By-law No. 8111

(Being a By-law to Amend By-law 3575, being the Zoning and Development By-law)

Effective November 2, 1999

(Amended up to and including By-law No. 9674, dated June 24, 2008)

1 *[Section 1 is not reprinted here. It contains a Standard clause amending Schedule D (Zoning District Plan) to reflect this rezoning to CD-1.]*

2 **Uses**

The area shown included within the heavy black outline on Schedule “A” shall be more particularly described as CD-1 (398), and the only uses permitted within the outlined area, subject to such conditions as Council may be resolution prescribe, and the only uses for which development permits will be issued are

- (a) Community Care Facility - Class B, and [9674; 08 06 24]
- (b) Accessory Uses customarily ancillary to the above use.

3 **Floor Space Ratio**

3.1 The floor space ratio must not exceed 1.76, subject to the following:

- (a) the area of all floors at or above finished grade must not exceed a floor space ratio of 1.53.

For the purpose of computing floor space ratio, the site is all parcels covered by this By-law, and is deemed to be 1 095 m², being the site size at time of application for rezoning, prior to any dedications.

3.2 The following will be included in the computation of floor space ratio:

- (a) all floors having a minimum ceiling height of 1.2 m, including earthen floor, both above and below ground level, to be measured to the extreme outer limits of the building;
- (b) stairways, fire escapes, elevator shafts and other features which the Director of Planning considers similar, to be measured by their gross cross-sectional areas and included in the measurements for each floor at which they are located.

