- CARRIED UNANIMOUSLY

1. Text Amendment: 1530 East 22nd Avenue

Residential - Congregate Housing on the site. The application responds to a trend to offer moderately priced units to seniors. The applicant has offered to rent five units for seniors on SAFER assistance. Staff support the application, subject to conditions.

Applicant Comments

Gillian Watson-Donald, representing the applicant, briefly described the application. The project is an attempt to bring affordable rental housing for seniors into the area. The development will offer two meals a day and a continental breakfast; weekly laundry and cleaning; an activity coordinator; and a van to take seniors shopping. The rents will be comparable to those for subsidized housing in the area. The applicant has received no negative feedback from the community.

Summary of Correspondence

There was no correspondence received on this application.

Speakers

The Mayor called for speakers for and against the application.

Andrew Chapman, representing Mt. Pleasant Business Improvement Association, spoke in support of the application. The proposed facility would be a benefit to the community and an asset to the seniors currently living in the area .

Staff Closing Comments

John Jessup, Senior Housing Planner, noted the condition for rental of five units to seniors receiving SAFER assistance will be included in a Housing Agreement.

MOVED by Cllr. Chiavario,

THAT the application be approved, subject to the conditions as set out in this minute of the Public Hearing.

- CARRIED UNANIMOUSLY

3. Rezoning: 1316-1336 West 11th Avenue

An application by Scott Baldwin, Polygon Development 100 Limited, was considered as follows:

Summary: The proposed rezoning from RM-3 to CD-1 would permit the retention of Rose Court and the construction of a 12 storey residential building.

The Director of Central Area Planning, on behalf of Land Use and Development, recommended approval subject to the following conditions as proposed for adoption by resolution of Council:

(a) THAT the proposed form of development be approved by Council in principle, generally as prepared by Polygon Development 100 Limited, and stamped "Received City Planning Department, May 6, 1998", provided that the Director of Planning may allow minor alterations to this form of development when approving the detailed scheme of development as outlined in (b) below.

Clause No. 3 Continued

(b) THAT, prior to approval by Council of the form of development, the applicant shall obtain approval of a development application by the Director of Planning, who shall have particular regard to the following:

(i) design development to treat surface parking area with pavers or other higher quality material and provide adjacent landscaping.

(c) AND THAT, prior to enactment of the CD-1 By-law, the registered owner shall:

(i) make arrangements to the satisfaction of the City Engineer and Director of Legal Services for provision of street trees, where space permits;

(ii) make arrangements for all new electrical and telephone services to be undergrounded within and adjacent the site from the closest existing suitable service point.

Staff Comments

Dave Thomsett, Planner, reviewed the application, noting the density increase in the construction of the 12-storey building is off-set by the public benefit of retaining Rose Court as rental housing. There has been no response to the public notification.

In response to a question, Mr. Thomsett advised there has been no reference to heritage designation of Rose Court.

Applicant Comments

Scott Baldwin, applicant, believed retaining Rose Court was in everyone's interest. Both a development and building permit have been issued and the intent is to begin construction early in 2000. If the rezoning application is not successful, Rose Court will be demolished.

Summary of Correspondence

Council was advised one letter opposed to the application was received.

Speakers

The Mayor called for speakers for and against the application.

The following spoke in support of preserving Rose Court. Approval of the application will preserve affordable rental housing in the area.

- Mark Wozniak
- Isla Steele
- Monica Douglas
- Renee Rosko
- Rosalie Starzomski

Paul Molund opposed the proposed change in zoning. The area will become full of high rises and like another West End. The area already has traffic congestion; the proposed development will add even more.

MOVED by Cllr. Chiavario,

A. THAT the application be approved, subject to the conditions as set out in this minute of the Public Hearing.

B. THAT staff report back on a review of Rose Court for placement on the heritage registry and heritage designation.

- CARRIED

(Councillors Bellamy, Sullivan and the Mayor opposed to B)

4. Official Development Plan: Regional Context Statement

An application by the Director of City Plans was considered as follows:

Summary: On January 26, 1999, Council adopted a Regional Context Statement Development Plan. This Regional Context Statement illustrates how existing City plans and policies contribute to implementing the Livable Region Strategic Plan.

The Regional Context Statement presented as Schedule A for adoption at Public Hearing contains several minor amendments made to the January 26, 1999 version. These are listed in the memorandum dated March 9, 1999.

The Director of City Plans recommends approval, subject to the following conditions as proposed for adoption by resolution of Council:

THAT if following the Public Hearing, Council chooses to adopt the Regional Context Statement Development Plan as an Official Development Plan, that before final reading of the ODP, Council refer the Regional Context Statement to the Board of Directors of the GVRD for approval.

