2. Rezoning: 5750 Oak Street

An application by the Central Organization for Jewish Education/Lubavitch Centre, was considered as follows:

Summary: The proposed rezoning from RS-1 to CD-1 would permit the replacement of the existing Lubavitch Centre and development of up to 60 dwelling units.

The Director of Central Area Planning, on behalf of Land Use and Development, recommended approval, subject to the following conditions as proposed for adoption by resolution of Council:

(a) THAT the proposed form of development be approved by Council in principle, generally as prepared by Paul Chiu, Urban Design Group, Architect, and stamped "Received Planning Department, September 8 and November 17, 1998", provided that the Director of Planning may allow alterations to this form of development when approving the detailed scheme of development as outlined in (b) below.

(b) THAT, prior to approval by Council of the form of development, the applicant shall obtain approval of a development application by the Director of Planning, who shall have particular regard to the following:

(i) provision of a traffic study that reviews the impact of the proposed 41st Avenue crossing on the existing bus stop on 41st Avenue adjacent the site. The study is to include the number of right hand turns expected at peak use times for both residential and institutional uses;

(Note: This bus stop is at a sensitive location. If the results of the study indicate an excessive amount of right turns which adversely affect the operation of the bus stop, then the access proposed from 41st Avenue will not be supported by Engineering Services.)

(ii) design modifications to meet Fire requirement that principle residential entrance to be located 15 m (49.2 ft.) or less from the street;

(iii) review of fire hydrant, siamese and fire alarm issues, to the satisfaction of the Fire Department;

(iv) submission of tree retention, protection and relocation plan and a certified arborist assessment and report, in conjunction with landscape review staff; and

(v) design development to take into consideration the principles of CPTED (Crime Prevention Through Environmental Design) having particular regard to reducing opportunities for:

theft in the underground;

break and enter; and
mischief and vandalism such as graffiti.
(Note to Applicant: Separation between residential and institutional users,
including exit stairs and parking, should be a consideration.)

(c) THAT, prior to enactment of the CD-1 By-law, the registered owner shall:

(i) make arrangements to the satisfaction of the General Manager of Engineering Services and the Director of Legal Services for the following:

dedication of the west 2.13 m of the site for road;
statutory Right-of-Way for road for the 3.0 m x 3.0 m corner cut at the
northwest corner of the site (measured from the widening line);
relocation of the existing water service that is within Easement No. 18622
(reference plan). If this water service cannot be relocated, no development
will be permitted within the easement area; and

provision of street trees adjacent the site where space permits.

(ii) clarification of any proposed encroachments into Right-of-Way No. 18622
(reference plan) is required. No development within this right-of-way will be
permitted;

(iii) clarification of the charges that appear on title is required. A charge summary should
be provided;

(iv) make arrangements for all electrical and telephone services to be undergrounded
within and adjacent the site from the closest existing suitable service point;

(v) execute a legal agreement satisfactory to the Director of Legal Services providing
that owners will not discriminate against families with children in the sale of their
property;

(vi) execution of an Option to Purchase in favour of the City of Vancouver for the
purchase in fee simple of four one-bedroom units of approximately 55.74 m net (600 net
sq. ft.) in floor area, plus exclusive use of four underground parking stalls in the same
building, at no cost to the City, to the satisfaction of the Director of Legal Services and
the Director of the Housing Centre;

(vii) enter into a Housing Agreement with the City to guarantee for the life of the
building the rental status of the four one-bedroom units to be purchased by the
City at no cost to the City; and

(viii) enter into a Housing Agreement with the City to guarantee for the life of the
building the irrevocable right of each and every strata owner of the building to allow
their unit(s) to be occupied by rental tenants on a continuous basis without let or
hindrance.

Staff Comments

Rob Whitlock, Planner, reviewed the application, noting the proposed height,
provision of underground parking, and lack of access to the site from the lane. The
proposal is consistent with the Oakridge-Langara Policy Statement. The applicant
has held meetings with area residents to address concerns. The City will receive

four rental units targeted for seniors.