3.3 The following will be excluded in the computation of floor space ratio:

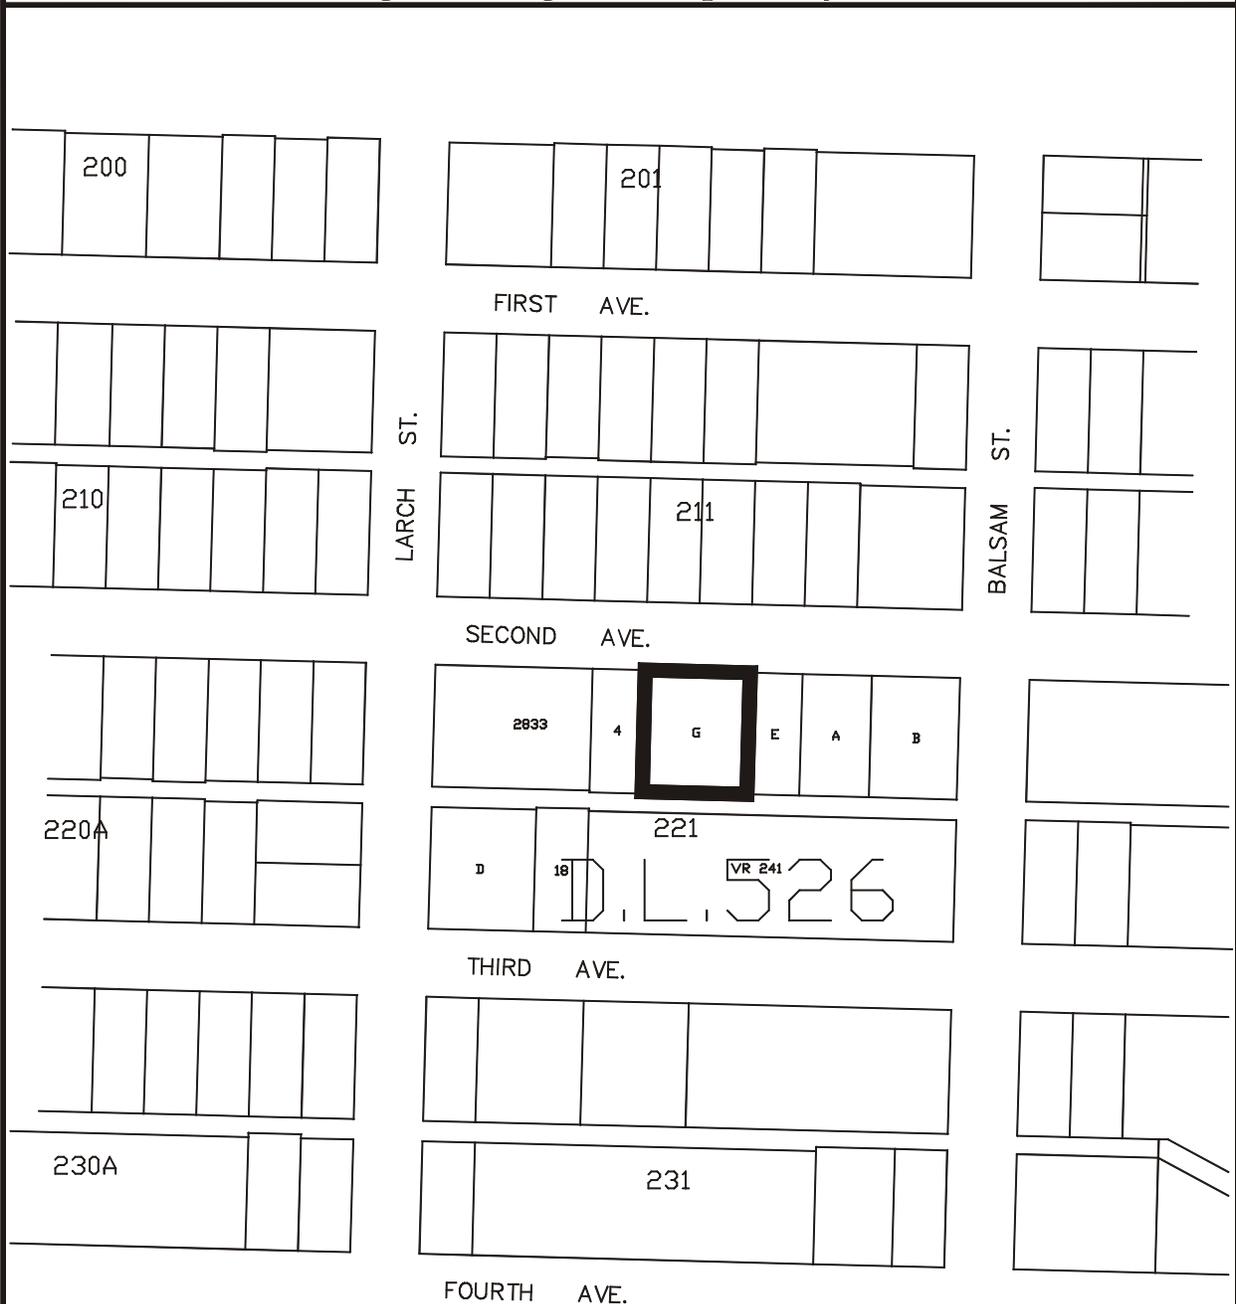

- (a) open residential balconies or sundecks, and any other appurtenances which, in the opinion of the Director of Planning, are similar to the foregoing;
- (b) patios and roof gardens, provided that the Director of Planning first approves the design of sunroofs and walls;
- (c) where floors are used for off-street parking and loading, the taking on or discharging of passengers, bicycle storage, heating and mechanical equipment, or uses which in the opinion of the Director of Planning are similar to the foregoing, those floors or portions thereof so used, which are at or below the base surface, provided that the maximum exclusion for a parking space shall not exceed 7.3 m in length;
- (d) amenity areas, including day care facilities, recreation facilities, and meeting rooms, to a maximum total of 10 percent of the total building floor area;
- (e) areas of undeveloped floors which are located
 - (i) above the highest storey or half-storey and to which there is no permanent means of access other than a hatch, or
 - (ii) adjacent to a storey or half-storey with a ceiling height of less than 1.2 m;
- (f) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000. [8169; 00 03 14]

Note: *Information included in square brackets [] identifies the by-law numbers and dates for the amendments to By-law No. 8111 or provides an explanatory note.*

- 4 Height
The maximum building height measured above the base surface is 12.3 m.
- 5 Off-Street Parking and Loading
- 5.1 Off-street parking, loading and bicycle spaces must be provided, developed and maintained in accordance with the applicable provisions of the Parking By-law, except that for a Community Care Facility - Class B a minimum of one off-street parking space for every four beds must be provided. [9674; 08 06 24]
- 5.2 The Director of Planning, on advice of the City Engineer, may grant a relaxation in the requirements of section 5.1 where enforcement would result in unnecessary hardship and where he is of the opinion that such relaxation will not adversely impact surrounding developments and residents or the parking needs of residents or visitors to the site.
- 6 *[Section 6 is not reprinted here. It contains a standard clause including the Mayor and City Clerk's signature to pass the by-law and certify the by-law number and date of enactment.]*

COMMITTEE OF THE WHOLE

MOVED by Cllr. Bellamy,
SECONDED by Cllr. Herbert,

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law.

