular regard to the following:
 - (i) a Certified Arborist be retained throughout construction to supervise the protection, pruning (both root and branch) and relocation of the trees on the site;
 - (ii) design development considering CPTED principles with particular regard to:
 - reducing opportunities for theft in the underground parking, by:
 - screening the parking exit facing the school field, and
 - screening underground exit doors facing Oak Street,
 - reducing graffiti by stepping or landscaping in front of the exposed retaining wall (east property line);
 - painting walls, ceiling and utility pipes in the underground parking garage (double-gating is considered positive);

cont'd

Clause No. 1 (cont'd)

- (iii) provision of a structural detail, as part of any development application, showing that attic space with a height of 1.2 m (4 ft.) or more could not be occupied as floor space;
 - (iv) design development to achieve functional exterior access to five grade-level apartments;
 - (v) submission of a reflected elevation of the adjacent development to the south to determine potential privacy issues between overlapping windows and doors; and
 - (vi) provision of 6 grade-level units fully accessible to persons with mobile disabilities, containing a minimum area of 576 m² (6,200 sq. ft.) to the satisfaction of the Director of Planning on the advice of the Special Advisory Committee on Disability Issues.
- (c) THAT, prior to enactment of the CD-1 By-law, the registered owner shall:
- (i) pay to the City \$155,150.00 as a community amenity contribution;
 - (ii) provide security to the City in an amount determined by the Director of Planning to be sufficient to cover the value of the retained and relocated trees prior to the issuance of the development permit, or prior to any site work, whichever is sooner. The security will be held until following occupancy, when a certified Arborist confirms with the City, in a Site Inspection Report, that the retained and relocated trees are in healthy condition and that the longer term management guidelines have been confirmed. The security will be 150% of an estimated dollar value for the replacement cost of the retained and relocated trees completed by a certified Arborist. This security obligation will be a separate written agreement between the applicant and the City. Such security to be satisfactory to the Director of Legal Services in her sole discretion and may include, without limitation, a letter of credit;
 - (iii) make arrangements to the satisfaction of the City Engineer and Director of Legal Services for provision of:

cont'd

Clause No. 1 (cont'd)

- sewer main upgrading (estimate cost \$215,000) to serve the site;
or
ensure that the peak stormwater discharge rate from the site does not exceed 14 litres/second AND provide an on-site stormwater storage container with a capacity of 30.5 cubic metres;
 - all electrical and telephone services to be undergrounded within and adjacent the site from the closest existing suitable service point; and
- (iv) execute a legal agreement satisfactory to the Director of Legal Services, providing that owners will not discriminate against families with children in the sale of their property.

Staff Comments

Tom Phipps, Planner, advised the form of development presented by the applicant successfully addresses a balance of the policy objectives contained in the Oakridge Langara Policy Statement. The applicant made major revisions to retain trees and is proposing ground-oriented multiple dwellings. Staff have agreed to support a height increase, reduce townhouse setbacks and support a target density of 1.05 FSR. The applicant proposed six fully accessible dwelling units as a basis for a density bonus. The application was referred to Public Hearing at a density of 1.15 FSR with a Public Benefit to include the provision of six fully accessible units and a bonus density payment of \$155,150.

Staff recommend approval. The applicant has provided a list of accessible features as was requested at the time of referral. However, Mr. Phipps understands the applicant wishes to propose an amendment to the conditions relating to the Public Benefit contribution. The Public Hearing ad was generalized to permit and accommodate flexibility.

Applicant Comments

Helen Besharat, the applicant, advised the application was supported by the Urban Design Panel and includes significant tree preservation. Ms. Besharat requested endorsement of the next step of the process and consideration of an amendment to the conditions of a payment of a cash only Public Benefit contribution of \$235,750. The cash only option was on the table at the beginning of the application process. There is no problem in meeting, in general, all other conditions.

cont'd

Clause No. 1 (cont'd)

Summary of Correspondence

There was no correspondence received on this application.

Speakers

Mayor Owen called for speakers for and against the application and none were present.