SPECIAL COUNCIL MEETING MINUTES

FEBRUARY 24, 2000

A Special Meeting of the Council of the City of Vancouver was held on Thursday, February 24, 2000, at 7:35 p.m., in Council Chambers, Third Floor, City Hall, for the purpose of holding a Public Hearing to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

PRESENT: Mayor Philip Owen
 Councillor Fred Bass
 Councillor Jennifer Clarke
 Councillor Daniel Lee
 Councillor Don Lee
 Councillor Sandy McCormick
 Councillor Sam Sullivan

ABSENT: Councillor Lynne Kennedy
 Councillor Tim Louis
 Councillor Gordon Price (Sick Leave)
 Councillor George Puil (Civic Business)

CITY CLERK'S OFFICE: Tarja Tuominen, Meeting Coordinator

COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,
 SECONDED by Cllr. Daniel Lee,

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

- CARRIED UNANIMOUSLY

1. Text Amendments: District Schedules, Official Development Plans and

CD-1 By-laws - Floor Space Exclusions

[Barrett Commission]

An application by the Director of Current Planning was considered as follows:

Summary: The proposed text amendments would provide floor space exclusions to provide construction incentives to control building envelope leaks.

The Director of Current Planning recommended approval.

Staff Comments

Jacqui Forbes-Roberts, General Manager of Community Services, provided a brief introduction to the report, noting the proposed text amendments would affect new construction and repairs and restoration of existing buildings. Ms. Forbes-Roberts also requested an amendment to the proposed draft by-law to amend By-law 3575 to add RS1 to Section 4.7.3, (d).

Doug Watts, Building Envelope Specialist, with the aid of a slide presentation, described the specifics of the technical and different design issues of the proposed amendments, and explained what steps other municipalities have taken to address the recommendations arising from the Barrett Commission.

Summary of Correspondence

Council was advised the following correspondence was received since the date the application was referred to Public Hearing:

one letter in support of 'Option A'.

Speakers

Mayor Owen called for speakers for and against the application.

The following spoke in support of 'Option A':

John Fowler, Canadian Precast/Prestressed Concrete Institute
Bill McEwen, Masonry Institute of British Columbia (brief filed)
Peter Reese

The foregoing speakers supported 'Option A' based on one or more of the following points:

application of the current FSR calculations has prevented a wide-spread use of precast concrete exterior walls; there have been very few problems with the use of pre-cast concrete, which has proven to be a versatile and durable material;

thicker exterior walls are better walls, because they can include an airspace cavity behind the cladding which provides a "rainscreen" system, more efficient insulation, thicker, more durable cladding materials; current FSR calculations discourage the foregoing;

the proposed changes in FSR definitions will immediately encourage better wall design;

brick and stone-faced walls should be encouraged.

The following generally supported 'Option A' but felt the proposed text amendments should be referred back to staff for further study and discussion with the industry:

John O'Donnell, AIBC
Stuart Howard, Vancouver Planning Coalition

The following is a summary of the foregoing speakers' comments:

Option 'A' is supported in principle; however the text amendments also should address overhangs, balconies, elevated walkways, yard setbacks, and site coverage; staff should accept the electronic calculation of areas and the calculations of the Architect, given under seal; letters of assurance from a building envelope specialist are redundant at an early stage; the proposed text amendments should cover everything instead of the City issuing administrative bulletins to address further changes.

Staff Closing Comments

Ralph Segal, Planner; Eric Fiss, Planner; and Doug Watts responded to the issues raised by the speakers: the proposed text amendments are the result of a fair bit of consultation with the industry; a building envelope specialist is required to be involved in the process earlier as technical details are to be submitted at the development permit stage; staff are taking a further look at other issues, such as recesses, balconies and walkways.

Ms. Forbes-Roberts advised Council may proceed with the proposed amendments to the floor space exclusions and request staff to come back with additional amendments. Staff and the industry would prefer the FSR exclusions not be delayed.

MOVED by Cllr. Don Lee,

A. THAT the application by the Director of Current Planning to amend various District Schedules, Official Development Plans and CD-1 By-laws to provide floor space exclusions to provide construction incentives to control building envelope leaks be approved.

FURTHER THAT the draft By-law 3575, section 4.7.3, be amended as follows:

(d) as clause (h) in the following district schedules:

RS-1 and RS-1S RT-4, etc.

(Italics denote amendment)

B. THAT staff report back on other aspects affecting leakage of buildings, such as overhangs, protection of upper balconies, recesses, etc.

- CARRIED UNANIMOUSLY

RISE FROM COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

ADOPT REPORT OF COMMITTEE OF THE WHOLE

MOVED by Cllr. Clarke,
SECONDED BY Cllr. Don Lee,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

- CARRIED UNANIMOUSLY

The Special Council adjourned at 9:20 p.m.