MOVED by Cllr. Chiavario:

That Council retain the existing 40-foot setback.

- not put

MOVED by Cllr. Bellamy,

THAT the Public Hearing on this item be adjourned and the application by Bunting Coady Architects for a text amendment to Schedule C of the Zoning and Development By-law for the 2900 Block East Broadway, to permit relaxation of the required landscape setback on the south side of Broadway between Renfrew and Nootka Streets, be referred to a new Public Hearing on October 19, 1999;

AND FURTHER THAT staff work with the applicant and report back on a design solution as close as possible to the existing 40-foot setback.

- CARRIED

(Councillor Chiavario opposed)

4. Rezoning: 2450 West 2nd Avenue

An application by Stuart Howard Architects was considered, as follows:

Summary: The proposed rezoning from RM-4 to CD-1 would permit additions to the existing care facility.

The Director of Current Planning recommended approval, subject to the conditions set out in the agenda of the Public Hearing.

Staff Comments

Rob Whitlock, Acting Senior Rezoning Planner, reviewed the application with reference to a model. Additional height requested will impact on views on slightly more than the potential impact if redeveloped under the existing RM-4 zoning. The additional density is necessary to meet current licensing and building code requirements and provide more efficient service. It is not possible to provide the added parking required on site because it would be prohibitively expensive, but Braddan Private hospital has arranged to purchase additional parking off-site.

Applicant Comments

Stuart Howard, Architect, reviewed the particulars of the application and constraints on the existing building which cause inefficiencies. Care guidelines require considerable support space which must be provided. Current residents will be able to remain in place during construction. Measures have been taken to reduce height. This Special Needs Residential Facility (SNRF) provides a public benefit, contributing to aging in place with multi-level care. Without this rezoning, problems could not be solved without demolishing the building.

Questioned regarding parking, Mr. Howard explained provision is being made in

the lane for Handi-dart space and better garbage collection, in place of some existing parking. Seven spaces will be purchased in a neighbouring building, 2490 West 2nd Avenue. The hospital would be prepared to assign some lane space for visitors. The residents of this facility do not drive, and there will sufficient space in the neighbouring building to accommodate staff.

Summary of Correspondence

Council was advised the following correspondence was received:

one letter in opposition.

A further letter in support was handed in and circulated at the meeting.

Speakers

The following speakers opposed the application:

Mrs. R. Spector, 2400 Block West 3rd Avenue
Chris Solomon, property owner, 2490 West 2nd Avenue
Bruce Long, property owner, 2490 West 2nd Avenue
Patrick Griffin, Kitsilano resident
Joanne Reynolds, property owner, 2490 West 2nd Avenue.

Following are some of the points made by the opposed speakers:

the lane is already clogged with personal and commercial traffic, and there will be more noise, fumes, and traffic;
views will be affected, and property values diminished;
stalls in 2490 West 2nd Avenue were purchased from the developer, not the Strata Corporation, and the Strata Council is initiating legal steps to reclaim them; concerns include health, security, and insufficient parking available for property owners and their visitors;
Planning Department staff were made aware of the situation with regard to 2490 West 2nd Avenue, but have not resolved it;
parking is a long-standing problem in Kitsilano and is getting worse;
parking should be required on the site, not off-site;
the SNRF is a non-conforming use, and the notice was flawed because it did not include this information.

The following speakers supported the application:

Shelagh Smith, relative of facility resident
Linda Rose, Community Health Team - Vancouver-Richmond Health Board

Paul Dixon, relative of facility resident
Sabina Wrzesinski, Braddan Private Hospital employee
Grant Halperin, Kitsilano resident and relative of facility resident
George Kefalas, Kitsilano resident and relative of facility resident

Following are some of the points made by speakers in support:

SNRFs are a benefit to the community;
Braddan Hospital will be able to provides more private rooms which are often in short

supply;

all neighbourhoods need a range of housing options including residential care;
 more residential beds are particularly needed on the west side of the city;
 Braddan Hospital provides excellent service and a friendly atmosphere, and fills a vital role in the community;
 hospital employees consider themselves members of this community;
 the new expansion will create more jobs;
 hospital staff carpool, and there are usually excess parking spaces;
 there are long waiting lists for residential care, and many seeking space are on hold in acute care hospitals, which are unable to offer privacy or space in their wards;
 Braddan Hospital provides excellent service, and has no vacancies proving the need for added beds.