Staff Closing Comments

Tom Phipps advised staff are prepared to support the applicant's request and have no dispute with the amount of the proposed cash only contribution proposed. The \$235,750 figure is calculated as the worth of the 0.10 FSR bonus, based on a density target of 1.05 FSR, and is identified on Page 5 of the Policy Report, dated December 12, 1997 referring the application to Public Hearing. The provision of the six fully accessible units was the applicant's proposal in the first place.

Should Council agree to the cash only public benefit contribution, staff recommend the following amendments to the conditions and the Draft By-law:

- Delete condition (b)(vi);
- Amend condition (c)(i), to read:

“Pay to the City \$235,750.00 as a community amenity contribution”
- Amend Draft CD-1 By-law to delete after clause (a)(ii) the words:

“So long as six of the total number of dwelling units are designed to be fully accessible to persons with mobile disabilities.”
- Amend Section 6 of the Draft CD-1 By-law to delete the words:

“including a minimum of one disability space for each dwelling unit designed to be fully accessible to persons with mobile disabilities”

cont'd

Clause No. 1 (cont'd)

- Amend Section 6 of the Draft CD-1 By-law to increase the minimum number of off-street parking spaces to 53.

(Underlining denotes amendment)

MOVED by Cllr. Bellamy,
THAT the application be approved, subject to:

- the conditions as set out in this minute of the Public Hearing;
- the applicant's proposal to pay the \$235,750.00 as a community amenity contribution; and
- the consequential amendments to the conditions and draft by-law proposed by staff in response to the applicant's proposal and set out in this minute of the Public Hearing.

2. Heritage Designation: 679 East Georgia Street

An application by Birmingham & Wood Architects was considered as follows:

Summary: The proposed amendment to Heritage By-law No. 4837 would designate the existing building, listed in the 'B' evaluation category on the Vancouver Heritage Register as a protected heritage property in return for an increase in the maximum floor space and a reduction in the required number of parking spaces.

The Director of Central Area Planning, on behalf of Land Use and Development, recommended approval.

Staff Comments

Gerry McGeough, Heritage Planner, explained the development application for the development of the existing grocery store into three market dwelling units and construction of three single family dwelling in-fill buildings in the rear yard was approved with conditions. Heritage designation of the "B" listed grocery store is one of the last conditions to be met by the applicant. The property is in the Strathcona residential area and is zoned RT-3. The intent of the RT-3 zoning is to retain the streetscape and heritage buildings. The

BY-LAW NO. 7904

A By-law to amend
By-law No. 3575, being the
Zoning and Development By-law

THE COUNCIL OF THE CITY OF VANCOUVER, in open meeting assembled,
enacts as follows:

1. The "Zoning District Plan" annexed to By-law No. 3575 as Schedule "D" is hereby amended according to the plan marginally numbered Z-478(a) and attached to this By-law as Schedule "A", and in accordance with the explanatory legends, notations and references inscribed thereon, so that the boundaries and districts shown on the Zoning District Plan are varied, amended or substituted to the extent shown on Schedule "A" of this By-law, and Schedule "A" of this By-law is hereby incorporated as an integral part of Schedule "D" of By-law No. 3575.

2. Uses

The area shown included within the heavy black outline on Schedule "A" shall be more particularly described as CD-1(381), and the only uses permitted within the outlined area, subject to such conditions as Council may by resolution prescribe, and the only uses for which development permits will be issued are

- (a) Multiple Dwellings, containing a maximum of 31 dwelling units, including a minimum of
 - (i) 6 units containing a minimum of 2-storeys, and
 - (ii) 5 single-storey units having exterior grade level access.
- (b) Accessory Uses customarily ancillary to the above uses.

3. Floor Space Ratio

3.1 The floor space ratio must not exceed 1.15. For the purpose of computing floor space ratio, the site is all parcels covered by this By-law, and is deemed to be 3369.5 m², being the site size at time of application for rezoning, prior to any dedications.

