CITY OF VANCOUVER

SPECIAL COUNCIL MEETING

A Special Meeting of the Council of the City of Vancouver was held on Thursday, September 14, 1989, in the Council Chamber, City Hall at 7:30 p.m., for the purpose of holding a Public Hearing to amend the Zoning & Development By-law.

PRESENT: Deputy Mayor Wilking  
Aldermen Baker, Bellamy, Davies,  
Eriksen, Price, Pull  
and Rankin

ABSENT: Mayor Campbell (Civic Business)  
Alderman Owen (Civic Business)  
Alderman Taylor (Civic Business)

CLERK TO THE COUNCIL: J. Thomas

COMMITTEE OF THE WHOLE

MOVED by Ald. Bellamy,  
SECONDED by Ald. Davies,

THAT this Council resolve itself into Committee of the Whole, Deputy Mayor Wilking in the Chair, to consider proposed amendments to the Zoning & Development By-law.

- CARRIED UNANIMOUSLY

1. Rezoning: Grandview-Woodland Apartment Areas

An application of the Director of Planning was considered as follows:

REZONING: LOCATION - GRANDVIEW-WOODLAND APARTMENT AREAS

Present Zoning: RM-3 and RM-4 Multiple Dwelling Districts  
Proposed Zoning: RM-4 and RM-4N Multiple Dwelling Districts  
RS-1 One Family Dwelling District

- (i) A draft by-law, if approved, would rezone RM-3 districts near Woodland Park and south of First Avenue to RM-4 to accommodate multiple-family dwelling development under area-specific design guidelines, generally as follows:
  - maximum floor space ratio of 1.45;
  - maximum height of 35 feet;
  - provisions for off-street parking.
- (ii) A second draft by-law, if approved, would rezone RM-3 and RM-4 areas adjacent to arterial streets to RM-4N to accommodate use and development as described under (i) above, except that dwelling uses would require evidence of noise mitigation.
- (iii) A third draft by-law, if approved, would rezone the district known as "Site B-1", to RM-4 and RM-4N to accommodate multiple-family dwelling development under area specific design guidelines as described under (i) and (ii) above.
- (iv) A fourth draft by-law, if approved, would rezone park sites presently zoned RM-3 to RS-1.
- (v) Any consequential amendments.

Clause No. 3 cont'd

~~The Director of Planning recommended the application be approved.  
Mr. R. Jenkins, Planner, briefly reviewed the application.  
There were no speakers for or against the proposal.~~

MOVED by Ald. Davies,  
THAT the application be approved.

- CARRIED UNANIMOUSLY

4. Rezoning: 757 West Hastings Street (Sinclair Centre)

An application of the Director of Planning was considered as follows:

REZONING: LOCATION - 757 WEST HASTINGS STREET (Block 15, D.L. 541, Plan 20191)

Present Zoning: DD Downtown District  
Proposed Zoning: CD-1 Comprehensive Development District

- (i) The proposed CD-1 by-law, if approved, would limit the Sinclair Centre to the present form of development.
- (ii) Any consequential amendments, including amendments to the Sign By-law.

The Director of Planning recommended the application be approved.

Mr. R. Scobie, Associate Director, Zoning Division, noted the draft by-law was silent with respect to a floor space ratio provision. Therefore, two options were presented for consideration: leave the draft by-law as presented without a density regulation, relying on Council's approval of the form of development by resolution to restrict further development opportunities; or, alternatively, explicitly stating in the by-law a maximum floor space ratio being equal to that which presently exists, which is estimated at 5.0 fsr.

The Deputy Mayor noted circulation of a letter dated August 14, 1989 (on file) from Mr. J. Paul Shason, on behalf of the Vancouver Heritage Advisory Committee. Mr. Shason advised the Heritage Committee regretted it had not been consulted on the important policy issue of the proposed transfer of density from the Sinclair Centre prior to the matter going to Council; however, the Committee requested its Design Review Sub-Committee prepare comments for consideration at the Public Hearing. The Sub-Committee subsequently resolved:

"Whereas the transfer of density from heritage buildings is one of the few incentives available for heritage preservation, that a policy be established that all existing buildings should be eligible for heritage bonusing, whether on site or transferred to another site, irrespective of ownership.

And whereas the Heritage Advisory Committee was not consulted on the proposed transfer of density from Sinclair Centre, comment at this time would not be appropriate."

There were no speakers for or against the application.

Clause No. 4 cont'd

MOVED by Ald. Puil,

THAT the application of the Director of Planning be approved, and the draft by-law be amended to provide for a maximum floor space ratio of 5.0.

- CARRIED UNANIMOUSLY

MOVED by Ald. Davies,

THAT the communication from the Vancouver Heritage Advisory Committee Design Review Sub-Committee be received for information.

- CARRIED UNANIMOUSLY

5.✓ Text Amendment: Floor Space Exclusions for Storage Space

An application of the Director of Planning was considered as follows:

TEXT AMENDMENT: FLOOR SPACE EXCLUSIONS FOR STORAGE SPACE

- (i) The draft by-law, if approved, would amend Section 2 and the RM-2, RM-3, RM-3A, RM-4, FM-1, C-1, C-2, C-2B, C-2C, C-2C1, C-3A, C-5, C-6 and MC-1 District Schedules and the Downtown and Downtown-Eastside/Oppenheimer Official Development Plans to exclude storage space from floor space ratio calculations.
- (ii) Any consequential amendments.

The Director of Planning recommended the application be approved.

There were no speakers.

MOVED by Ald. Bellamy,

THAT the application be approved.