(Councillor Clarke arrived while speakers were being heard on this item, but did not participate in the discussion.)

Applicant Closing Comments

Mr. Howard clarified that the off-site parking spaces were bought from the church which developed the condominium, and were surplus to the legal requirements of the building. Mr. Howard also reviewed potential long-term detrimental effects if the building is not upgraded.

Staff Closing Comments

Mr. Whitlock clarified that SNRF is a conditional use in this zoning. The proposed form of development is generally consistent with RM-4 bulk and height; the 5-foot height difference will impact on a few adjacent residents. Regarding the off-site parking situation, the conditions specify that parking arrangements must be satisfactory to the Director of Legal Services. The Director has advised that agreement will be sought with the Strata Council as the current owners of the site, and if agreement cannot be reached, another site will have to be sought. There is also a possibility of parking relaxation on hardship grounds. Regarding concerns about visitor parking, the Engineering Department is very careful to include visitor parking in its standard. The City can also seek agreement to designate permanent visitor's spaces. Council has the security that if a satisfactory parking solution cannot be reached, the zoning will not be enacted.

Larry Beasley, Director of Current Planning, recommended that Council deal with the principle, with the assurance that staff will deal with the parking situation, or come back to Council.

Council Decision

MOVED by Cllr. Kennedy,

THAT the application by Stuart Howard Architects to rezone 2450 East 2nd Avenue from RM-4 to a CD-1, to permit additions to the existing care facility, be approved subject to the following conditions, with the added condition that staff find an off-site parking solution at the level outlined in the Policy Report dated July 9, 1999, either through a satisfactory agreement with the Strata Council of 2490 West 2nd Avenue or another site, without relaxation of the parking standard:

(a) THAT the proposed form of development be approved by Council in principle, generally as prepared by Stuart Howard Architects and stamped "Received City Planning

Department, June 15, 1999", provided that the Director of Planning may allow minor alterations to this form of development when approving the detailed scheme of development as outlined in (b) below.

(b) THAT, prior to approval by Council of the form of development, the applicant shall obtain approval of a development application by the Director of Planning, who shall have particular regard to the following:

(i) design development to reduce the height of the building by:

A. eliminating the proposed roof access stair tower, and instead providing access by means of a hatch; and

B. reducing all parapet heights at the roof level to the minimum necessary for good building practice;

(ii) design development to soften the impact at the lane by providing landscaping adjacent to the surface parking areas;

(iii) design development to the landscape design for the front yard, to increase the sense of openness to the street, and to achieve a softer, more residential character;

[Note to applicant: the need for some hard surface area in the front yard is acknowledged; however, some redesign to make the area both more visible and more residential in character is encouraged.]

(iv) provision of a plan indicating how the owner proposes to deal with construction disruptions in the daily lives of the residents;

(v) design development to take into consideration the principles of Crime Prevention Through Environmental Design (CPTED), having particular regard to reducing opportunities for graffiti on the lane. Graffiti is prevalent in Vancouver and its removal is an expense to owners. Opportunities for graffiti can be mitigated by reducing areas of exposed wall, by covering these walls with vines, hedges or lattice or steel mesh or by using a protective coating material. Contact Helen Chomolok, Graffiti Coordinator at 873-7927 for further information.

(vi) provision of a detailed landscape plan clearly illustrating all proposed plant material;

(vii) provision of dimension tree protection barriers (illustrated on the Landscape Plan) around all existing trees 20 cm caliper or greater to be retained on the development site, all existing neighbouring trees 20 cm caliper or greater located within 2.0 m of the property line and around all existing street trees located adjacent to the development site as per City of Vancouver Guidelines; and

(viii) design development to provide a layered planting strip within the inside boulevard (between the sidewalk and property line) along West 2nd Avenue, as per joint Planning and Engineering policies for "Special City Boulevard Treatment". The planting strip shall be comprised of layered low planting [mature height and width not to exceed 0.9 m x 0.9 m (3 ft. x 3 ft.)] with a minimum 0.3 m (1 ft.) grass or ground cover strip adjacent to the sidewalk.