3.2 The following will be included in the computation of floor space ratio:

- (a) all floors having a minimum ceiling height of 1.2 m, including earthen floor, both above and below ground level, to be measured to the extreme outer limits of the building;
- (b) stairways, fire escapes, elevator shafts and other features which the Director of Planning considers similar, to be measured by their gross cross-sectional areas and included in the measurements for each floor at which they are located.

3.3 The following will be excluded in the computation of floor space ratio:

- (a) open residential balconies or sundecks, and any other appurtenances which, in the opinion of the Director of Planning, are similar to the foregoing;
- (b) patios and roof gardens, provided that the Director of Planning first approves the design of sunroofs and walls;
- (c) where floors are used for off-street parking and loading, bicycle storage, heating and mechanical equipment, or uses which in the opinion of the Director of Planning are similar to the foregoing, those floors or portions thereof so used, which are at or below the base surface, provided that the maximum exclusion for a parking space shall not exceed 7.3 m in length;
- (d) amenity areas, including day care facilities, recreation

facilities, and meeting rooms, to a maximum total of 10 percent of the total building floor area;

- (e) areas of undeveloped floors which are located
 - (i) above the highest storey or half-storey and to which there is no permanent means of access other than a hatch; or
 - (ii) adjacent to a storey or half-storey with a ceiling height of less than 1.2 m, or for which detailed structural drawings are provided showing that roof truss structures would prevent occupancy;
- (f) residential storage space provided that where the space is provided at or above base surface, the maximum exclusion shall be 3.7 m² per dwelling unit;
- (g) a maximum of one enclosed balcony in any unit oriented toward Oak Street provided the balcony is enclosed in accordance with all applicable policies and guidelines adopted by Council.

4. Height

The maximum building height measured above the base surface is 13.2 m.

5. Setbacks

All buildings must be set back a minimum of 7.6 m from the west property boundary and a minimum of 2.1 m from the south property boundary.

6. Off-Street Parking and Loading

Parking, loading and bicycle spaces must be provided, developed and maintained in accordance with the applicable provisions of the Parking By-law, except that a minimum of 53 off-street parking spaces must be provided.

7. Acoustics

All development permit applications require evidence in the form of a report and recommendations prepared by a person trained in acoustics and current techniques of noise measurement, demonstrating that the noise levels in those portions of the dwelling units listed below will not exceed the noise level set opposite such portions. For the purposes of this section the noise level is the A-weighted 24-hour equivalent (Leq) sound level and will be defined simply as noise level in decibels.

ENQUIRIES AND OTHER MATTERS

1. Traffic Light - 14th and Commercial

File: 5702

Councillor Puil recalled that at the May 12, 1998 meeting of Council, he had requested the General Manager of Engineering Services to follow up a letter concerning a request for a traffic light at 14th and Commercial. To his knowledge this request has not been carried out and he asked that the General Manager provide an information memo on the matter. The Mayor so agreed.

2. Motor Vehicles Branch - McDonald and 22nd

File: 3501

Councillor Puil requested that a letter be sent from the City to the Superintendent of Motor Vehicles requesting that vehicles containing people being tested for their new driver's license use side streets that are not in the vicinity of McDonald and 22nd. He has received complaints that there is a constant number of minor traffic accidents caused by the new drivers, which is a safety concern to parents in the area and other drivers, and there is an abundance of litter on the streets from people using this testing station. The Mayor so agreed.

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

- CARRIED UNANIMOUSLY

1. Text Amendments: District Schedules, Official Development Plans and

CD-1 By-laws - Floor Space Exclusions

[Barrett Commission]

An application by the Director of Current Planning was considered as follows:

Summary: The proposed text amendments would provide floor space exclusions to provide construction incentives to control building envelope leaks.

The Director of Current Planning recommended approval.

Staff Comments

Jacqui Forbes-Roberts, General Manager of Community Services, provided a brief introduction to the report, noting the proposed text amendments would affect new construction and repairs and restoration of existing buildings. Ms. Forbes-Roberts also requested an amendment to the proposed draft by-law to amend By-law 3575 to add RS1 to Section 4.7.3, (d).