- CARRIED UNANIMOUSLY

6.✓ Text Amendment: Downtown Official Development Plan

TEXT AMENDMENT: DOWNTOWN OFFICIAL DEVELOPMENT PLAN

Present Zoning: DD Downtown District

Proposed Zoning: DD Amended

- (i) The draft by-law, if approved, would amend Map 4 in Section 5 of the Downtown Official Development Plan to extend the area within which non-accessory parking garages may be permitted, to include the blocks bounded by Nelson, Helmcken, Howe and Seymour.
- (ii) Any consequential amendments.

The Director of Planning recommended the application be approved.

There were no speakers.

MOVED by Ald. Puil,

THAT the application be approved.

**SPECIAL COUNCIL MEETING MINUTES**

**FEBRUARY 24, 2000**

A Special Meeting of the Council of the City of Vancouver was held on Thursday, February 24, 2000, at 7:35 p.m., in Council Chambers, Third Floor, City Hall, for the purpose of holding a Public Hearing to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

**PRESENT:** Mayor Philip Owen  
 Councillor Fred Bass  
 Councillor Jennifer Clarke  
 Councillor Daniel Lee  
 Councillor Don Lee  
 Councillor Sandy McCormick  
 Councillor Sam Sullivan

**ABSENT:** Councillor Lynne Kennedy  
 Councillor Tim Louis  
 Councillor Gordon Price (Sick Leave)  
 Councillor George Puil (Civic Business)

**CITY CLERK'S OFFICE:** Tarja Tuominen, Meeting Coordinator

**COMMITTEE OF THE WHOLE**

MOVED by Cllr. Don Lee,  
 SECONDED by Cllr. Daniel Lee,

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

- CARRIED UNANIMOUSLY

**1. Text Amendments: District Schedules, Official Development Plans and**

**CD-1 By-laws - Floor Space Exclusions**

### [Barrett Commission]

An application by the Director of Current Planning was considered as follows:

Summary: The proposed text amendments would provide floor space exclusions to provide construction incentives to control building envelope leaks.

The Director of Current Planning recommended approval.

### Staff Comments

Jacqui Forbes-Roberts, General Manager of Community Services, provided a brief introduction to the report, noting the proposed text amendments would affect new construction and repairs and restoration of existing buildings. Ms. Forbes-Roberts also requested an amendment to the proposed draft by-law to amend By-law 3575 to add RS1 to Section 4.7.3, (d).

Doug Watts, Building Envelope Specialist, with the aid of a slide presentation, described the specifics of the technical and different design issues of the proposed amendments, and explained what steps other municipalities have taken to address the recommendations arising from the Barrett Commission.

### Summary of Correspondence

Council was advised the following correspondence was received since the date the application was referred to Public Hearing:

one letter in support of 'Option A'.

### Speakers

Mayor Owen called for speakers for and against the application.

The following spoke in support of 'Option A':

John Fowler, Canadian Precast/Prestressed Concrete Institute  
Bill McEwen, Masonry Institute of British Columbia (brief filed)  
Peter Reese

The foregoing speakers supported 'Option A' based on one or more of the following points:

application of the current FSR calculations has prevented a wide-spread use of precast concrete exterior walls; there have been very few problems with the use of pre-cast concrete, which has proven to be a versatile and durable material;

thicker exterior walls are better walls, because they can include an airspace cavity behind the cladding which provides a "rainscreen" system, more efficient insulation, thicker, more durable cladding materials; current FSR calculations discourage the foregoing;

the proposed changes in FSR definitions will immediately encourage better wall design;

brick and stone-faced walls should be encouraged.

The following generally supported 'Option A' but felt the proposed text amendments should be referred back to staff for further study and discussion with the industry:

John O'Donnell, AIBC  
Stuart Howard, Vancouver Planning Coalition

The following is a summary of the foregoing speakers' comments:

Option 'A' is supported in principle; however the text amendments also should address overhangs, balconies, elevated walkways, yard setbacks, and site coverage; staff should accept the electronic calculation of areas and the calculations of the Architect, given under seal; letters of assurance from a building envelope specialist are redundant at an early stage; the proposed text amendments should cover everything instead of the City issuing administrative bulletins to address further changes.

### **Staff Closing Comments**

Ralph Segal, Planner; Eric Fiss, Planner; and Doug Watts responded to the issues raised by the speakers: the proposed text amendments are the result of a fair bit of consultation with the industry; a building envelope specialist is required to be involved in the process earlier as technical details are to be submitted at the development permit stage; staff are taking a further look at other issues, such as recesses, balconies and walkways.

Ms. Forbes-Roberts advised Council may proceed with the proposed amendments to the floor space exclusions and request staff to come back with additional amendments. Staff and the industry would prefer the FSR exclusions not be delayed.

MOVED by Cllr. Don Lee,

A. THAT the application by the Director of Current Planning to amend various District Schedules, Official Development Plans and CD-1 By-laws to provide floor space exclusions to provide construction incentives to control building envelope leaks be approved.

FURTHER THAT the draft By-law 3575, section 4.7.3, be amended as follows:

(d) as clause (h) in the following district schedules:

*RS-1 and RS-1S RT-4, etc.*

*(Italics denote amendment)*

B. THAT staff report back on other aspects affecting leakage of buildings, such as overhangs, protection of upper balconies, recesses, etc.

- CARRIED UNANIMOUSLY

**RISE FROM COMMITTEE OF THE WHOLE**

MOVED by Cllr. Don Lee,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

**ADOPT REPORT OF COMMITTEE OF THE WHOLE**

MOVED by Cllr. Clarke,  
SECONDED BY Cllr. Don Lee,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

- CARRIED UNANIMOUSLY