(c) THAT, prior to enactment of the CD-1 By-law, and at no cost to the City, the

registered owner shall:

- (i) make arrangements to the satisfaction of the Director of Legal Services and the Approving Officer to consolidate the site;
- (ii) make arrangements to the satisfaction of the General Manager of Engineering Services and the Director of Legal Services for an encroaching wall on West 2nd Avenue;
- (iii) make suitable arrangements to the satisfaction of the General Manager of Engineering Services and the Director of Legal Services for off-site parking;
- (iv) make arrangements for all electrical and telephone services to be undergrounded within and adjacent the site from the closest existing suitable point; and
- (v) pay to the City a Community Amenity Contribution of \$10,965.68;

AND FURTHER THAT staff deal with the issue of assigned visitor parking at the development permit stage.

- CARRIED UNANIMOUSLY

(Councillor Clarke not eligible to vote)

(Councillor Kennedy left the meeting following the vote on item 4 and did not return)

5. Rezoning: 555 Great Northern Way [Finning Lands]

An application by Finning International Inc. was considered, as follows:

Summary: The rezoning from I-3 to CD-1 would permit industrial, office, commercial and live-work uses, consistent with the Concept Plan for Great Northern Technology Park.

The Director of Current Planning recommended approval, subject to the conditions set out in the agenda of the Public Hearing.

Council also had before it a memorandum from the Director of Planning and the Deputy City Engineer dated September 16, 1999 (on file), recommending a revised childcare condition f (vi) as reflected above. Further wording regarding the childcare condition, put forward by staff during the Public Hearing at Council's request, is also reflected in the foregoing conditions.

Staff Comments

Ian Smith, Planner, Central Area Major Developments Group, briefly reviewed the application, noting it would make possible uses not permitted in I-3, but which would be useful amenities in a high technology industrial park. Discussions between staff and the applicant have resolved most of the applicant's issues, but the applicant remains concerned about the parking ratio. Staff are prepared to support a change from the existing 2.21 spaces per 1000 square feet to 2.5 spaces,

BY-LAW NO. 8111

**A By-law to amend
By-law No. 3575, being the
Zoning and Development By-law**

THE COUNCIL OF THE CITY OF VANCOUVER, in open meeting assembled, enacts as follows:

1. The "Zoning District Plan" annexed to By-law No. 3575 as Schedule "D" is hereby amended according to the plan marginally numbered Z-501 and attached to this By-law as Schedule "A", and in accordance with the explanatory legends, notations and references inscribed thereon, so that the boundaries and districts shown on the Zoning District Plan are varied, amended or substituted to the extent shown on Schedule "A" of this By-law, and Schedule "A" of this By-law is hereby incorporated as an integral part of Schedule "D" of By-law No. 3575.

2. Uses

The area shown included within the heavy black outline on Schedule "A" shall be more particularly described as CD-1(398), and the only uses permitted within the outlined area, subject to such conditions as Council may by resolution prescribe, and the only uses for which development permits will be issued are

- (a) Special Needs Residential Facility - Community Care - Class B, and
- (b) Accessory Uses customarily ancillary to the above use.

3. Floor Space Ratio

3.1 The floor space ratio must not exceed 1.76, subject to the following:

- (a) the area of all floors at or above finished grade must not exceed a floor space ratio of 1.53.

For the purpose of computing floor space ratio, the site is all parcels covered by this By-law, and is deemed to be 1 095 m², being the site size at time of application for rezoning, prior to any dedications.

3.2 The following will be included in the computation of floor space ratio:

- (a) all floors having a minimum ceiling height of 1.2 m, including earthen floor, both above and below ground level, to be measured to the extreme outer limits of the building;
- (b) stairways, fire escapes, elevator shafts and other features which the Director of Planning considers similar, to be measured by their gross cross-sectional areas and included in the measurements for each floor at which they are located.

3.3 The following will be excluded in the computation of floor space ratio:

- (a) open residential balconies or sun decks, and any other appurtenances which, in the opinion of the Director of Planning, are similar to the foregoing;
- (b) patios and roof gardens, provided that the Director of Planning first approves the design of sunroofs and walls;
- (c) where floors are used for off-street parking and loading, the taking on or discharging of passengers, bicycle storage, heating and mechanical equipment, or uses which in the opinion of the Director of Planning are similar to the foregoing, those floors or portions thereof so used, which are at or below the base surface, provided that the maximum exclusion for a parking space shall not exceed 7.3 m in length;
- (d) amenity areas, including day care facilities, recreation facilities, and meeting

rooms, to a maximum total of 10 percent of the total building floor area;

- (e) areas of undeveloped floors which are located
 - (i) above the highest storey or half-storey and to which there is no permanent means of access other than a hatch, or
 - (ii) adjacent to a storey or half-storey with a ceiling height of less than 1.2 m.