Doug Watts, Building Envelope Specialist, with the aid of a slide presentation, described the specifics of the technical and different design issues of the proposed amendments, and explained what steps other municipalities have taken to address the recommendations arising from the Barrett Commission.

Summary of Correspondence

Council was advised the following correspondence was received since the date the application was referred to Public Hearing:

one letter in support of 'Option A'.

Speakers

Mayor Owen called for speakers for and against the application.

The following spoke in support of 'Option A':

John Fowler, Canadian Precast/Prestressed Concrete Institute
Bill McEwen, Masonry Institute of British Columbia (brief filed)
Peter Reese

The foregoing speakers supported 'Option A' based on one or more of the following points:

application of the current FSR calculations has prevented a wide-spread use of precast concrete exterior walls; there have been very few problems with the use of pre-cast concrete, which has proven to be a versatile and durable material;

thicker exterior walls are better walls, because they can include an airspace cavity behind the cladding which provides a "rainscreen" system, more efficient insulation, thicker, more durable cladding materials; current FSR calculations discourage the foregoing;

the proposed changes in FSR definitions will immediately encourage better wall design;

brick and stone-faced walls should be encouraged.

The following generally supported 'Option A' but felt the proposed text amendments should be referred back to staff for further study and discussion with the industry:

John O'Donnell, AIBC
Stuart Howard, Vancouver Planning Coalition

The following is a summary of the foregoing speakers' comments:

Option 'A' is supported in principle; however the text amendments also should address overhangs, balconies, elevated walkways, yard setbacks, and site coverage; staff should accept the electronic calculation of areas and the calculations of the Architect, given under seal; letters of assurance from a building envelope specialist are redundant at an early stage; the proposed text amendments should cover everything instead of the City issuing administrative bulletins to address further changes.

Staff Closing Comments

Ralph Segal, Planner; Eric Fiss, Planner; and Doug Watts responded to the issues raised by the speakers: the proposed text amendments are the result of a fair bit of consultation with the industry; a building envelope specialist is required to be involved in the process earlier as technical details are to be submitted at the development permit stage; staff are taking a further look at other issues, such as recesses, balconies and walkways.

Ms. Forbes-Roberts advised Council may proceed with the proposed amendments to the floor space exclusions and request staff to come back with additional amendments. Staff and the industry would prefer the FSR exclusions not be delayed.

MOVED by Cllr. Don Lee,

A. THAT the application by the Director of Current Planning to amend various District Schedules, Official Development Plans and CD-1 By-laws to provide floor space exclusions to provide construction incentives to control building envelope leaks be approved.

FURTHER THAT the draft By-law 3575, section 4.7.3, be amended as follows:

(d) as clause (h) in the following district schedules:

RS-1 and RS-1S RT-4, etc.

(Italics denote amendment)

B. THAT staff report back on other aspects affecting leakage of buildings, such as overhangs, protection of upper balconies, recesses, etc.

MOVED by Cllr. Don Lee,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

ADOPT REPORT OF COMMITTEE OF THE WHOLE

MOVED by Cllr. Clarke,
SECONDED BY Cllr. Don Lee,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

being By-laws which amended the
Zoning and Development By-law
by rezoning areas to CD-1

THE COUNCIL OF THE CITY OF VANCOUVER, in open meeting
assembled, enacts as follows:

1. By-law No. 3907 is amended in Section 2 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

2. By-law No. 4412 is amended in Section 2 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

3. By-law No. 5376 is amended in Section 2 by deleting the period from the end of subclause (iii) and substituting it with a semi-colon and by adding the following subclause:

"(iv) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this subclause shall not apply to walls in existence prior to March 14, 2000."

4. By-laws No. 4825 and 6325 are each amended in Section 3 by deleting the period from the end of subclause (ii) and substituting it with a semi-colon and by adding the following subclause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this subclause shall not apply to walls in existence prior to March 14, 2000."