Mr. Whitlock also referred to a hand-out, circulated to Council this evening, noting minor technical adjustments requested by the applicant. Staff support approval of the adjustments and the hand-out provides the correct wording for the adjustments, if approved by Council.

Applicant Comments

The following representatives for the applicant briefly described the proposal and urged Council support for the application:

Rabbi Wineberg, Director, Lubavitch
Jack Diamond, Honorary Chairman of the Board, Lubavitch
Arnold Silber, Chairman of the Board, Lubavitch
Victor Setton, Director, Lubavitch
Jim Lehto, UD&D Ltd.

The representatives for the applicant advised approval of the application will allow the Lubavitch Centre to be a permanent fixture in the community and will enable it to help families and children. Proceeds from the development will give the Centre the means to provide tools to help people. The Centre is an inclusive facility and will guarantee Jewish education for the future.

Summary of Correspondence

Council was advised the following correspondence was received:

One letter in support of the application
One letter attaching a petition with 69 signatures and a letter in support of the application
One letter opposed to the application.

Speakers

Mayor Owen called for speakers for and against the application.

The following spoke in support of the application:

Cantor Murray Nixon
Bob Friedman.

The foregoing speakers supported the application based on one or more of the following points:

Lubavitch Centre is valuable to the Jewish community and to the city;
the Centre is not a commercial facility and saves lives.

The following spoke in opposition to the application:

Wilson Lo
Dr. Fred Soo.

The foregoing speakers opposed the application based on one or more of the following points:

the proposed centre will be the tallest building in the neighbourhood;
 the neighbours request there be very few south and southeast facing balconies, tall trees separating the development from residents, lower height, maximized setback on the south side, and no entrance or exit on the lane side;
 traffic flow is a concern;
 speed bumps and enforced parking restrictions may alleviate concerns;
 the existing three churches surrounding the crescent cause considerable congestion and traffic flow already.

Staff Closing Comments

Mr. Whitlock advised staff have had a commitment from the architect about privacy screening for Fremlin Street. Traffic problems on the lane can always be dealt with in the future.

MOVED by Cllr. Bellamy,

THAT the application be approved, subject to the conditions as set out in this minute of the Public Hearing, and and subject to the following amendments:

Amend Section 2 (Uses), Clause (b) as follows:

Increase the number of permitted dwelling units from 60 to 61.

Add to existing Section 3.1 (Floor Space Ratio):

“For the purposes of computing floor space ratio, the site is all parcels covered by this By-law, and is deemed to be 3 786.5 m², being the site size at time of application for rezoning, prior to any dedications.”

Amend the respective clauses of Section 3.3 (Exclusions from FSR) as follows:

Clause (g) (below-grade residential lobby space), increase 38 m² to 41 m²; and

Clause (h) (below-grade institutional storage and lobby areas), increase 228 m² to 267 m².

- CARRIED UNANIMOUSLY

3. Text Amendment: 5605 Victoria Drive

An application by James KM Cheng Architects Inc. was considered as follows:

Summary: The proposed text amendment would permit development of a four-storey mixed-use development with 80 units of residential, a large retail store, two commercial buildings and a parkade.

SPECIAL COUNCIL MEETING MINUTES

FEBRUARY 24, 2000

A Special Meeting of the Council of the City of Vancouver was held on Thursday, February 24, 2000, at 7:35 p.m., in Council Chambers, Third Floor, City Hall, for the purpose of holding a Public Hearing to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

PRESENT: Mayor Philip Owen
 Councillor Fred Bass
 Councillor Jennifer Clarke
 Councillor Daniel Lee
 Councillor Don Lee
 Councillor Sandy McCormick
 Councillor Sam Sullivan

ABSENT: Councillor Lynne Kennedy
 Councillor Tim Louis
 Councillor Gordon Price (Sick Leave)
 Councillor George Puil (Civic Business)

CITY CLERK'S OFFICE: Tarja Tuominen, Meeting Coordinator

COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,
 SECONDED by Cllr. Daniel Lee,

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

- CARRIED UNANIMOUSLY

1. Text Amendments: District Schedules, Official Development Plans and

CD-1 By-laws - Floor Space Exclusions

[Barrett Commission]

An application by the Director of Current Planning was considered as follows:

Summary: The proposed text amendments would provide floor space exclusions to provide construction incentives to control building envelope leaks.