4. Height

The maximum building height measured above the base surface is 12.3 m.

5. Off-Street Parking and Loading

5.1 Off-street parking, loading and bicycle spaces must be provided, developed and maintained in accordance with the applicable provisions of the Parking By-law, except that for a Special Needs Residential Facility - Community Care - Class B a minimum of one off-street parking space for every four beds must be provided.

5.2 The Director of Planning, on advice of the City Engineer, may grant a relaxation in the requirements of section 5.1 where enforcement would result in unnecessary hardship and where he is of the opinion that such relaxation will not adversely impact surrounding developments and residents or the parking needs of residents or visitors to the site.

6. This By-law comes into force and takes effect on the date of its passing.

DONE AND PASSED in open Council this 2nd day of November, 1999.

(Signed) Philip W. Owen
Mayor

(Signed) Jan Gibson

ADMINISTRATIVE REPORT

Date: February 23, 2000
Author/Local: M.Cho/6496
RTS No. 01285
CC File No. 2608

Council: March 7, 2000

TO: Vancouver City Council
FROM: Director of Current Planning
SUBJECT: Form of Development: 2450 West 2nd Avenue

RECOMMENDATION

THAT the form of development for the CD-1 zoned site known as 2450 West 2nd Avenue be approved generally as illustrated in the Development Application Number DE404673, prepared by Stuart Howard Architects and stamped "Received, City Planning Department November 24, 1999", provided that the Director of Planning may impose conditions and approve design changes which would not adversely affect either the development character of this site or adjacent properties.

GENERAL MANAGER'S COMMENTS

The General Manager of Community Services RECOMMENDS approval of the foregoing.

COUNCIL POLICY

There is no applicable Council policy except that Council did approve in principle the form of development for this site when the rezoning was approved, following a Public Hearing.

PURPOSE

In accordance with *Charter* requirements, this report seeks Council's approval for the form of development for the above-noted CD-1 zoned site.

SITE DESCRIPTION AND BACKGROUND

The site is located on the south side of West 2nd Avenue, midblock between Larch Street and Balsam Street. The site and surrounding zoning are shown on the attached Appendix 'A'.

The existing special needs residential facility (SNRF) was approved and constructed in 1961. There were two subsequent development permits approved for further additions. The first development permit (DE202685) was approved in 1985 for an addition of approximately 2,372.0 m²/25,534.0 sq. ft. The second development permit (DE214187) was approved in 1992 for an addition of approximately 16.4 m²/177.0 sq. ft. The existing SNRF currently contains 42 beds for seniors.

At a Public Hearing on September 21, 1999, City Council approved a rezoning of this site from RM-4 Multiple Dwelling District to CD-1 Comprehensive Development District. Council also approved in principle the form of development for these lands. CD-1 By-law Number 8111 was enacted on November 2, 1999.

Subsequent to Council's approval of the CD-1 rezoning, the Director of Planning approved Development Application Number DE404673. This approval was subject to various conditions, including Council's approval of the form of development. The latter condition is one of the few outstanding prior to permit issuance.

DISCUSSION

The proposal involves a two-storey addition (approximately 874.21 m²/9,410.2 sq. ft.) to the existing two-storey Special Needs Residential Facility - Community Care - Class B, thereby creating a four-storey building. The additional floor area would provide an increase of 20 beds for seniors resulting in a total of 62 beds.

The proposed development has been assessed against the CD-1 By-law and responds to the stated objectives.

Simplified plans, including a site plan, streetscape, and proposed and existing elevations of the proposal, have been included in Appendix 'B'.

CONCLUSION

The Director of Planning has approved Development Application Number DE404673, subject to various conditions to be met prior to the issuance of the development permit. One of these conditions is that the form of development first be approved by Council.

 Councillor Gordon Price (Sick Leave)
 Councillor George Puil (Civic Business)

CITY CLERK'S OFFICE: Tarja Tuominen, Meeting Coordinator

COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,
 SECONDED by Cllr. Daniel Lee,

THAT this Council resolve itself into Committee of the Whole, Mayor Owen in the Chair, to consider proposed amendments to the Zoning and Development By-law and Official Development Plans.

