4. Rezoning Applications

- (a) North Side of Kingsway between Aberdeen and Lincoln
Lot 26, Blocks 3 & 4, D.L. 36/49, Group 1, N.W.D.
Present Zone: C-2 Commercial District
Requested Zone: CD-1 Comprehensive Development District
Applicant: Director of Planning

Mr. Gray advised that an application had been made by the Director of Planning requesting an amendment to the Zoning and Development By-law whereby the above described lot would be rezoned from a C-2 Commercial District to a CD-1 Comprehensive Development District.

On January 31, 1964 the Technical Planning Board were considering the disposal of City-owned property resubdivision with possible zoning in the area generally bounded by Kingsway, Foster, Oben and Lincoln. It was recommended disposing of the greatest portion of the lands for development and resubdivision for single family dwellings but that the subject site would not be sold as C-2 Commercial as the commercial zoning for retail and offices should be retained generally between Joyce, Tyne, School and the lane lying north of Kingsway. Further, there was considerable interest shown by senior citizens who may develop the site with a low density senior citizens development. This report was adopted by Council on February 25, 1964.

City Council on August 12, 1969 agreed to the sale of the land subject to a number of conditions, two being:

- (1) Site to be rezoned to CD-1 Comprehensive Development District generally in accordance with RM-2 Multiple Dwelling District, but restricted to two storeys plus basement. The application to be referred directly to a Public Hearing after report by the Technical Planning Board and the Town Planning Commission.
- (2) The purchaser must apply for a development permit for construction of a Senior Citizen's housing development within 90 days from the date of City Council's approval of the offer.

A development permit application for a two storey senior citizen's development was filed on August 20, 1969, by Mr. A. H. Petzold on behalf of the Oddfellows Society.

This application is currently being processed through the Technical Planning Board. After a review of the sketch plans submitted it would appear approval will be forthcoming from the Technical Planning Board.
