4 Density

4.1 In sub-area 1, the total floor area for all uses, combined, must not exceed 16 444 m².

4.2 In sub-area 2, the total floor area for all uses, combined, must not exceed 14 847 m².

4.3 Computation of floor area must include:

- (a) all floors having a minimum ceiling height of 1.2 m, including earthen floor, both above and below ground, measured to the extreme outer limits of the building;
- (b) stairways, fire escapes, elevator shafts, and other features which the Director of Planning considers similar, measured by their gross cross-sectional areas and included in the measurements for each floor at which they are located; and
- (c) in the case of dwelling uses, if the distance from a floor to the floor above or, in the absence of a floor above, to the top of the roof rafters or deck exceeds 4.3 m, an additional amount equal to the area of the floor area below the excess height except for additional amounts that represent undeveloped floor areas beneath roof elements which the Director of Planning considers to be for decorative purposes and to which there is no means of access other than a hatch, residential lobbies, and mechanical penthouses.

4.4 Computation of floor area must exclude:

- (a) open residential balconies or sundecks, and any other appurtenances which, in the opinion of the Director of Planning, are similar to the foregoing, except that the total area of all exclusions must not exceed 8% of the residential floor area being provided;
- (b) patios and roof gardens, if the Director of Planning first approves the design of sunroofs and walls;
- (c) where floors are used for off-street parking, the taking on or discharging of passengers, bicycle storage, heating and mechanical equipment, or uses which in the opinion of the Director of Planning are similar to the foregoing, those floors or portions thereof so used, which are at or below base surface, except that the maximum exclusion for a parking space must not exceed 7.3 m in length;
- (d) where floors are used for off-street loading, or uses which in the opinion of the Director of Planning are similar to the foregoing, those floors or portions thereof so used;
- (e) undeveloped floor area located above the highest storey or half-storey with a ceiling height of less than 1.2 m, and to which there is no permanent means of access other than a hatch;
- (f) all residential storage space above or below base surface, except that if the residential storage space above base surface exceeds 3.7 m² for a dwelling unit, there is to be no exclusion for any of the residential storage space above base surface for that unit;
- (g) amenity areas for the social and recreational enjoyment of residents and employees, or providing a service to the public, including facilities for general fitness, general recreation, and child day care facilities, except that:
 - (i) the total area excluded must not exceed the lesser of 20% of the permitted floor space or 1 000 m², and
 - (ii) in the case of a child day care centre, the Director of Planning, on the advice of the Director of Social Planning, is satisfied of the need for the facility in the immediate neighbourhood; and

- (h) where a Building Envelope Professional as defined in the Building By-law has recommended exterior walls greater than 152 mm in thickness, the area of the walls exceeding 152 mm, but to a maximum exclusion of 152 mm thickness, except that this clause is not to apply to walls in existence before March 14, 2000.

4.5 Computation of floor area may exclude, at the discretion of the Director of Planning or Development Permit Board:

- (a) enclosed residential balconies if the Director of Planning or Development Permit Board first considers all applicable policies and guidelines adopted by Council, and approves the design of any balcony enclosure, except that:
 - (i) the total area of all open and enclosed balcony or sundeck exclusions must not exceed 8% of the residential floor area being provided, and
 - (ii) enclosure of the excluded balcony floor area must not exceed 50%;
- (b) interior public space, including atria and other similar spaces, except that:
 - (i) the excluded area must not exceed the lesser of 10% of the permitted floor area and 600 m²,
 - (ii) a covenant and right of way in favour of the city, which sets out public access and use, must secure the excluded area, and
 - (iii) the Director of Planning must first consider all applicable policies and guidelines adopted by Council; and
- (c) exterior courtyards enclosed on all sides that provide amenity or landscaped open space.

7 Acoustics

All development permit applications require evidence in the form of a report and recommendations prepared by a person trained in acoustics and current techniques of noise measurement, demonstrating that the noise levels in those portions of dwelling units listed below do not exceed the noise level set opposite such portions. For the purposes of this section, the noise level is the A-weighted 24-hour equivalent (Leq) sound level and is defined simply as noise level in decibels.