- CARRIED UNANIMOUSLY

1. Text Amendments: District Schedules, Official Development Plans and

CD-1 By-laws - Floor Space Exclusions

[Barrett Commission]

An application by the Director of Current Planning was considered as follows:

Summary: The proposed text amendments would provide floor space exclusions to provide construction incentives to control building envelope leaks.

The Director of Current Planning recommended approval.

Staff Comments

Jacqui Forbes-Roberts, General Manager of Community Services, provided a brief introduction to the report, noting the proposed text amendments would affect new construction and repairs and restoration of existing buildings. Ms. Forbes-Roberts also requested an amendment to the proposed draft by-law to amend By-law 3575 to add RS1 to Section 4.7.3, (d).

Doug Watts, Building Envelope Specialist, with the aid of a slide presentation, described the specifics of the technical and different design issues of the proposed amendments, and explained what steps other municipalities have taken to address the recommendations arising from the Barrett Commission.

Summary of Correspondence

Council was advised the following correspondence was received since the date the application was referred to Public Hearing:

one letter in support of 'Option A'.

Speakers

Mayor Owen called for speakers for and against the application.

The following spoke in support of 'Option A':

John Fowler, Canadian Precast/Prestressed Concrete Institute
Bill McEwen, Masonry Institute of British Columbia (brief filed)
Peter Reese

The foregoing speakers supported 'Option A' based on one or more of the following points:

application of the current FSR calculations has prevented a wide-spread use of precast concrete exterior walls; there have been very few problems with the use of pre-cast concrete, which has proven to be a versatile and durable material;

thicker exterior walls are better walls, because they can include an airspace cavity behind the cladding which provides a "rainscreen" system, more efficient insulation, thicker, more durable cladding materials; current FSR calculations discourage the foregoing;

the proposed changes in FSR definitions will immediately encourage better wall design;

brick and stone-faced walls should be encouraged.

The following generally supported 'Option A' but felt the proposed text amendments should be referred back to staff for further study and discussion with the industry:

John O'Donnell, AIBC
Stuart Howard, Vancouver Planning Coalition

The following is a summary of the foregoing speakers' comments:

Option 'A' is supported in principle; however the text amendments also should address overhangs, balconies, elevated walkways, yard setbacks, and site coverage; staff should accept the electronic calculation of areas and the calculations of the Architect, given under seal; letters of assurance from a building envelope specialist are redundant at an early stage; the proposed text amendments should cover everything instead of the City issuing administrative bulletins to address further changes.

Staff Closing Comments

Ralph Segal, Planner; Eric Fiss, Planner; and Doug Watts responded to the issues raised by the speakers: the proposed text amendments are the result of a fair bit of consultation with the industry; a building envelope specialist is required to be involved in the process earlier as technical details are to be submitted at the development permit stage; staff are taking a further look at other issues, such as recesses, balconies and walkways.

Ms. Forbes-Roberts advised Council may proceed with the proposed amendments to the floor space exclusions and request staff to come back with additional amendments. Staff and the industry would prefer the FSR exclusions not be delayed.

MOVED by Cllr. Don Lee,

A. THAT the application by the Director of Current Planning to amend various District Schedules, Official Development Plans and CD-1 By-laws to provide floor space exclusions to provide construction incentives to control building envelope leaks be approved.

FURTHER THAT the draft By-law 3575, section 4.7.3, be amended as follows:

(d) as clause (h) in the following district schedules:

RS-1 and RS-1S RT-4, etc.

(Italics denote amendment)

B. THAT staff report back on other aspects affecting leakage of buildings, such as overhangs, protection of upper balconies, recesses, etc.

- CARRIED UNANIMOUSLY

RISE FROM COMMITTEE OF THE WHOLE

MOVED by Cllr. Don Lee,

THAT the Committee of the Whole rise and report.

- CARRIED UNANIMOUSLY

ADOPT REPORT OF COMMITTEE OF THE WHOLE

MOVED by Cllr. Clarke,
SECONDED BY Cllr. Don Lee,

THAT the report of the Committee of the Whole be adopted, and the Director of Legal Services be instructed to prepare and bring forward the necessary by-law amendments.