The Director of Current Planning recommended approval.

Staff Comments

Jacqui Forbes-Roberts, General Manager of Community Services, provided a brief introduction to the report, noting the proposed text amendments would affect new construction and repairs and restoration of existing buildings. Ms. Forbes-Roberts also requested an amendment to the proposed draft by-law to amend By-law 3575 to add RS1 to Section 4.7.3, (d).

Doug Watts, Building Envelope Specialist, with the aid of a slide presentation, described the specifics of the technical and different design issues of the proposed amendments, and explained what steps other municipalities have taken to address the recommendations arising from the Barrett Commission.

Summary of Correspondence

Council was advised the following correspondence was received since the date the application was referred to Public Hearing:

one letter in support of 'Option A'.

Speakers

Mayor Owen called for speakers for and against the application.

The following spoke in support of 'Option A':

John Fowler, Canadian Precast/Prestressed Concrete Institute
Bill McEwen, Masonry Institute of British Columbia (brief filed)
Peter Reese

The foregoing speakers supported 'Option A' based on one or more of the following points:

application of the current FSR calculations has prevented a wide-spread use of precast concrete exterior walls; there have been very few problems with the use of pre-cast concrete, which has proven to be a versatile and durable material;

thicker exterior walls are better walls, because they can include an airspace cavity behind the cladding which provides a "rainscreen" system, more efficient insulation, thicker, more durable cladding materials; current FSR calculations discourage the foregoing;

the proposed changes in FSR definitions will immediately encourage better wall design;

brick and stone-faced walls should be encouraged.

The following generally supported 'Option A' but felt the proposed text amendments should be referred back to staff for further study and discussion with the industry:

John O'Donnell, AIBC
Stuart Howard, Vancouver Planning Coalition

The following is a summary of the foregoing speakers' comments:

Option 'A' is supported in principle; however the text amendments also should address overhangs, balconies, elevated walkways, yard setbacks, and site coverage; staff should accept the electronic calculation of areas and the calculations of the Architect, given under seal; letters of assurance from a building envelope specialist are redundant at an early stage; the proposed text amendments should cover everything instead of the City issuing administrative bulletins to address further changes.

Staff Closing Comments

Ralph Segal, Planner; Eric Fiss, Planner; and Doug Watts responded to the issues raised by the speakers: the proposed text amendments are the result of a fair bit of consultation with the industry; a building envelope specialist is required to be involved in the process earlier as technical details are to be submitted at the development permit stage; staff are taking a further look at other issues, such as recesses, balconies and walkways.

Ms. Forbes-Roberts advised Council may proceed with the proposed amendments to the floor space exclusions and request staff to come back with additional amendments. Staff and the industry would prefer the FSR exclusions not be delayed.

MOVED by Cllr. Don Lee,

A. THAT the application by the Director of Current Planning to amend various District Schedules, Official Development Plans and CD-1 By-laws to provide floor space exclusions to provide construction incentives to control building envelope leaks be approved.

FURTHER THAT the draft By-law 3575, section 4.7.3, be amended as follows:

(d) as clause (h) in the following district schedules:

RS-1 and RS-1S RT-4, etc.

(Italics denote amendment)

B. THAT staff report back on other aspects affecting leakage of buildings, such as overhangs, protection of upper balconies, recesses, etc.

- CARRIED UNANIMOUSLY

RISE FROM COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

ADOPT REPORT OF COMMITTEE OF THE WHOLE

MOVED by Cllr. Clarke,
SECONDED BY Cllr. Don Lee,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

- CARRIED UNANIMOUSLY