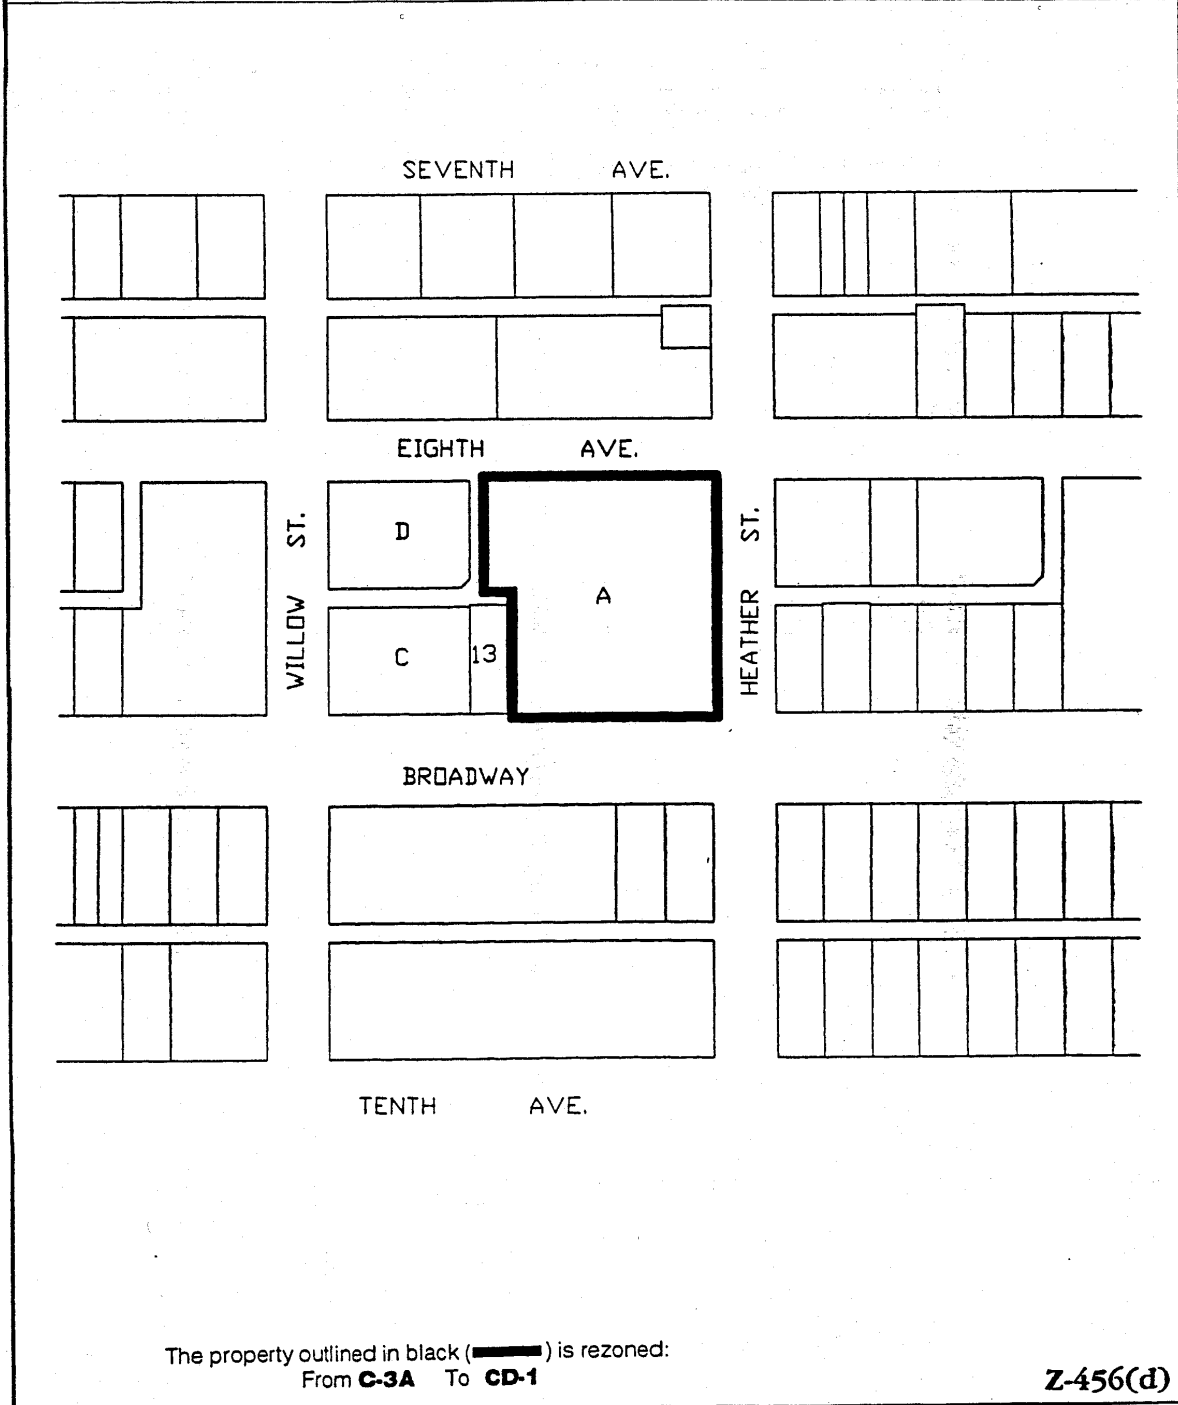

Portions of dwelling units	Noise levels (Decibels)
bedrooms	35
living, dining, recreation rooms	40
kitchen, bathrooms, hallways	45