- CARRIED UNANIMOUSLY

The Special Council adjourned at 9:20 p.m.

being By-laws which amended the
Zoning and Development By-law
by rezoning areas to CD-1

THE COUNCIL OF THE CITY OF VANCOUVER, in open meeting
assembled, enacts as follows:

1. By-law No. 3907 is amended in Section 2 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

2. By-law No. 4412 is amended in Section 2 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

3. By-law No. 5376 is amended in Section 2 by deleting the period from the end of subclause (iii) and substituting it with a semi-colon and by adding the following subclause:

"(iv) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this subclause shall not apply to walls in existence prior to March 14, 2000."

4. By-laws No. 4825 and 6325 are each amended in Section 3 by deleting the period from the end of subclause (ii) and substituting it with a semi-colon and by adding the following subclause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this subclause shall not apply to walls in existence prior to March 14, 2000."

5. By-law No. 5343 is amended in Section 3 by deleting the period from the end of clause (iii) and substituting it with a semi-colon and by adding the following clause:

"(iv) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000"

6. By-laws No. 4775, 4829, 5222, 5224, 5773 and 6039 are each amended in Section 3 by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the

Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

7. By-laws No. 4085, 5411, and 5416 are each amended in Section 3 by deleting the period from the end of clause (c) and substituting it with a semi-colon and by adding the following clause:

"(d) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

8. By-law No. 5407 is amended in Section 3 by deleting the period from the end of clause (d) and substituting it with a semi-colon and by adding the following clause:

"(e) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

9. The By-laws listed below are each amended in Section 3 by adding the following section:

"3.1 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."

10. By-laws No. 6314 and 6582 are each amended in Section 3.1 by deleting the period from the end of clause (ii) and substituting it with a semi-colon and by adding the following clause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

11. By-law No. 6272 is amended in Section 3.1 by deleting the word "and" from the end of subclause (c)(i), by deleting the period from the end of subclause (c)(ii) and substituting it with a semi-colon and by adding the following subclause:

"(iii) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

12. By-law No. 4580 is amended in Section 3.2 by deleting the period at the end of the section and substituting it with a semi-colon, by relettering the existing text as clause (a) and by adding the following clause:

"(b) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

13. By-law No. 6884 is amended in Section 3.1 by deleting the word "and" from the end of clause (a), by deleting the period from the end of clause (b) and substituting it with a semi-colon and by adding the following clause:

"(c) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

14. By-law No. 5683 is amended in Section 3.2 by deleting the period at the end of this section and substituting it with a semi-colon and by adding the following clause:

"(b) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor

space ratio, except that this clause shall not apply to walls in existence prior to March 14, 2000."

15. By-law No. 8088 is amended in Section 3.2 by adding the following clause:

"(d) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

16. By-law No. 6009 is amended in Section 3.2 by deleting the period at the end of subclause (e)(vii) and substituting it with a semi-colon and by adding the following clause:

"(f) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

17. By-law No. 4677 is amended in Section 3.2 by deleting the period at the end of clause (f) and substituting it with a semi-colon and by adding the following clause:

"(g) where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause shall not apply to walls in existence prior to March 14, 2000."

18. The By-laws listed below are each amended in Section 3 by adding the following section:

"3.3 Where exterior walls greater than 152 mm in thickness have been recommended by a Building Envelope Professional as defined in the Building By-law, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, shall be excluded in the computation of floor space ratio, except that this section shall not apply to walls in existence prior to March 14, 2000."

4. TEXT AMENDMENT: SNRF ZONING AND DEVELOPMENT BY-LAW REVISIONS

An application by the Director of Planning was considered as follows:

Summary: To amend the definitions of Special Need Residential Facilities (SNRF) in the Zoning & Development By-law and make consequential changes to the Zoning & Development By-law and relevant CD-1 By-laws; amend references in the Downtown Eastside/Oppenheimer, Rental Housing Stock and First Shaughnessy Official Development Plan By-laws; and amend the Parking By-law. These are housekeeping amendments to update the definitions.

The Directors of Social Planning, Planning, Development Services, Housing Centre, Legal Services, and General Manager of Engineering Services recommended approval.

Also before Council was a memorandum from Anne Kloppenborg, Social Planning, dated May 20, 2008, which noted an addition to Appendix B of the Policy Report "Special Needs Residential Facilities: Amendments to Definitions and Guidelines" dated April 15, 2008, in order to conform with the draft By-laws prepared by staff.

Staff Opening Comments

Anne Kloppenborg, Social Planning, reviewed the application, including the memo distributed with the agenda package for the Public Hearing.