5. By-law No. 5343 is amended in Section 3 by deleting the period from the end of clause (iii) and substituting it with a semi-colon and by adding the following clause:

"(iv) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000"

6. By-laws No. 4775, 4829, 5222, 5224, 5773 and 6039 are each amended in Section 3 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the

Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

7. By-laws No. 4085, 5411, and 5416 are each amended in Section 3 by deleting the period from the end of clause (c) and substituting it with a semi-colon and by adding the following clause:

"(d) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

8. By-law No. 5407 is amended in Section 3 by deleting the period from the end of clause (d) and substituting it with a semi-colon and by adding the following clause:

"(e) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

9. The By-laws listed below are each amended in Section 3 by adding the following section:

"3.1 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."

10. By-laws No. 6314 and 6582 are each amended in Section 3.1 by deleting the period from the end of clause (ii) and substituting it with a semi-colon and by adding the following clause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

11. By-law No. 6272 is amended in Section 3.1 by deleting the word "and" from the end of subclause (c)(i), by deleting the period from the end of subclause (c)(ii) and substituting it with a semi-colon and by adding the following subclause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

12. By-law No. 4580 is amended in Section 3.2 by deleting the period at the end of the section and substituting it with a semi-colon, by relettering the existing text as clause (a) and by adding the following clause:

"(b) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

13. By-law No. 6884 is amended in Section 3.1 by deleting the word "and" from the end of clause (a), by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

14. By-law No. 5683 is amended in Section 3.2 by deleting the period at the end of this section and substituting it with a semi-colon and by adding the following clause:

"(b) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor

space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

15. By-law No. 8088 is amended in Section 3.2 by adding the following clause:

"(d) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

16. By-law No. 6009 is amended in Section 3.2 by deleting the period at the end of subclause (e)(vii) and substituting it with a semi-colon and by adding the following clause:

"(f) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

17. By-law No. 4677 is amended in Section 3.2 by deleting the period at the end of clause (f) and substituting it with a semi-colon and by adding the following clause:

"(g) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

18. The By-laws listed below are each amended in Section 3 by adding the following section:

"3.3 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."

29. By-law No. 7980 is amended

(a) in Section 3.4 by deleting the period from the end of clause (d) and substituting it with a semi-colon and by adding the following clause:

"(e) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000.", and

(b) in Section 3.7 by deleting the period from the end of clause (f) and substituting it with a semi-colon and by adding the following clause:

"(g) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

30. By-laws No. 7087 and 7174 are each amended in Section 3.4 by deleting the period from the end of clause (f) and substituting it with a semi-colon and by adding the following clause:

"(g) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

31. By-law No. 7246 is amended in Section 3.4 by deleting the period from the end of clause (h) and substituting it with a semi-colon and by adding the following clause:

"(i) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

32. By-laws No. 8034, 8043 and 8116 are each amended in Section 3.4 by deleting the period from the end of clause (f) and substituting it with a semi-colon and by adding the following clause:

"(g) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

33. By-laws No. 6322 and 6597 are each amended in Section 3 by adding the following section:

"3.5 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."

34. By-law No. 8016 is amended in Section 3.5 by deleting the period from the end of clause (g) and substituting it with a semi-colon and by adding the following clause:

"(h) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

35. By-law No. 8055 is amended in Section 3.5 by deleting the period from the end of clause (h) and substituting it with a semi-colon and by adding the following clause:

"(i) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

36. By-law No. 8130 is amended in Section 3.6 by deleting the period from the end of clause (e) and substituting it with a semi-colon and by adding the following clause:

"(f) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

37. By-law No. 7648 is amended in Section 3.6 by deleting the period from the end of clause (f) and substituting it with a semi-colon and by adding the following clause:

"(g) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

38. By-laws No. 6063 and 6221 are each amended in Section 3 by adding the following section:

"4.1 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."

39. By-law No. 5555 is amended in Section 4 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

40. By-law No. 5705 is amended in Section 4 by adding the following section:

"4.3 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."

41. By-law No. 7371 is amended in Section 4.3 by deleting the period from the end of clause (a) and substituting it with a semi-colon and by adding the following clause:

"(b) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

42. By-law No. 7249 is amended in Section 4.3 by deleting the period from the end of clause (c) and substituting it with a semi-colon and by adding the following clause:

"(d) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."
